NOTES:

\* Unless otherwise indicated, all rates are pursuant to the U S WEST and AT&T Interconnection Agreement approved by the North Dakota Public Utilities Commission in Docket Number PU-453-96-497, effective June 23, 1997.

# Denotes voluntary rate reduction.

## Additional reduction to the voluntary reductions reflected in the August 5, 2002 exhibit.

[1] Rates not addressed in AT&T Arbitration. (TELRIC)

[2] Market-based rates.

[3] ICB, Individual Case Basis pricing.

[4] Rates per FCC Guidelines.

[5] Intentionally Left Blank

[6] Estimated TELRIC.

[7] Deaveraged rates approved per Stipulated Agreement in Docket PU-314-97-12. Below is a breakdown of wire center per zone:

Zone 1- Fargo, Grand Forks, Bismarck, West Fargo, Jamestown, Williston, Wahpeton, Manden, Dickinson.

Zone 2- Valley City, Grafton, Mayville, Larimore, Lisbon, Casselton

Zone 3- Emerado, Pembina, Hatton, Belfield, Minto, Watford City, Hillsboro, Kindred, Thompson, Northwood, Gwinner, Reynolds, Gardner, Manvel, Fairmount, Wyndmere, Leonard, Alexander

[8] Regional TELRIC

[9] A special request is a request by the customer to perform something that is technically feasible but the process and pricing are not yet in place.

[10] Rate agreed to with staff pending resolution of wire cable termination policy review.

[11] When distribution is purchased only for the purpose of campus wire, no recurring or nonrecurring charges will be assessed. This does not include collocation charges or FCP placement.

[12] The preliminary engineering and planning costs are included in the caged and cageless space construction charges. These engineering and planning charges are also included in the caged and cageless quote preparation fees. Upon completion of the collocation construction, the quote preparation fee (QPF) will be credited to the final space construction charge for the collocation job. The credit will apply to whichever QPF is applied. This exhibit currently lists multiple QPFs based on what has been proposed on the cost docket and what was approved in the AT&T interconnection agreement. CLEC may choose either QPF at this time.

[13] Qwest will not charge for this element until the Commission has an opportunity to review and approve a rate in a cost proceeding.
