Case No. PU-13-871

**NOTICE OF HEARING
February 26, 2014**

On November 25, 2013, Montana-Dakota Utilities Co., a Division of MDU Resources Group, Inc., filed an application to extend electric service to Menard, Inc. at a location in Section 33, T 139N, R 77W, Burleigh County, North Dakota. On January 16, 2014, a Protest and request for hearing was received from Capital Electric Cooperative, Inc.

Please take notice that a public hearing on these matters will be held **Friday, May 2, 2014, at 8:30 a.m. CDT, in the Commission Hearing Room, 12th Floor, State Capitol, Bismarck, North Dakota 58505.** The issues to be considered are:

1. From whom do the customers prefer electric service?
2. What electric suppliers are operating in the general area?
3. What electric supply lines exist within at least a two-mile radius of the location to be served, and when were they constructed?
4. What customers are served by electric suppliers within at least a two-mile radius of the location to be served?
5. What are the differences, if any, between the electric suppliers available to serve the area with respect to reliability of service?
6. Which of the available electric suppliers will be able to serve the location in question more economically and still earn an adequate return on its investment?
7. Which supplier's extended electric service would best serve orderly and economic development of electric service in the general area?
8. Would approval of the applications result in wasteful duplication of investment or service?
9. Is it probable that the location in question will be included within the corporate limits of a municipality within the foreseeable future?
10. Will service by either of the electric supplier in the area unreasonably interfere with the service or system of the other?
