

NORTH DAKOTA PUBLIC SERVICE COMMISSION  
March 22, 2006

**Montana-Dakota Utilities Co., A Division  
of MDU Resources Group, Inc.  
April 2006  
Cost of Gas Adjust. Propane**

**PU-06-93  
Filed 03/10/2006**

MDU is decreasing its Cost of Gas Adjustment by \$1.098 per dekatherm (dk) compared to last month. The Cost of Gas Adjustment will change from \$11.956 per dk to \$10.858 per dk. The revised cost of gas adjustment will be applied to propane gas bills issued during April 2006 to Hettinger customers.

The commodity cost change is a result of the lowest price MDU obtained from its regional bulk wholesale propane suppliers. The change in the price of propane is generally driven by a combination of crude oil and natural gas prices, weather, demand, and inventory levels.

For residential customer usage of 8.0 dk (representative of April), the cost of propane gas in the bill will be approximately \$8.78 lower than last month and \$15.79 higher than April 2005. There were 321 propane customers in Hettinger as of February 28, 2006.

The Department of Energy's (DOE) Energy Information Administration (EIA) provides various publications on energy issues. The information is available on the website: <http://www.eia.doe.gov>.
