**PUBLIC SERVICE COMMISSION**

**Northern States Power Company  
2021 Natural Gas Rate Increase  
Application**

**Case No. PU-21-381**

**NOTICE OF PUBLIC INPUT SESSIONS**

**December 15, 2021**

Public Input Sessions on the application in the case enumerated above will be held on **February 2, 2022 at 12:00 p.m. central time** and **February 2, 2022 at 5:30 p.m. central time in the Commission Hearing Room, 12<sup>th</sup> Floor, State Capitol, Bismarck, North Dakota 58505.**

On September 2, 2021, Northern States Power Company, dba Xcel Energy, (NSP) filed with the Commission an increase in rates for natural gas service. NSP's rate filing results in an increase in its annual North Dakota natural gas service revenue of \$7.1 million or 10.5 percent. Interim rates subject to refund were approved on October 20, 2021.

The issues to be considered in this matter are:

1. What is the value of NSP's property, used and useful, for the service and convenience of the public in North Dakota?
2. What is NSP's rate of return on its property, used and useful, for the service and convenience of the public in North Dakota?
3. What is a just and reasonable rate of return on NSP's property, used and useful, for the service and convenience of the public in North Dakota?
4. What rates and charges are necessary to provide a just and reasonable rate of return on NSP's property, used and useful, for the service and convenience of the public in North Dakota?
5. Are NSP's rate schedules designed in such a manner that they result in a basis of charge to its customers that is just and reasonable without discrimination?

A public input session is not considered part of the technical hearing and the discussion at the session will not become part of the evidence reviewed by the Commission in making its decision. However, the discussion will aid the Commission and its staff in identifying areas of concern to members of the public and help customers better understand NSP's request.
