Re: TransCanada Keystone Pipeline, LP
Case No. 06-421
Route Corridor & Route Permit Applications

Dear Sirs/Madams:

On November 15, 2007 the applicant requested copies of the docket sheets in the captioned case as well as copies of all docketed items subsequent to October 30, 2007. Since the letter does not indicate that a copy of the request letter was sent to all intervenors, a copy is included with this mailing. Also included in this mailing are the copies of the docket and the docketed items requested by the applicant.

Please note that in a previous mailing dated November 7, 2007, Notice of Intent to Consider Materials Not Considered at Previous Hearing, the intervenors received a large packet of materials which was subsequently docketed to our file as item number 248. Because item 248 contains a variety of documents with many docket numbers, it has been set apart in its entirety by blue slip sheets in an effort to avoid confusing the reader.

If you have questions or need additional information, please contact me.

Best regards,

Illona Jeffcoat-Sacco
