Subject: PSC Ruling

I was delivered a written response from the PSC in regards to the hearings that were held in Feb. of 2015 against Northern Excavating on Wed. April 8, 2015 and have reviewed the findings as they have been written and do not agree with these decisions and at this time I am formally notifying you that we want to appeal this decision. Please forward this information along to the respective parties and please notify us on your procedures to follow. Please remember as the notification given to the PSC prior to the hearings, that Northern Excavating is no longer in business as of 12/18/2014 thru a decision by its board of directors. Thank You

Rob Lindberg
Construction Engineer
