

## NORTH DAKOTA FACILITY-BASED GRAIN BUYER BOND

### Bond Calculation Worksheet

Use this worksheet to calculate your required bond. The attached bond chart can be used as a guide. Your required bond filing will be determined as follows:

New Licensee – licensee's projected annual grain purchase volume.

Licensed 1 year – total annual grain purchase volume.

Licensed 2 years – actual 2-year average of total annual grain purchase volume.

Licensed 3 years – actual 3-year average of total annual grain purchase volume.

Licensed more than 3 years – a 3-year rolling average of total annual grain purchase volume.

Grain purchase volume per above: \_\_\_\_\_ bushels

50¢ per bushel for total annual  
grain purchase volume up to  
and including 100,000 bushels:

\$ \_\_\_\_\_

+

20¢ per bushel for each bushel by  
which the licensee's total annual  
grain purchase volume exceeds  
100,000 bushels up to and  
including 1,000,000 bushels:

\$ \_\_\_\_\_

+

5¢ per bushel for each bushel by  
which the licensee's total annual  
grain purchase volume  
exceeds 1,000,000 bushels:
