

## Great Plains Natural Gas Co. Residential Cost of Gas

### About the Cost of Gas Adjustment

- The Cost of Gas is the cost the company pays for the gas they provide to customers.
- Utility companies are allowed to pass on the cost of gas to customers and they do not make a profit on the gas itself.
- The Cost of Gas is charged on customers' bills for each thousand cubic feet (mcf) of gas consumed. Effective May 6, 2014, the Cost of Gas is charged on customers' bills changed from billing for each thousand cubic feet (mcf) of gas to billing for each dekatherm (dk) of gas consumed.
