RE: Case No. PU-2459-00-640  
Continental F. S. Communications/Qwest Corporation  
Interconnection Agreement  
Application

Enclosed is a copy of the statement approved at the March 14, 2001 Public Service Commission meeting for the expenses incurred to date in Case No. PU-2459-00-640.

Under N.D.C.C. 49-21-01.7, these expenses are billed through the Valuation Fund and must be paid for by the telecommunications company involved.

Please make your check payable to the Public Service Commission.

Sincerely,

Gloria Geiger  
Administrative Assistant  
701-328-2401

**SANDRA L. SCOTT**  
Notary Public, STATE OF NORTH DAKOTA  
My Commission Expires JUNE 11, 2004

**MOTION**

**APPROVED**

**February 21, 2001**

DATE: 2-21-01  
KMF

**Continental F.S. Communications/Qwest Corp.  
Interconnection Agreement  
Application**

**Case No. PU-2459-00-640**

I move the Commission adopt the Order approving an interconnection agreement negotiated between Qwest Corporation and Continental F.S. Communications, Case No. PU-2459-00-640.

JRL/Sdh

**STATE OF NORTH DAKOTA  
PUBLIC SERVICE COMMISSION**

**Continental F.S. Communications/Qwest Corp.  
Interconnection Agreement  
Application**

**Case No. PU-2459-00-640**

**ORDER**

**February 21, 2001**

On November 27, 2000, Qwest Corporation Communications, Inc. (Qwest) filed an application for approval of a service resale agreement negotiated with Continental F.S. Communications of Dering NM. The agreement sets forth rates, terms and conditions under which Qwest agrees to provide services for resale.

The agreement was filed under Section 252(e) of the Telecommunications Act of 1996 (Act). The Act requires that any agreement adopted by negotiation or arbitration be submitted for approval to the Commission. Under section 252(e)(2)(A), the Commission may only reject an agreement (or portion thereof) adopted by negotiation if it finds that:

1. the agreement (or portion thereof) discriminates against a telecommunications carrier that was not a party to the agreement;
2. the implementation of the agreement (or portion thereof) is not consistent with the public interest, convenience, and necessity.

In addition, the Commission may include in its review state requirements that do not constitute barriers to entry under section 253. Section 252(e)(4) requires that the Commission must act to approve or reject an agreement adopted by negotiation within ninety (90) days after submission by the parties.

On December 20, 2000, the Commission issued a Notice of Opportunity to File Written Comments, which provided that the Commission would receive written comments on the agreement until January 25, 2001. No comments have been received.

The Commission has reviewed the agreement and finds that it has not been shown to discriminate against a telecommunications carrier that was not a party to the agreement. The Commission further finds that implementation of the agreement has not been shown to be inconsistent with the public interest, convenience and necessity.

## Order

The Commission orders:

1. The service resale agreement negotiated between Qwest Corporation and Continental F.S. Communications, filed with the Commission on November 27, 2000, is APPROVED.
2. The Commission retains continuing jurisdiction over the agreement at all times.
3. Notice of any changes to the agreement must be filed promptly with the Commission.
4. The agreement must not be assigned, assumed or otherwise transferred without the approval of the Commission.
5. Each party to the agreement shall respond reasonably and in good faith to the other party's requests to implement the agreement.

**NOTICE OF OPPORTUNITY TO FILE WRITTEN COMMENTS**

**December 20, 2000**

On November 27, 2000, in Case No. PU-2456-00-637, Qwest Corporation Communications, Inc. (Qwest) filed applications for approval of an interconnection agreement negotiated with USA Digital, Inc. of Orlando, FL. The agreement sets forth rates, terms or conditions for interconnection of facilities and access to unbundled network elements, ancillary services and services for resale.

Also on November 27, 2000, Qwest filed applications for approval of service resale agreements negotiated with Flatel, Inc. of West Palm Beach, FL (Case No. PU-2457-00-638), Definitive Computer Services, Inc. of Dickinson, ND (Case No. PU-2458-00-639), and Continental F.S. Communications of Dering NM (Case No. PU-2459-00-640). On December 11, 2000, Quest filed for approval of a service resale agreement negotiated with 1-800 RECONEX, Inc. of Hubbard, OR. These agreements set forth rates, terms and conditions under which Qwest agrees to provide services for resale.

On December 1, 2000, in Case No. PU-2463-00-653, Qwest filed an application for approval of a negotiated second amendment to its interconnection agreement with

Integra Telecom of North Dakota, Inc. The amendment sets forth rates terms or conditions for collocation, unbundled loop database and order provisioning, shared loops, and customer care standards.

These agreements were filed under Section 252(e) of the Telecommunications Act of 1996 (Act). The Act requires that any agreement adopted by negotiation or arbitration be submitted for approval to the Commission. Under section 252(e)(2)(A), the Commission may only reject an agreement (or portion thereof) adopted by negotiation if it finds that:

1. the agreement (or portion thereof) discriminates against a telecommunications carrier that was not a party to the agreement;
2. the implementation of the agreement (or portion thereof) is not consistent with the public interest, convenience, and necessity.

In addition, the Commission may include in its review state requirements that do not constitute barriers to entry under section 253. Section 252(e)(4) requires that the Commission must act to approve or reject an agreement adopted by negotiation within ninety (90) days after submission by the parties.

**The Commission will receive written comments on these agreements until January 25, 2001.** For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify Jon Mielke, Executive Secretary.

Executive Secretary  
Jon H. Mielke

William Punchard  
Continental F S Communications  
702 W 1<sup>st</sup> St  
Deming NM 88030

Dear Mr. Punchard:

We have received an interconnection agreement between Qwest Corporation and Continental F.S. Communications. In the agreement you state you are a reseller. However, in North Dakota, you have not applied for certification as a reseller.

We will process your interconnection agreement, but before you can provide telecommunications services in North Dakota, you are required to apply for a Certificate of Registration for switchless local resale, and/or a Certificate of Public Convenience and Necessity for facilities-based local services.

I have enclosed an application form for registration as a reseller, an example of a facilities-based application, and all other rules and laws that apply. You are also required to apply to the North Dakota Secretary of State's office for authority to do business in North Dakota, and provide us with a copy of those papers, including an original Certificate of Good Standing. You can complete that process by calling the North Dakota Secretary of State's office at 701-328-2900.

Tariffs are required for CLECs (see N.D.C.C. 49-21-04 attached). If a local exchange reseller requires prepayments, the bond amount is \$25,000. A copy of the PSC policy relating to bonds for local exchange resellers is enclosed.

If you have any questions, please call me at 701-328-4076.

Sincerely,

Sharon Helbling  
Public Utilities Division

## PART A - GENERAL TERMS

This Resale Agreement is between Continental F.S. Communications ("RESELLER"), a New Mexico Sole Proprietorship, and Qwest Corporation (f.d.b.a. U S WEST Communications, Inc.) ("Qwest"), a Colorado corporation.

### (A)1. SCOPE OF AGREEMENT

(A)1.1 Pursuant to this negotiated Resale Agreement ("Agreement"), RESELLER and Qwest (collectively, "the Parties") will extend certain arrangements to one another within the geographical areas where Qwest is the incumbent Local Exchange Carrier within the state of North Dakota for purposes of providing the resale of local Telecommunications Services. This Agreement or the portions of this Agreement relative to a particular state will be submitted to the North Dakota Public Service Commission ("Commission") for approval. Notwithstanding this mutual commitment, however, the Parties enter into this Agreement without prejudice to any positions they have taken previously, or may take in the future in any legislative, regulatory, or other public forum addressing any matters, including matters related to the types of arrangements prescribed by this Agreement.

(A)1.2 The provisions in this Agreement are based, in large part, on the existing state of the law, rules, regulations and interpretations thereof, as of the date hereof (the "Existing Rules"). Among the Existing Rules are or could be the results of arbitrated decisions by the Commission which are currently being challenged by Qwest. Among the Existing Rules are certain FCC rules and orders that are the subject of, or affected by, the opinion issued by the Supreme Court of the United States in *AT&T Corp., et al. v. Iowa Utilities Board, et al.* on January 25, 1999. Nothing in this Agreement shall preclude or stop Qwest from taking any position in any forum concerning the proper interpretation or effect of the Existing Rules or concerning whether the Existing Rules should be changed, dismissed, stayed or modified. To the extent that the Existing Rules are changed, vacated, dismissed, stayed or modified, then the Parties shall amend this Agreement and all contracts adopting all or part of this Agreement pursuant to Section 252(i) of the Act, shall be amended to reflect such modification or change of the Existing Rules. Where the Parties fail to agree upon such an amendment, it shall be resolved in accordance with the Dispute Resolution provision of this Agreement. It is expressly understood that this Agreement will be corrected to reflect the outcome of generic pricing proceedings by the Commission. This Section (A)1.2 shall be considered part of the rates, terms and conditions of each service resale arrangement contained in this Agreement, and this Section (A)1.2 shall be considered legitimately related to the purchase of each service for resale arrangement contained in this Agreement.

(A)1.3 This Agreement is entered into as a result of both private negotiations between the Parties and the incorporation of some of the results of arbitrated decisions by the Commission, acting pursuant to Section 252 (b) of the Act, and involving interconnection/resale agreements of other parties. The Parties have included for convenience certain rates, terms or conditions in this Agreement which reflect

rates, terms or conditions established in some or all of those other arbitrations. RESELLER acknowledges: (1) that those rates, terms or conditions are extended only because of the arbitrated results in other dockets, (2) that Qwest intends to appeal certain of those decisions, and (3) that any negotiations, appeal, stay, injunction or similar proceeding impacting the applicability of those rates, terms or conditions to the local service providers who were parties to those arbitrations will similarly impact the applicability of those rates, terms or conditions to RESELLER. The Parties further recognize that this Agreement is subject to the generic proceedings by the Commission addressing the services in this Agreement.

(A)1.4 This Agreement sets forth the terms, conditions and prices under which Qwest agrees to provide services for resale to RESELLER, all for the sole purpose of providing Telecommunications Services.

(A)1.5 In the performance of their obligations under this Agreement, the Parties shall act in good faith and consistently with the intent of the Act. Where notice, approval or similar action by a Party is permitted or required by any provision of this Agreement, (including, without limitation, the obligation of the Parties to further negotiate the resolution of new or open issues under this Agreement) such action shall not be unreasonably delayed, withheld or conditioned.

(A)1.6 Qwest may make services and features available to RESELLER for resale under this Agreement consistent with the way they are available to Qwest end users, without a formal amendment to this Agreement. Nothing herein prevents either Party from raising other issues through additional good faith negotiations.

(A)1.7 This Agreement is structured in the following format:

- Part A - General Terms
- Part B - Resale
- Part C - Directory Services
- Part D - Miscellaneous Provisions
- Part E - Rates
- Part F - Signature

(A)1.8 Prior to placing any orders for services under this Agreement, the Parties will jointly complete Qwest's "Reseller Questionnaire". This questionnaire will then be used to:

- Determine geographical requirements
- Identify RESELLER Ids
- Determine Qwest system requirements to support RESELLER specific activity
- Collect credit information
- Obtain billing information
- Create summary bills
- Establish input and output requirements
- Create and distribute Qwest and RESELLER contact lists
- Identify client hours and holidays

**(A)2. DEFINITIONS**

- (A)2.1 "Act" means the Communications Act of 1934 (47 U.S.C. 151 et. seq.), as amended by the Telecommunications Act of 1996, and as from time to time interpreted in the duly authorized rules and regulations of the FCC or a Commission within its state of jurisdiction.
- (A)2.2 "Basic Exchange Features" are optional end user switched services that include, but are not necessarily limited to: Automatic Call Back; Call Trace; Caller ID and Related Blocking Features; Distinctive Ringing/Call Waiting; Selective Call Forward; and Selective Call Rejection.
- (A)2.3 "Basic Exchange Telecommunications Service" means a service offered to end users which provides the end user with a telephonic connection to, and a unique local telephone number address on the public switched telecommunications network, and which enables such end user to generally place calls to, or receive calls from, other stations on the public switched telecommunications network. Basic residence and business line services are Basic Exchange Telecommunications Services. As used solely in the context of this statement and unless otherwise agreed, Basic Exchange Telecommunications Service includes access to ancillary services such as 911, directory assistance and operator services.
- (A)2.4 "Commission" means the state regulatory agency with lawful jurisdiction over telecommunications.
- (A)2.5 "Enhanced Services" means any service offered over common carrier transmission facilities that employ computer processing applications that act on format, content, code, protocol or similar aspects of the subscriber's transmitted information; that provide the subscriber with additional, different or restructured information; or involve end user interaction with stored information.
- (A)2.6 "Interconnect & Resale Resource Guide" is a Qwest document that provides essential information needed to request services available under this Agreement. It is available on Qwest's Web site.
- (A)2.7 "Interexchange Carrier" or "IXC" means a carrier that provides interLATA or IntraLATA Toll services.
- (A)2.8 "IntraLATA Toll" is defined in accordance with Qwest's current intraLATA toll serving areas, as determined by the Federal Communications Commission.
- (A)2.9 "Local Exchange Carrier" or "LEC" means any person that is engaged in the provision of telephone exchange service or exchange access. Such term does not include a person insofar as such person is engaged in the provision of a commercial mobile service under Section 332(c) of the Act, except to the extent that the FCC finds that such service should be included in the definition of such term.
- (A)2.10 "Party" means either Qwest or RESELLER and "Parties" means Qwest and RESELLER.

- (A)2.11 "Reseller" is a category of local exchange service provider that obtains dial tone and associated Telecommunications Services from another provider through the purchase of finished services for resale to its end users.
- (A)2.12 "Tariff" as used throughout this Agreement refers to Qwest interstate Tariffs and state Tariffs, price lists, price schedules and catalogs.
- (A)2.13 "Telecommunications Carrier" means any provider of Telecommunications Services, except that such term does not include aggregators of Telecommunications Services (as defined in Section 226 of the Act). A Telecommunications Carrier shall be treated as a common carrier under the Act only to the extent that it is engaged in providing Telecommunications Services, except that the Federal Communications Commission shall determine whether the provision of fixed and mobile satellite service shall be treated as common carriage.
- (A)2.14 "Telecommunications Services" means the offering of telecommunications for a fee directly to the public, or to such classes of users as to be effectively available directly to the public, regardless of the facilities used.
- (A)2.15 Terms not otherwise defined here, but defined in the Act shall have the meaning defined there. Where a term is defined in the regulations implementing the Act but not in this Agreement, the Parties do not necessarily intend to adopt the definition as set forth in said regulations.

### **(A)3. TERMS AND CONDITIONS**

#### **(A)3.1 General Provisions**

- (A)3.1.1 Each Party is solely responsible for the services it provides to its end users and to other Telecommunications Carriers.
- (A)3.1.2 The Parties shall work cooperatively to minimize fraud associated with intra-LATA toll, third-number billed calls, and any other services related to this Agreement.
- (A)3.1.3 Nothing in this Agreement shall prevent either Party from seeking to recover the costs and expenses, if any, it may incur in (a) complying with and implementing its obligations under this Agreement, the Act, and the rules, regulations and orders of the FCC and the Commission, and (b) the development, modification, technical installation and maintenance of any systems or other infrastructure which it requires to comply with and to continue complying with its responsibilities and obligations under this Agreement.

#### **(A)3.2 Term of Agreement**

This Agreement shall become effective upon Commission approval, pursuant to Sections 251 and 252 of the Act, shall terminate on September 14, 2002, and shall be binding upon the Parties during that term, notwithstanding Section 252(i) of the Act. After the date specified above, this Agreement shall continue in force and

effect until terminated by either Party providing one hundred sixty (160) days written notice of termination to the other Party. The day the notice is served will determine the starting point for a 160-day negotiation period (in accordance with 252(b)1 of the Act. In the event of such termination, existing or pending service arrangements made available under this Agreement shall continue in total without interruption under either a) a new or adoption agreement executed by the Parties, or b) tariff terms and conditions generally available to all resellers.

(A)3.2.1 If the Parties are unable to negotiate a new agreement during the negotiation period described above, the window of opportunity to file for arbitration to resolve outstanding contractual issues in accordance with the Act will occur between days 135 and 160 of the 160 day notice period.

(A)3.2.2 If the Parties are able to reach agreement, this Agreement shall continue for the brief period of time needed to secure the Commission's approval of an adoption agreement or a new resale agreement. In the case of Section (A)3.2.1, this Agreement will expire on the termination date specified in the one hundred sixty (160) day notice referenced above, unless a petition for arbitration has been filed, but if such a petition has been filed then this Agreement shall continue for the period necessary for the Commission to act and resolve the disputed issues so that the Parties will have an effective resale agreement.

### **(A)3.3 Proof of Authorization**

Where so indicated in specific sections of this Agreement, each party shall be responsible for obtaining and having in its possession Proof of Authorization ("POA"). POA shall consist of verification of the end user's selection and authorization adequate to document the end user's selection.. Such selection may be obtained in the following ways:

(A)3.3.1 The end user's written Letter of Authorization.

(A)3.3.2 The end user's electronic authorization by use of an 1-8XX number.

(A)3.3.3 The end user's oral authorization verified by an independent third party (with third party verification as POA).

The Parties shall make POAs available to each other upon request, in accordance with the applicable laws and rules. Unless prohibited by applicable laws or regulations, a charge of \$100.00 ("slamming charge") will be assessed if the POA cannot be provided supporting the change in service provider. If there is a conflict between the end user designation and the other Party's written evidence of its authority, the Parties shall honor the designation of the end user and change the end user back to the previous service provider.

**(A)3.4 Payment**

(A)3.4.1 Amounts payable under this Agreement are due and payable within thirty (30) calendar days after the date of Qwest's invoice, or within twenty (20) days after receipt of the invoice, whichever is later. If the payment due date is not a Business Day, the payment shall be made the next Business Day..

Qwest may discontinue processing orders for the failure by RESELLER to make full payment for the services provided under this Agreement within thirty (30) days of the due date on RESELLER's bill.

Qwest may disconnect for the failure by RESELLER to make full payment for the services provided under this Agreement within sixty (60) days of the due date on RESELLER's bill. RESELLER will pay the Tariff charge required to reconnect each end user line disconnected pursuant to this paragraph.

(A)3.4.2 Should RESELLER dispute, in good faith, any portion of the monthly billing under this Agreement, RESELLER will notify Qwest in writing within thirty (30) calendar days of the receipt of such billing, identifying the amount, reason and rationale of such dispute. RESELLER shall pay all amounts due. Both RESELLER and Qwest agree to expedite the investigation of any disputed amounts in an effort to resolve and settle the dispute prior to initiating any other rights or remedies. Should the dispute be resolved in RESELLER's favor and the resolved amount did not appear as a credit on RESELLER's next invoice from Qwest, Qwest will reimburse RESELLER the resolved amount plus interest from the date of payment. The amount of interest will be calculated using the late payment factor that would have applied to such amount had it not been paid on time.

(A)3.4.3 Qwest will determine RESELLER's credit status based on previous payment history with Qwest or credit reports such as Dun and Bradstreet. If RESELLER has not established satisfactory credit with Qwest or if RESELLER is repeatedly delinquent in making its payments, Qwest may require a deposit to be held as security for the payment of charges. "Repeatedly delinquent" means being thirty (30) calendar days or more delinquent for three (3) consecutive months. The deposit may not exceed the estimated total monthly charges for a two (2) month period. The deposit may be a surety bond, a letter of credit with terms and conditions acceptable to Qwest or some other form of mutually acceptable security such as a cash deposit. Required deposits are due and payable within ten (10) calendar days after demand in accordance with Commission requirements.

- (A)3.4.4 Interest will be paid on cash deposits at the rate applying to deposits under applicable Commission rules, regulations, or Tariffs. Cash deposits and accrued interest will be credited to RESELLER's account or refunded, as appropriate, upon the earlier of the termination of this Agreement or the establishment of satisfactory credit with Qwest, which will generally be one (1) full year of timely payments in full by RESELLER. The fact that a deposit has been made does not relieve RESELLER from any requirements of this Agreement.
- (A)3.4.5 Qwest may review RESELLER's credit standing and modify the amount of deposit required.
- (A)3.4.6 The late payment charge for amounts that are billed under this Agreement shall be in accordance with state Tariffs/Commission Rules and Orders.

**(A)3.5 Taxes**

Each Party purchasing services hereunder shall pay or otherwise be responsible for all federal, state, or local sales, use, excise, gross receipts, transaction or similar taxes, fees or surcharges levied against or upon such purchasing Party (or the providing Party when such providing Party is permitted to pass along to the purchasing Party such taxes, fees or surcharges), except for any tax on either Party's corporate existence, status or income. Whenever possible, these amounts shall be billed as a separate item on the invoice. To the extent a sale is claimed to be for resale tax exemption, the purchasing Party shall furnish the providing Party a proper resale tax exemption certificate as authorized or required by statute or regulation by the jurisdiction providing said resale tax exemption. Until such time as a resale tax exemption certificate is provided, no exemptions will be applied.

**(A)3.6 Force Majeure**

Neither Party shall be liable for any delay or failure in performance of any part of this Agreement from any cause beyond its control and without its fault or negligence including, without limitation, acts of nature, acts of civil or military authority, government regulations, embargoes, epidemics, terrorist acts, riots, insurrections, fires, explosions, earthquakes, nuclear accidents, floods, work stoppages, equipment failure, power blackouts, volcanic action, other major environmental disturbances, unusually severe weather conditions, inability to secure products or services of other persons or transportation facilities or acts or omissions of transportation carriers (collectively, a "Force Majeure Event"). The Party affected by a Force Majeure Event shall give prompt notice to the other Party, shall be excused from performance of its obligations hereunder on a day to day basis to the extent those obligations are prevented by the Force Majeure Event, and shall use reasonable efforts to remove or mitigate the Force Majeure Event. In the event of a labor dispute or strike the Parties agree to provide service to each other at a level equivalent to the level they provide themselves.

**(A)3.7 Limitation of Liability**

- (A)3.7.1 Except for losses relating to or arising out of any act or omission in its performance of services or functions provided under this Agreement, each Party shall be liable to the other for direct damages for any loss, defect or equipment failure resulting from the causing Party's conduct or the conduct of its agents or contractors in performing the obligations contained in this Agreement.
- (A)3.7.2 Neither Party shall be liable to the other for indirect, incidental, consequential, or special damages, including (without limitation) damages for lost profits, lost revenues, lost savings suffered by the other Party regardless of the form of action, whether in contract, warranty, strict liability, tort, including (without limitation) negligence of any kind and regardless of whether the Parties know the possibility that such damages could result.
- (A)3.7.3 Except for indemnity obligations, each Party's liability to the other Party for any loss relating to or arising out of any act or omission in its performance of services or functions provided under this Agreement, whether in contract or in tort, shall be limited to the total amount that is or would have been charged to the other Party by such breaching Party for the service(s) or function(s) not performed or improperly performed.
- (A)3.7.4 Nothing contained in this Section shall limit either Party's liability to the other for intentional, malicious misconduct.
- (A)3.7.5 Nothing contained in this Section shall limit either Party's obligations of indemnification as specified in the Indemnity Section of this Agreement.
- (A)3.7.6 Neither Party shall be liable to the other under any theory including indemnity on account of such Party's failure or neglect to have or maintain a system or systems that are Year 2000 compliant. As the Parties approach the Year 2000, date information associated with any interfaces between the Parties is expected to remain as it is.

**(A)3.8 Indemnity**

- (A)3.8.1 With respect to third party claims, the Parties agree to indemnify each other as follows:
  - (A)3.8.1.1 Except for claims made by end users of one Party against the other Party, which claims are based on defective or faulty services provided by the other Party to the one Party, each of the Parties agree to release, indemnify, defend and hold harmless the other Party and each of its officers, directors, employees and agents (each an "Indemnitee") from and against and in respect

of any loss, debt, liability, damage, obligation, claim, demand, judgment or settlement of any nature or kind, known or unknown, liquidated or unliquidated including, but not limited to, costs and attorneys' fees, whether suffered, made, instituted, or asserted by any other party or person, for invasion of privacy, personal injury to or death of any person or persons, or for loss, damage to, or destruction of property, whether or not owned by others, resulting from the indemnifying Party's performance, breach of applicable law, or status of its employees, agents and subcontractors; or for failure to perform under this Agreement, regardless of the form of action.

(A)3.8.1.2 Where the third party claim is made by (or through) an end user of one Party against the other Party, which claim is based on defective or faulty services provided by the other Party to the one Party then there shall be no obligation of indemnity unless the act or omission giving rise to the defective or faulty services is shown to be intentional, malicious misconduct of the other Party.

(A)3.8.1.3 If the claim is made by (or through) an end user and where a claim is in the nature of a claim for invasion of privacy, libel, slander, or other claim based on the content of a transmission, and it is made against a Party who is not the immediate provider of the Telecommunications Service to the end user (the indemnified provider), then in the absence of fault or neglect on the part of the indemnified provider, the Party who is the immediate seller of such Telecommunications Service shall indemnify, defend and hold harmless the indemnified provider from such claim.

(A)3.8.2 The indemnification provided herein shall be conditioned upon:

(A)3.8.2.1 The indemnified Party shall promptly notify the indemnifying Party of any action taken against the indemnified Party relating to the indemnification. Failure to so notify the indemnifying Party shall not relieve the indemnifying Party of any liability that the indemnifying Party might have, except to the extent that such failure prejudices the indemnifying Party's ability to defend such claim.

(A)3.8.2.2 The indemnifying Party shall have sole authority to defend any such action, including the selection of legal

counsel, and the indemnified Party may engage separate legal counsel only at its sole cost and expense.

- (A)3.8.2.3 In no event shall the indemnifying Party settle or consent to any judgment pertaining to any such action without the prior written consent of the indemnified Party.

**(A)3.9 Intellectual Property**

- (A)3.9.1 Each Party hereby grants to the other Party the limited, personal and nonexclusive right and license to use its patents, copyrights and trade secrets but only to the extent necessary to implement this Agreement or specifically required by the then applicable federal and state rules and regulations relating to Interconnection and access to telecommunications facilities and services, and for no other purposes. Nothing in this Agreement shall be construed as the grant to the other Party of any rights or licenses to trademarks.
- (A)3.9.2 The rights and licenses above are granted "AS IS" and the other Party's exercise of any such right and license shall be at the sole and exclusive risk of the other Party. Neither Party shall have any obligation to defend, indemnify or hold harmless, or acquire any license or right for the benefit of, or owe any other obligation or have any liability to, the other based on or arising from any claim, demand, or proceeding (hereinafter "claim") by any third party alleging or asserting that the use of any circuit, apparatus, or system, or the use of any software, or the performance of any service or method, or the provision of any facilities by either Party under this Agreement constitutes infringement, or misuse or misappropriation of any patent, copyright, trade secret, or any other proprietary or intellectual property right of any third party.
- (A)3.9.3 As a condition to the access or use of patents, copyrights, trade secrets and other intellectual property (including software) owned or controlled by a third party to the extent necessary to implement this Agreement or specifically required by the then applicable federal and state rules and regulations relating to Interconnection and access to telecommunications facilities and services, the Party providing access may require the other, upon written notice, from time to time, to obtain a license or permission for such access or use, make all payments in connection with obtaining such license, and provide evidence of such license.
- (A)3.9.4 Except as expressly provided in this Intellectual Property Section, nothing in this Agreement shall be construed as the grant of a license, either express or implied, with respect to any patent, copyright, logo, trademark, trade name, trade secret or any other intellectual property right now or hereafter owned, controlled or licensable by either Party.

Neither Party may use any patent, copyright, logo, trademark, trade name, trade secret or other intellectual property rights of the other Party or its affiliates without execution of a separate agreement between the Parties.

(A)3.9.5 Neither Party shall without the express written permission of the other Party, state or imply that: 1) it is connected, or in any way affiliated with the other or its affiliates, 2) it is part of a joint business association or any similar arrangement with the other or its affiliates, 3) the other Party and its affiliates are in any way sponsoring, endorsing or certifying it and its goods and services, or 4) with respect to its advertising or promotional activities or materials, that the resold goods and services are in any way associated with or originated from the other or any of its affiliates. Nothing in this paragraph shall prevent either Party from truthfully describing the network elements it uses to provide service to its end users, provided it does not represent the network elements as originating from the other Party or its affiliates.

(A)3.9.6 For purposes of resale only and notwithstanding the above, unless otherwise prohibited by Qwest pursuant to an applicable provision herein, RESELLER may use the phrase "RESELLER is a reseller of Qwest Corporation services" (the "Authorized Phrase") in RESELLER's printed materials provided:

(A)3.9.6.1 The Authorized Phrase is not used in connection with any goods or services other than Qwest services resold by RESELLER.

(A)3.9.6.2 RESELLER's use of the Authorized Phrase does not cause end users to believe that RESELLER is Qwest.

(A)3.9.6.3 RESELLER may not use the Qwest logo. The Authorized Phrase, when displayed, appears only in text form with all letters being the same font and point size. The point size of the Authorized Phrase shall be no greater than one fourth the point size of the smallest use of RESELLER's name and in no event shall exceed 8 point size.

(A)3.9.6.4 RESELLER shall provide all printed materials using the Authorized Phrase to Qwest for its prior written approval.

(A)3.9.6.5 If Qwest determines that RESELLER's use of the Authorized Phrase causes end user confusion, Qwest may immediately terminate RESELLER's right to use the Authorized Phrase.

(A)3.9.6.6 Upon termination of RESELLER's right to use the Authorized Phrase or termination of this Agreement, all permission or right to use the Authorized Phrase shall immediately cease to exist and RESELLER shall immediately cease any and all such use of the Authorized Phrase. RESELLER shall either promptly return to Qwest or destroy all materials in its possession or control displaying the Authorized Phrase.

(A)3.9.7 RESELLER acknowledges the value of the mark "Qwest" (the "Mark") and the goodwill associated therewith and acknowledges that such goodwill is a property right belonging to Qwest Communications International, Inc. (the "Owner"). RESELLER recognizes that nothing contained in this Agreement is intended as an assignment or grant to RESELLER of any right, title or interest in or to the Mark and that this Agreement does not confer any right or license to grant sublicenses or permission to third parties to use the Mark and is not assignable. RESELLER will do nothing inconsistent with the Owner's ownership of the Mark, and all rights, if any, that may be acquired by use of the Mark shall inure to the benefit of the Owner. RESELLER will not adopt, use (other than as authorized herein), register or seek to register any mark anywhere in the world which is identical or confusingly similar to the Mark or which is so similar thereto as to constitute a deceptive colorable imitation thereof or to suggest or imply some association, sponsorship, or endorsement by the Owner. The Owner makes no warranties regarding ownership of any rights in or the validity of the Mark.

**(A)3.10 Warranties**

NOTWITHSTANDING ANY OTHER PROVISION OF THIS AGREEMENT, THE PARTIES AGREE THAT NEITHER PARTY HAS MADE, AND THAT THERE DOES NOT EXIST, ANY WARRANTY, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

**(A)3.11 Assignment**

(A)3.11.1 Neither Party may assign or transfer (whether by operation of law or otherwise) this Agreement (or any rights or obligations hereunder) to a third party without the prior written consent of the other Party. Notwithstanding the foregoing, either Party may assign or transfer this Agreement to a corporate affiliate or an entity under its common control; however, if RESELLER's assignee or transferee has an interconnection agreement with Qwest, no assignment or transfer of this Agreement shall be effective without the prior written consent of Qwest. Such consent shall include appropriate resolutions of conflicts and discrepancies between the assignee's or transferee's

interconnection agreement and this Agreement. Any attempted assignment or transfer that is not permitted is void ab initio. Without limiting the generality of the foregoing, this Agreement shall be binding upon and shall inure to the benefit of the Parties' respective successors and assigns.

- (A)3.11.2 Without limiting the generality of the foregoing subsection, any merger, dissolution, consolidation or other reorganization of RESELLER, or any sale, transfer, pledge or other disposition by RESELLER of securities representing more than 50% of the securities entitled to vote in an election of RESELLER's board of directors or other similar governing body, or any sale, transfer, pledge or other disposition by RESELLER of substantially all of its assets, shall be deemed a transfer of control. If any entity, other than RESELLER, involved in such merger, dissolution, consolidation, reorganization, sale, transfer, pledge or other disposition of RESELLER has an interconnection agreement with Qwest, the Parties agree that only one agreement, either this Agreement or the interconnection agreement of the other entity, will remain valid. All other interconnection agreements will be terminated. The Parties agree to work together to determine which interconnection agreement should remain valid and which should terminate. In the event the Parties cannot reach agreement on this issue, the issue shall be resolved through the Dispute Resolution process contained in this Agreement.

**(A)3.12 Default**

If either Party defaults in the payment of any amount due hereunder, or if either Party violates any other material provision of this Agreement, and such default or violation shall continue for thirty (30) calendar days after written notice thereof, the other Party may seek relief in accordance with the Dispute Resolution provision of this Agreement. The failure of either Party to enforce any of the provisions of this Agreement or the waiver thereof in any instance shall not be construed as a general waiver or relinquishment on its part of any such provision, but the same shall, nevertheless, be and remain in full force and effect.

**(A)3.13 Disclaimer of Agency**

Except for provisions herein expressly authorizing a Party to act for another, nothing in this Agreement shall constitute a Party as a legal representative or agent of the other Party, nor shall a Party have the right or authority to assume, create or incur any liability or any obligation of any kind, express or implied, against or in the name or on behalf of the other Party unless otherwise expressly permitted by such other Party. Except as otherwise expressly provided in this Agreement, no Party undertakes to perform any obligation of the other Party whether regulatory or contractual, or to assume any responsibility for the management of the other Party's business.

**(A)3.14 Nondisclosure**

- (A)3.14.1 All information, including but not limited to specifications, microfilm, photocopies, magnetic disks, magnetic tapes, drawings, sketches, models, samples, tools, technical information, data, employee records, maps, financial reports, and market data, (i) furnished by one Party to the other Party dealing with end user specific, facility specific, or usage specific information, other than end user information communicated for the purpose of providing directory assistance or publication of directory database, or (ii) in written, graphic, electromagnetic, or other tangible form and marked at the time of delivery as "Confidential" or "Proprietary", or (iii) communicated and declared to the receiving Party at the time of delivery, or by written notice given to the receiving Party within ten (10) calendar days after delivery, to be "Confidential" or "Proprietary" (collectively referred to as "Proprietary Information"), shall remain the property of the disclosing Party. A Party who receives Proprietary Information via an oral communication may request written confirmation that the material is Proprietary Information. A Party who delivers Proprietary Information via an oral communication may request written confirmation that the Party receiving the information understands that the material is Proprietary Information.
- (A)3.14.2 Upon request by the disclosing Party, the receiving Party shall return all tangible copies of Proprietary Information, whether written, graphic or otherwise, except that the receiving Party may retain one copy for archival purposes.
- (A)3.14.3 Each Party shall keep all of the other Party's Proprietary Information confidential and shall use the other Party's Proprietary Information only in connection with this Agreement. Neither Party shall use the other Party's Proprietary Information for any other purpose except upon such terms and conditions as may be agreed upon between the Parties in writing.
- (A)3.14.4 Unless otherwise agreed, the obligations of confidentiality and non-use set forth in this Agreement do not apply to such Proprietary Information as:
- (A)3.14.4.1 was at the time of receipt already known to the receiving Party free of any obligation to keep it confidential evidenced by written records prepared prior to delivery by the disclosing Party; or
  - (A)3.14.4.2 is or becomes publicly known through no wrongful act of the receiving Party; or

- (A)3.14.4.3 is rightfully received from a third person having no direct or indirect secrecy or confidentiality obligation to the disclosing Party with respect to such information; or
  - (A)3.14.4.4 is independently developed by an employee, agent, or contractor of the receiving Party which individual is not involved in any manner with the provision of services pursuant to the Agreement and does not have any direct or indirect access to the Proprietary Information; or
  - (A)3.14.4.5 is disclosed to a third person by the disclosing Party without similar restrictions on such third person's rights; or
  - (A)3.14.4.6 is approved for release by written authorization of the disclosing Party; or
  - (A)3.14.4.7 is required to be made public by the receiving Party pursuant to applicable law or regulation provided that the receiving Party shall give sufficient notice of the requirement to the disclosing Party to enable the disclosing Party to seek protective orders.
- (A)3.14.5 Nothing herein is intended to prohibit a Party from supplying factual information about its network and Telecommunications Services on or connected to its network to regulatory agencies including the Federal Communications Commission and the Commission so long as any confidential obligation is protected.
- (A)3.14.6 Effective Date Of This Section. Notwithstanding any other provision of this Agreement, the Proprietary Information provisions of this Agreement shall apply to all information furnished by either Party to the other in furtherance of the purpose of this Agreement, even if furnished before the date of this Agreement.

### **(A)3.15 Survival**

Any liabilities or obligations of a Party for acts or omissions prior to the cancellation or termination of this Agreement; any obligation of a Party under the provisions regarding indemnification, Confidential or Proprietary Information, limitations of liability, and any other provisions of this Agreement which, by their terms, are contemplated to survive (or to be performed after) termination of this Agreement, shall survive cancellation or termination hereof.

### **(A)3.16 Dispute Resolution**

- (A)3.16.1 If any claim, controversy or dispute between the Parties, their agents, employees, officers, directors or affiliated agents should arise, and the Parties do not resolve it in the ordinary course of their dealings (the "Dispute"), then it shall be resolved in accordance with the

dispute resolution process set forth in this Section. Each notice of default, unless cured within the applicable cure period, shall be resolved in accordance herewith.

- (A)3.16.2 At the written request of either Party, and prior to any other formal dispute resolution proceedings, each Party shall designate an officer-level employee, at no less than the vice president level, to review, meet, and negotiate, in good faith, to resolve the Dispute. The Parties intend that these negotiations be conducted by non-lawyer, business representatives, and the locations, format, frequency, duration, and conclusions of these discussions shall be at the discretion of the representatives. By mutual agreement, the representatives may use other procedures, such as mediation, to assist in these negotiations. The discussions and correspondence among the representatives for the purposes of these negotiations shall be treated as Confidential Information developed for purposes of settlement, and shall be exempt from discovery and production, and shall not be admissible in any subsequent arbitration or other proceedings without the concurrence of both of the Parties.
- (A)3.16.3 If the vice-presidential level representatives have not reached a resolution of the Dispute within thirty (30) calendar days after the matter is referred to them, then either Party may demand that the Dispute be settled by arbitration. Such an arbitration proceeding shall be conducted by a single arbitrator, knowledgeable about the telecommunications industry. The arbitration proceedings shall be conducted under the then current rules of the American Arbitration Association ("AAA"). The Federal Arbitration Act, 9 U.S.C. Sections 1-16, not state law, shall govern the arbitrability of the Dispute. The arbitrator shall not have authority to award punitive damages. All expedited procedures prescribed by the AAA rules shall apply. The arbitrator's award shall be final and binding and may be entered in any court having jurisdiction thereof. Each Party shall bear its own costs and attorneys' fees, and shall share equally in the fees and expenses of the arbitrator. The arbitration proceedings shall occur in the Denver, Colorado metropolitan area. It is acknowledged that the Parties, by mutual, written agreement, may change any of these arbitration practices for a particular, some, or all Dispute(s).
- (A)3.16.4 Should it become necessary to resort to court proceedings to enforce a Party's compliance with the dispute resolution process set forth herein, and the court directs or otherwise requires compliance herewith, then all of the costs and expenses, including its reasonable attorney fees, incurred by the Party requesting such enforcement shall be reimbursed by the non-complying Party to the requesting Party.

(A)3.16.5 No Dispute, regardless of the form of action, arising out of this Agreement, may be brought by either Party more than two (2) years after the cause of action accrues.

**(A)3.17 Controlling Law**

This Agreement was negotiated by the Parties in accordance with the terms of the Act and the laws of the state where service is provided hereunder. It shall be interpreted solely in accordance with the terms of the Act and the applicable state law in the state where the service is provided.

**(A)3.18 Joint Work Product**

This Agreement is the joint work product of the Parties and has been negotiated by the Parties and their respective counsel and shall be fairly interpreted in accordance with its terms and, in the event of any ambiguities, no inferences shall be drawn against either Party.

**(A)3.19 Responsibility for Environmental Contamination**

Neither Party shall be liable to the other for any costs whatsoever resulting from the presence or release of any environmental hazard that either Party did not introduce to the affected work location. Both Parties shall defend and hold harmless the other, its officers, directors and employees from and against any losses, damages, claims, demands, suits, liabilities, fines, penalties and expenses (including reasonable attorneys' fees) that arise out of or result from (i) any environmental hazard that the indemnifying Party, its contractors or agents introduce to the work locations or (ii) the presence or release of any environmental hazard for which the indemnifying Party is responsible under applicable law.

**(A)3.20 Notices**

Any notices required by or concerning this Agreement shall be sent to the Parties at the addresses shown below:

Qwest  
Director Interconnection Compliance  
1801 California, Room 2410  
Denver, CO 80202

With copy to:  
Qwest Law Department  
Attention: General Counsel, Interconnection  
1801 California Street, 51st Floor  
Denver, CO 80202

RESELLER  
Continental F.S. Communications  
William Punchard  
702 West 1<sup>st</sup> Street  
P.O. Box 227  
Deming, NM 88030  
Ph: 505-546-9473  
Fax: 505-544-0846, ext. 15

Each Party shall inform the other of any changes in the above addresses.

**(A)3.21 Responsibility of Each Party**

Each Party is an independent contractor, and has and hereby retains the right to exercise full control of and supervision over its own performance of its obligations under this Agreement and retains full control over the employment, direction, compensation and discharge of all employees assisting in the performance of such obligations. Each Party will be solely responsible for all matters relating to payment of such employees, including compliance with social security taxes, withholding taxes and all other regulations governing such matters. Each Party will be solely responsible for proper handling, storage, transport and disposal at its own expense of all (i) substances or materials that it or its contractors or agents bring to, create or assume control over at work locations or, (ii) waste resulting therefrom or otherwise generated in connection with its or its contractors' or agents' activities at the work locations. Subject to the limitations on liability and except as otherwise provided in this Agreement, each Party shall be responsible for (i) its own acts and performance of all obligations imposed by applicable law in connection with its activities, legal status and property, real or personal and, (ii) the acts of its own affiliates, employees, agents and contractors during the performance of that Party's obligations hereunder.

**(A)3.22 No Third Party Beneficiaries**

This Agreement does not provide and shall not be construed to provide third parties with any remedy, claim, liability, reimbursement, cause of action, or other privilege.

**(A)3.23 Referenced Documents**

All references to Sections shall be deemed to be references to Sections of this Agreement unless the context shall otherwise require. Whenever any provision of this Agreement refers to a technical reference, technical publication, RESELLER practice, Qwest practice, any publication of telecommunications industry administrative or technical standards, or any other document specifically incorporated into this Agreement, it will be deemed to be a reference to the most recent version or edition (including any amendments, supplements, addenda, or successors) of such document that is in effect, and will include the most recent version or edition (including any amendments, supplements, addenda, or successors) of each document incorporated by reference in such a technical

reference, technical publication, RESELLER practice, Qwest practice, or publication of industry standards. Qwest will not implement changes in the most recent version or edition in the documents described above when such changes are optional. The existing configuration of either Party's network may not be in immediate compliance with the latest release of applicable referenced documents.

**(A)3.24 Publicity**

Neither Party shall publish or use any publicity materials with respect to the execution and delivery or existence of this Agreement without the prior written approval of the other Party.

**(A)3.25 Amendment**

RESELLER and Qwest may mutually agree to amend this Agreement in writing. Since it is possible that amendments to this Agreement may be needed to fully satisfy the purposes and objectives of this Agreement, the Parties agree to work cooperatively, promptly and in good faith to negotiate and implement any such additions, changes and corrections to this Agreement.

**(A)3.26 Executed in Counterparts**

This Agreement may be executed in any number of counterparts, each of which shall be deemed an original; but such counterparts shall together constitute one and the same instrument.

**(A)3.27 Headings of No Force or Effect**

The headings of Sections of this Agreement are for convenience of reference only, and shall in no way define, modify or restrict the meaning or interpretation of the terms or provisions of this Agreement.

**(A)3.28 Regulatory Approval**

The Parties understand and agree that this Agreement will be filed with the Commission for approval. In the event the Commission rejects any portion of this Agreement, renders it inoperable or creates an ambiguity that requires further amendment, the Parties agree to meet and negotiate in good faith to arrive at a mutually acceptable modification.

**(A)3.29 Compliance**

Each Party shall comply with all federal, state, and local laws, rules and regulations applicable to its performance under this Agreement. Without limiting the foregoing, Qwest and RESELLER agree to take all action necessary to keep and maintain in full force and effect all permits, licenses, certificates, insurance, and other authorities needed to perform their respective obligations hereunder.

**(A)3.30 Compliance with the Communications Assistance for Law Enforcement Act of 1994 ("CALEA")**

Each Party represents and warrants that any equipment, facilities or services provided to the other Party under this Agreement comply with CALEA. Each Party

shall indemnify and hold the other Party harmless from any and all penalties imposed upon the other Party for such noncompliance and shall at the non-compliant Party's sole cost and expense, modify or replace any equipment, facilities or services provided to the other Party under this Agreement to ensure that such equipment, facilities and services fully comply with CALEA.

**(A)3.31 Cooperation**

The Parties agree that this Agreement involves the provision of Qwest services in ways such services were not previously available and the introduction of new processes and procedures to provide and bill such services. Accordingly, the Parties agree to work jointly and cooperatively in testing and implementing processes for pre-ordering, ordering, maintenance, provisioning and billing and in reasonably resolving issues which result from such implementation on a timely basis. Electronic processes and procedures are addressed in Part D of this Agreement.

**(A)3.32 Availability of Other Agreements**

With regard to the availability of other agreements, the Parties agree that the provisions of Section 252(i) of the Act shall apply, including state and federal, Commission and court interpretive regulations and decisions in effect from time to time.

## PART B - RESALE

### (B)1. Description

- (B)1.1 Pursuant to the Act and this Part B, Qwest shall offer for resale at wholesale rates any Telecommunications Services it provides to end users who are not Telecommunications Carriers including terms and conditions (except prices) in the Qwest Tariffs, where applicable. RESELLER may obtain intraLATA toll service from Qwest for resale or RESELLER has the option to self-provision intraLATA toll or to obtain intraLATA toll for resale from another provider.
- (B)1.2 The Parties agree that certain Qwest services are not available for resale under this Agreement and certain other Qwest services are available for resale but not at a discount, as identified in Part E or in individual state Tariffs. The availability of services and applicable discounts identified in Part E or in individual Tariffs are subject to change pursuant to the Rates and Charges sub-section of this Resale section.

### (B)2. Terms and Conditions

- (B)2.1 Basic Exchange Telecommunications Service, Basic Exchange Features, Private Line Service, Frame Relay Service and intraLATA Toll may be resold only for their intended or disclosed use and only to the same class of end user to which Qwest sells such services (e.g., residence service may not be resold to business end users). Service provided directly to RESELLER for its own use, such as administrative services, must be identified by RESELLER and RESELLER must pay the full retail rates and prices for such services.
- (B)2.2 Qwest shall provide to RESELLER Telecommunications Services for resale that are at least equal in quality, and in substantially the same time and manner that Qwest provides these services to others, including other Resellers and end users, and in accordance with any applicable Commission service quality standards, including standards the Commission may impose pursuant to Section 252 (e)(3) of the Act.
- (B)2.3 In the event that there are existing agreements between RESELLER and Qwest for resale under Qwest retail Tariff discounts, RESELLER may elect to continue to obtain services for resale under the existing agreements and retail Tariff discounts or RESELLER may elect to terminate such existing agreements and obtain such services under this Agreement with the associated wholesale discount specified in Part E of this Agreement.
- (B)2.4 In accordance with the Act, RESELLER will provide the date it will begin to offer Telecommunications Services to residential and business end users. RESELLER will provide a two (2) year forecast within ninety (90) calendar days of signing this Agreement. The forecast shall be updated and provided to Qwest on an annual basis or as requested by Qwest. Each forecast will provide:
- The date service will be offered (by city and/or state)

- The type and quantity of service(s) which will be offered
- RESELLER's anticipated number of service orders
- Name of RESELLER's key contact personnel

The information provided pursuant to this paragraph shall be considered Proprietary Information under the Nondisclosure Section of this Agreement.

- (B)2.5 RESELLER may not reserve blocks of Qwest telephone numbers, except as allowed by Tariffs.
- (B)2.6 Qwest will accept at no charge one primary listing for each main telephone number belonging to RESELLER's end user based on end user information provided to Qwest by RESELLER. Qwest will place RESELLER's listings in Qwest's directory listing database for directory assistance purposes. Additional terms and conditions with respect to directory listings are described in Part C of this Agreement.
- (B)2.7 Qwest shall provide to RESELLER, for RESELLER's end users, E911/911 call routing to the appropriate Public Safety Answering Point ("PSAP"). Qwest shall not be responsible for any failure of RESELLER to provide accurate end user information for listings in any databases in which Qwest is required to retain and/or maintain end user information.. Qwest shall provide and validate RESELLER's end user information to the Automatic Location Identification/Database Management System ("ALI/DMS"). Qwest shall use its standard process to update and maintain, on the same schedule that it uses for its end users, RESELLER's end user service information in the ALI/DMS used to support E911/911 services. Qwest assumes no liability for the accuracy of information provided by RESELLER.
- (B)2.8 If Qwest provides and RESELLER accepts operator services, directory assistance, and intraLATA long distance as a part of the resold line, it will be offered with standard Qwest branding. RESELLER is not permitted to alter the branding of these services in any manner when the services are a part of the resold line without the prior written approval of Qwest. However, at the request of RESELLER and where technically feasible, Qwest will rebrand operator services and directory assistance in RESELLER's name, provided the charges associated with such rebranding are paid by RESELLER.
- (B)2.9 RESELLER shall designate the Primary Interexchange Carrier (PIC) assignments on behalf of its end users for interLATA services and intraLATA services.
- (B)2.10 When end users switch from Qwest to RESELLER, or to RESELLER from any other Reseller, and if they do not change their service address to an address served by a different Central Office, such end users shall be permitted to retain their current telephone numbers if they so desire. Qwest shall take no action to prevent RESELLER end users from retaining their current telephone numbers.

- (B)2.11 RESELLER is liable for all fraud associated with service to its end-users and accounts. Qwest takes no responsibility, will not investigate, and will make no adjustments to RESELLER's account in cases of fraud unless such fraud is the result of any intentional act or gross negligence of Qwest. Notwithstanding the above, if Qwest becomes aware of potential fraud with respect to RESELLER's accounts, Qwest will promptly inform RESELLER and, at the direction of RESELLER, take reasonable action to mitigate the fraud where such action is possible.
- (B)2.12 Resold services are available only where facilities currently exist and are capable of providing such services without construction of additional facilities or enhancement of existing facilities. However, if RESELLER requests that facilities be constructed or enhanced to provide resold services, Qwest will review such requests on a case-by-case basis and determine if it is economically feasible for Qwest to build or enhance facilities. If Qwest decides to build or enhance the requested facilities, Qwest will develop and provide to RESELLER a price quote for the construction. Construction charges associated with resold services will be applied in the same manner that construction charges apply to Qwest's retail end users. If the quote is accepted, RESELLER will be billed the quoted price and construction will commence after receipt of payment.
- (B)2.13 In the event Qwest terminates the provisioning of any resold services to RESELLER for any reason, including RESELLER's non-payment of charges, RESELLER shall be responsible for providing any and all necessary notice to its end users of the termination. In no case shall Qwest be responsible for providing such notice to RESELLER's end users. Qwest will provide notice to RESELLER of Qwest's termination of a resold service on a timely basis consistent with Commission rules and notice requirements.
- (B)2.14 The underlying network provider of a resold service shall be entitled to receive, from the purchaser of Switched Access, the appropriate access charges pursuant to its then effective Switched Access Tariff.
- (B)2.15 Centrex terms and conditions related to calculation of charges for, and provisioning of common blocks, station lines, and optional features will be based on the Centrex definition of a system and a Reseller's serving location.
- (B) 2.15.1 Where a common block is applicable, a Centrex system is defined by a single common block or multiple common blocks for a single RESELLER within a single Central Office switching system. A common block defines the dialing plan for intercom calling, access to Public Switched Network and/or private facilities, station line and system restrictions and feature access arrangements and functionality. RESELLER may purchase multiple common blocks within a single Central Office switching system when RESELLER requires different dialing plans, feature access arrangements and

station line or system restrictions within a single system operation. A Reseller with multiple common blocks within the same Central Office switch may have Network Access Register and Private Facility trunk groups aggregated across multiple common blocks. Centrex system based optional features (i.e. Automatic Route Selection) may not be aggregated across multiple common blocks. A Centrex system must provide station lines to at least one location and may provide station lines to multiple locations.

- (B)2.15.2 Centrex station lines are provisioned and charges are calculated based on serving Reseller's location. A location is defined as the site where Qwest facilities (cable plant from the serving Central Office switch) meet Reseller facilities (inside wire). In a multi-tenant building, Qwest may bring facilities directly to a single point of interconnection with Reseller facilities, typically in a basement equipment room, which would be considered a single location for this multi-tenant building. Should Qwest bring service to multiple floors or offices within a multi-tenant building each floor or office with a separate Reseller facilities termination point is considered a location. Multiple buildings within contiguous property (campus) will be provisioned and billed as a single location. Contiguous property is defined as property owned or leased by a single end user and not separated by public thoroughfare, river or railroad rights-of-way. Property will be considered contiguous when connected via connecting passageways or conduit acceptable to Qwest for its facilities. A Reseller with Centrex station lines from multiple Central Office switching systems, within the same Qwest Wire Center, and provisioned to the same location will not be charged for service or provisioned as if service was originating from a single Centrex system. For example, station lines may only be aggregated from a single Centrex Reseller system to a single Reseller serving location for rating purposes. RESELLER may not specify a Qwest Central Office as a RESELLER location for termination of Centrex station lines.

- (B)2.16 Private Line Service used for Special Access is available for resale but not at a discount.
- (B)2.17 DSL Service (such as Megabit Service) is available for resale by RESELLER out of Qwest's Interstate Tariff.

### **(B)3. Rates and Charges**

- (B)3.1 The Telecommunications Services identified in Part E are available for resale at the wholesale discount percentage shown in Part E. Telecommunications

Services available for resale but excluded from the wholesale pricing arrangement in this Agreement are available at the retail Tariff rates.

- (B)3.2 The Customer Transfer Charges (CTC) as specified in Part E apply when transferring services to RESELLER.
- (B)3.3 A Subscriber Line Charge (SLC), or any subsequent federally mandated charge to end users, will continue to be paid by RESELLER without discount for each local exchange line resold under this Agreement. All federal and state rules and regulations associated with SLC as found in the applicable Tariffs also apply.
- (B)3.4 RESELLER will pay to Qwest the PIC change charge without discount for RESELLER end user changes of interexchange or intraLATA carriers. Any change in RESELLER's end users' interexchange or intraLATA carrier must be requested by RESELLER on behalf of its end user.
- (B)3.5 RESELLER agrees to pay Qwest when its end user activates any services or features that are billed on a per use or per activation basis subject to the applicable discount in Part E as such may be amended pursuant to this Section (e.g., continuous redial, last call return, call back calling, call trace, etc.).
- (B)3.6 Product specific non-recurring charges, as set forth in Qwest's applicable Tariffs will apply when additional lines, trunks or circuits are added or when the end user adds features or services to existing lines or trunks.
- (B)3.7 Miscellaneous charges, if applicable, will be consistent with charges for equivalent services ordered by Qwest end users.
- (B)3.8 The wholesale discount rates in Part E established in the North Dakota Case No. PU-453-96-497, "In the Matter of AT&T Corporation and U S WEST Communications, Inc., for Arbitration of the Interconnection Rates, Terms and Pursuant to 47 U.S.C. Sec. 252(b) of the Telecommunications Act of 1996", (the "AT&T Arbitration") are interim rates and are pending the outcome of a final Commission decision in an interconnection cost docket. Such rates, as adopted in this Agreement, will be subject to true-up from the date those rates became effective in this Agreement to the effective date of the final interconnection cost docket order. Notwithstanding this true-up obligation, the Parties agree that rates in this Agreement will remain in effect as described below until the exhaustion of all appeals of the final order in the interconnection cost docket.
- (B)3.9 The Parties intend that, if the AT&T rates or the services in the AT&T Arbitration are changed by any negotiations, appeal, stay, injunction, settlement, or similar proceeding with respect to AT&T, those rates and services, if they have been adopted into this Agreement, shall be changed in this Agreement to the same extent as the rates and services in the AT&T Arbitration. Notwithstanding the above, the Parties agree that in the event a

stay or injunction is granted with respect to the implementation of the services and rates in the AT&T Arbitration, the Parties agree that the telecommunications services still available for resale following the stay or injunction will be available to RESELLER, effective as of the date of the stay order or injunction, at a wholesale discount rate of 12% (the "Standard Rate") until such time as a nonappealable order establishes a wholesale discount rate(s). If the Standard Rate becomes effective pursuant to this paragraph, the Standard Rate will also be subject to true-up to the rate(s) established in the nonappealable order for the period that the Standard Rate was in effect. If the AT&T rates or the applicability of the rate to the services in Part E is changed by a nonappealable administrative or judicial order following approval of negotiated rates, rates reached in an approved settlement agreement, a decision on appeal or other similar proceeding, such changed rate(s) will be available to RESELLER, effective as of the date of the order. The AT&T rate shall be subject to true-up to the changed rates for the period of time the AT&T rate was in effect. Notwithstanding the above, no true-up of either the Standard Rate or the AT&T rate will occur unless ordered as a part of the nonappealable administrative or judicial order.

- (B)3.10 If the resold services are purchased pursuant to Tariffs and the Tariff rates change, charges billed to RESELLER for such services will be based upon the new Tariff rates less the applicable wholesale discount, if any, as agreed to herein or as established by Commission order and/or resale Tariff. The new rate will be effective upon the Tariff effective date.

#### **(B)4. Ordering Process**

- (B)4.1 RESELLER, or RESELLER's agent, shall act as the single point of contact for its end users' service needs, including without limitation, sales, service design, order taking, provisioning, change orders, training, maintenance, trouble reports, repair, post-sale servicing, billing, collection and inquiry. RESELLER shall inform its end users that they are end users of RESELLER for resold services. RESELLER's end users contacting Qwest will be instructed to contact RESELLER; however, nothing in this Agreement, except as provided below, shall be deemed to prohibit Qwest from discussing its products and services with RESELLER's end users who call Qwest.
- (B)4.2 RESELLER shall transmit to Qwest all information necessary for the ordering (billing, listing and other information), installation, repair, maintenance and post-installation servicing according to Qwest's standard procedures, as described in the Qwest Interconnect & Resale Resource Guide available on Qwest's Web site. Information shall be provided using Qwest's designated Local Service Request (LSR) format which may include the LSR, end user and resale forms. RESELLER must send Qwest complete and accurate end user listing information for Directory Assistance, Directory Listings, and 911 Emergency Services using Qwest's designated resale directory listing order

forms. When Qwest's end user or the end user's new service provider orders the discontinuance of the end user's existing service in anticipation of moving to another service provider, Qwest will render its closing bill to the end user effective with the disconnection. If another service provider, RESELLER's end user or RESELLER requests that service be discontinued from RESELLER and subsequently Qwest's service to RESELLER is discontinued Qwest will issue a bill to RESELLER for that portion of the service provided to RESELLER.. Qwest will notify RESELLER by FAX, OSS interface or other agreed upon processes, in accordance with the OSS section of this Agreement when an end user moves to another service provider. Qwest will not provide RESELLER with the name of the other service provider selected by the end user.

- (B)4.3 RESELLER shall provide Qwest and Qwest shall provide RESELLER with points of contact for order entry, problem resolution and repair of the resold services.
- (B)4.4 Prior to placing orders on behalf of the end user, RESELLER shall be responsible for obtaining and have in its possession Proof of Authorization ("POA"), as set forth in Part A of this Agreement.
- (B)4.5 Due date interval standards are addressed in the Interconnect & Resale Resource Guide.
- (B)4.6 Firm Order Confirmation (FOC) guidelines are addressed in the Interconnect & Resale Resource Guide.
- (B)4.7 Qwest will provide completion notification that is equal to that provided to Qwest end users.
- (B)4.8 Qwest will provide Design Layout Records when requested under terms and conditions consistent with Qwest end users.
- (B)4.9 Qwest will handle jeopardy orders based upon the same performance standards and criteria that Qwest provides to itself.

#### **(B)5. Billing**

- (B)5.1 Qwest shall bill RESELLER and RESELLER is responsible for all applicable charges for the resold services as provided herein. RESELLER shall also be responsible for all Tariffed charges and charges separately identified in this Agreement associated with services that RESELLER resells to an end user under this Agreement.
- (B)5.2 Qwest shall provide RESELLER, on a monthly basis, within 7-10 calendar days of the last day of the most recent billing period, in an agreed upon standard electronic billing format as detailed in Part D, billing information including (1) a summary bill, and (2) individual end user sub-account information consistent with the samples available for RESELLER review.

**(B)6. Maintenance and Repair**

RESELLER and Qwest will employ the procedures for handling misdirected repair calls as specified in the Maintenance and Repair Section of this Agreement.

(B)6.1 Qwest will maintain facilities and equipment used to provide RESELLER resold services. RESELLER or its end user may not rearrange, move, disconnect, or attempt to repair Qwest facilities or equipment, other than by connection or disconnection to any interface between Qwest and the end user, without written consent of Qwest.

(B)6.2 Maintenance and repair processes are detailed in the Maintenance and Repair Section of this Agreement.

## **PART C - WHITE PAGES DIRECTORY LISTINGS**

### **(C)1. Description**

White Pages Listings Service (Listings) consists of Qwest placing the names, addresses and telephone numbers of RESELLER's end users in Qwest's listing database, based on end user information provided to Qwest by RESELLER. Qwest is authorized to use Listings in Directory Assistance (DA) and as noted below.

### **(C)2. Terms and Conditions**

- (C)2.1 RESELLER will provide in standard, mechanized format, and Qwest will accept at no charge, one primary listing for each main telephone number belonging to RESELLER's end users. Primary listings for RESELLER will include the end user Listings for any resold services or wireless services and are further defined in Qwest's general exchange Tariffs. RESELLER will be charged for premium and privacy listings, (e.g., additional, foreign, cross reference, informational, etc.), at Qwest's general exchange listing Tariff rates, less the wholesale discount. If RESELLER utilizes Remote Call Forwarding for local number portability, RESELLER can list only one number without charge - either the end user's original telephone number or RESELLER-assigned number. The standard discounted rate for an additional listing applies to the other number.
- (C)2.2 Qwest will furnish RESELLER the Listings format specifications. All manual requests are considered a project and require coordination between RESELLER and Qwest to determine time frames.
- (C)2.3 RESELLER grants Qwest a non-exclusive license to incorporate Listings information into its Directory Assistance database. With this license Qwest will incorporate Listings in the DA database.
- (C)2.4 No prior authorization is needed for Qwest to release Listings to directory publishers or other third parties. Qwest will incorporate Listings information in all existing and future directory assistance applications developed by Qwest. RESELLER authorizes Qwest to sell and otherwise make Listings available to directory publishers. Listings shall not be provided or sold in such a manner as to segregate end users by carrier. Qwest will not charge for updating and maintaining the Listings database. RESELLER will not receive compensation from Qwest for any sale of Listings by Qwest.
- (C)2.5 To the extent that state Tariffs limit Qwest's liability with regard to Listings, the applicable state Tariff(s) is incorporated herein and supersedes the Limitation of Liability section of this Agreement with respect to Listings only.

- (C)2.6 Qwest is responsible for maintaining Listings, including entering, changing, correcting, rearranging and removing Listings in accordance with RESELLER orders. Qwest will take reasonable steps in accordance with industry practices to accommodate non-published and non-listed Listings provided that RESELLER has supplied Qwest the necessary privacy indicators on such Listings.
- (C)2.7 Qwest will include RESELLER Listings in Qwest's Directory Assistance service to ensure that callers to Qwest's Directory Assistance service have non-discriminatory access to RESELLER's Listings.
- (C)2.8 Qwest will ensure RESELLER Listings provided to Qwest are included in the white pages directory published on Qwest's behalf.
- (C)2.9 RESELLER agrees to provide to Qwest its end user names, addresses and telephone numbers in a standard mechanized format, as specified by Qwest.
- (C)2.10 RESELLER will supply its ACNA/CIC or CLCC/OCN, as appropriate, with each order to provide Qwest the means of identifying Listings ownership.
- (C)2.11 Upon request by Qwest, RESELLER shall submit proof to Qwest, of authorization from each end user for which RESELLER submits a change in end user's Listing.
- (C)2.12 RESELLER represents and warrants the end user information provided to Qwest is accurate and correct. RESELLER further represents and warrants that it has reviewed all Listings provided to Qwest, including end user requested restrictions on use such as non-published and non-listed. RESELLER shall be solely responsible for knowing and adhering to state laws or rulings regarding Listings (e.g., no solicitation requirements in the states of Arizona and Oregon, privacy requirements in Colorado), and for supplying Qwest with the applicable Listing information.
- (C)2.13 RESELLER is responsible for all dealings with, and on behalf of, RESELLER's end users, including:
  - (C)2.13.1 All end user account activity, (e.g. end user queries and complaints).
  - (C)2.13.2 All account maintenance activity, (e.g., additions, changes, issuance of orders for Listings to Qwest).
  - (C)2.13.3 Determining privacy requirements and accurately coding the privacy indicators for RESELLER's end user information. If end user information provided by RESELLER to Qwest does not contain a privacy indicator, no privacy restrictions will apply.

(C)2.13.4 Any additional services requested by RESELLER's end users.

## **PART D- MISCELLANEOUS PROVISIONS**

### **(D)1. Network Security**

- (D)1.1 Protection of Service and Property - Each Party shall exercise the same degree of care to prevent harm or damage to the other Party and any third parties, its employees, agents or end users, or their property as it employs to protect its own personnel, end users and property, etc. Each Party shall comply at all times with Qwest security and safety procedures and requirements.
- (D)1.2 Revenue Protection - Qwest shall make available to RESELLER all present and future fraud prevention or revenue protection features. These features include, but are not limited to screening codes, and 900 numbers.
- (D)1.3 Law Enforcement Interface - Qwest provides emergency assistance to 911 centers and law enforcement agencies seven (7) days a week/twenty-four (24) hours a day. Assistance includes, but is not limited to release of 911 trace and subscriber information; in-progress trace requests; establishing emergency trace equipment, release of information from an emergency trap/trace or \*57 trace; requests for emergency subscriber information; assistance to law enforcement agencies in hostage/barricade situations, kidnappings, bomb threats, extortion/scams, runaways and life threats.
- (D)1.4 Qwest provides trap/trace, pen register and Title III assistance directly to law enforcement, if such assistance is directed by a court order. This service is provided during normal business hours, Monday through Friday. Exceptions are addressed in the above paragraph. The charges for these services will be billed directly to the law enforcement agency, without involvement of RESELLER, for any lines served from Qwest Wire Centers or cross boxes.
- (D)1.5 In all cases involving telephone lines served from Qwest Wire Centers or cross boxes, Qwest will perform trap/trace Title III and pen register assistance directly with law enforcement. RESELLER will not be involved or notified of such actions, due to non-disclosure court order considerations, as well as timely response duties when law enforcement agencies are involved. Exceptions to the above will be those cases, as yet undetermined, where RESELLER must participate due to technical reasons wherein its circuitry must be accessed or modified to comply with law enforcement, or for legal reasons that may evolve over time. RESELLER will provide Qwest with a 24 hour a day, 7 days a week contact for processing such requests, should they occur.

### **(D)2. Access To Operational Support Systems (OSS)**

#### **(D)2.1 Description**

- (D) 2.1.1 Qwest has developed and shall continue to provide Operational Support Systems OSS interfaces using electronic gateways. These gateways act as a mediation or control point between RESELLER's

and Qwest's OSS. These gateways provide security for the interfaces, protecting the integrity of the Qwest OSS and its databases. Qwest's OSS interfaces have been developed to support Pre-ordering, Ordering and Provisioning, Maintenance and Repair and Billing. Included below is a description of the products and functions supported by Qwest OSS interfaces and the technology used by each. This section describes the interfaces that Qwest has developed and shall provide RESELLER. Additional technical information and details shall be provided by Qwest in training sessions and documentation, such as the "Interconnect Mediated Access User's Guide". Qwest will continue to make improvements to the electronic interfaces as technology evolves, providing notification to RESELLER consistent with the provisions of this Section.

- (D)2.1.2 Through its electronic gateways, Qwest shall provide RESELLER nondiscriminatory access to Qwest's operational support systems for pre-ordering, ordering and provisioning, maintenance and repair, and billing for resale. For the pre-ordering, ordering and provisioning of resold services, Qwest shall provide RESELLER access to its OSS in substantially the same time and manner as it provides to itself.

#### (D)2.2 OSS Support for Pre-Ordering, Ordering and Provisioning

##### (D)2.2.1 LSR (Local Service Request) Ordering Process

- (D)2.2.1.1 RESELLER shall use electronic interfaces for orders placed using the LSR Ordering Process for the services it supports. The electronic interface gateways include both the Electronic Data Interchange (EDI) interface and the Interconnect Mediated Access (IMA) Graphical User Interface (GUI).

- (D)2.2.1.2 The EDI interface provides a single interface for Pre-Order and Order transactions from RESELLER to Qwest and is transaction based rather than batch based. The interface standards for EDI are based upon the Order & Billing Forum (OBF) Local Service Order Guidelines (LSOG), the Telecommunication Industry Forum (TCIF) Customer Service Guideline and the American National Standards Institute/Accredited Standards Committee (ANSI ASC) X12 with exceptions as specified in the IMA and EDI disclosure documents which are provided in conjunction with the implementation responsibilities contained in this Section.

(D)2.2.1.3 The IMA GUI also provides a single interface for Pre-Order and Order transactions from RESELLER to Qwest and is browser based. The IMA GUI interface is based on the LSOG and utilizes a WEB standard technology, Hyper Text Markup Language (HTML), JAVA, and the Transmission Control Protocol/Internet Protocol (TCP/IP) to transmit messages.

(D)2.2.1.4 Functions

(D)2.2.1.4.1 Pre-ordering

Pre-Ordering refers to the set of activities performed in conjunction with placing an order. Pre-order consists of the following functions: validate address, service availability, review Customer Service Record (CSR), check facility availability, reserve telephone numbers, and schedule an appointment. The electronic interface gateways provide on-line capabilities to perform these functions. Not all functions apply to all products.

(D)2.2.1.4.1.1 Validate address will verify the end user's address.

(D)2.2.1.4.1.2 Service Availability will return the list of (1) POTS products and services available in the Central Office switch serving a particular end user address, which will indicate to RESELLER, among other things, which products and services are authorized for resale in the Central Office switch serving a particular end user address and (2) non-switched-based products and services that RESELLER is authorized to provide according to its resale agreement with Qwest.

(D)2.2.1.4.1.3 Review Customer Service Record (CSR) gives RESELLER the ability to request a display of local exchange services and features (CPNI) Qwest is currently providing to an end user.

(D)2.2.1.4.1.4 Check Facility Availability will provide an indication of whether existing facilities are available or if new facilities are required, and if a technician must be dispatched to provide the facilities requested at the end user's address. This transaction does not reserve facilities and does not guarantee that facilities will or will not be available when the order is submitted.

(D)2.2.1.4.1.5 Reserve Telephone Numbers provides RESELLER with the ability to select an end user's telephone number. The reservation process is further divided into telephone number availability, selection, exchange and return functionality. Expiration period for selection and submission of Telephone Number are:

- A period up to thirty (30) minutes in which to make a telephone number selection. If this time limit is exceeded, and no attempt has been made to select the telephone numbers, the telephone numbers are sent back to the OSS and an error message is displayed on the LSR. A new query will need to be performed for available telephone numbers.
- When a telephone number has been reserved, there is a twenty-four (24) hour business period that the telephone number may be included on an LSR. If the time limit is exceeded, the telephone number is returned to the OSS.

(D)2.2.1.4.1.6 Schedule Appointment allows RESELLER to retrieve a calendar of available appointments and to reserve an appointment date and time so that a technician can be dispatched for premises and/or non-premises work.

(D)2.2.1.4.1.7 Expiration period for selection and submission of Appointment Reservation are:

- A selection must be made within a thirty (30) minute period. If an appointment

has been selected and the time limit was exceeded, an error message will display. If the error message displays, an updated list of available appointments will need to be requested. If an appointment has already been reserved for this Purchase Order Number, the Appointment Confirmation window will be displayed and will be pre-populated with confirmation number, appointment date and time, and after and before times.

- Appointments are reserved for a 24-hour business period. If the appointment is not attached to a submitted order within 24 business hours, the appointment is returned. When the appointment is successfully reserved, confirmation of the appointment will be displayed to RESELLER.

#### (D)2.2.1.4.2 Ordering and Provisioning

Submitting an LSR will result in the provisioning and installation, if necessary, of an end user's service. The functional set associated with ordering is: Create New LSR, Open LSR, Query LSR Status and FOC Return.

(D)2.2.1.4.2.1 Create New LSR allows entry of information specific to the LSR, including required OBF forms, validates information and submits the LSR for processing.

(D)2.2.1.4.2.2 Open LSR allows RESELLER to save LSRs it is not ready to submit for processing as a pending status. When an LSR is saved as pending, all the data in all the forms associated with the LSR is saved. This feature permits RESELLER to access, edit, submit, re-save, and purge pending LSRs. In addition, for issued LSRs, RESELLER can issue supplemental LSRs and cancellations.

(D)2.2.1.4.2.3 Query LSR Status allows RESELLER to obtain the status of the LSR. Status is provided to RESELLER upon inquiry. Order status functions include the following: Submitted, In Review, Issued, Rejected, Erred, Completed and Jeopardy.

(D)2.2.1.4.2.4 FOC Return returns a Firm Order Confirmation to RESELLER. The FOC confirms that Qwest has received a SR, issued an order, and assigned an order number for tracking.

(D)2.2.1.5 Forecast of Usage

(D)2.2.1.5.1 RESELLER shall supply Qwest with a forecast of products and volumes they anticipate ordering through the electronic interface gateways on a quarterly basis.

(D)2.2.1.5.2 Qwest will use RESELLER's forecast to provide RESELLER sufficient capacity to provide the services and elements requested. If RESELLER exceeds its capacity without notification, to the extent that it causes degradation to other users' response times, RESELLER's use of its capacity on the IMA or EDI server may be discontinued until a resolution can be mutually agreed to by both Parties. Qwest will attempt to notify RESELLER before discontinuing RESELLER's use of the IMA or EDI server; however Qwest reserves the right to discontinue use if it is unable to contact RESELLER.

(D)2.2.1.5.3 When RESELLER requests more than twenty (20) Secure IDs from Qwest RESELLER shall use a T1 line instead of dial-up capabilities.

(D)2.2.1.6. Access Service Request (ASR) Ordering Process

(D)2.2.1.6.1 The Exchange Access Control and Tracking (EXACT) system may be used for orders placed using the ASR process. EXACT is based upon the OBF Access Service Order Guidelines (ASOG). The EXACT interface accepts a batch

file that is transmitted via a Network Data Mover (NDM) connection to Qwest from RESELLER. It is RESELLER's responsibility to obtain the appropriate software to interface with Qwest's EXACT system.

(D)2.2.1.7 Facility Based EDI Listing Process

(D)2.2.1.7.1 The Facility Based EDI Listing Process is a single interface from RESELLER to Qwest. This interface is based upon the OBF LSOG and ANSI ASC X12 standards, version 4010. This interface enables RESELLER listing data to be translated and passed into the Qwest listing database. After Qwest's daily batch processing, a Confirmation/Completion record (for every PON provided on input) is returned to RESELLER via an EDI 855 transaction.

(D)2.2.2 Maintenance and Repair

(D)2.2.2.1 Maintenance and Repair electronic interfaces support the tracking and resolution of end users' repair and maintenance needs as reported to RESELLER. They facilitate the exchange of updated information and progress reports between Qwest and RESELLER while the Trouble Report (TR) is open and a Qwest technician is working on the resolution.

(D)2.2.2.2 RESELLER shall use the electronic interface gateways for reporting trouble. The electronic interface gateways are comprised of either the Mediated Access System Electronic Bonding (MEDIACC EB) interface or the IMA GUI interface.

(D)2.2.2.3 The MEDIACC Electronic Bonding (EB) interface uses CMIP protocol over X.25 packet switching network using ANS T1M1.5 227/228 standards.

(D)2.2.2.4 The IMA GUI also provides a single interface for trouble reporting from RESELLER to Qwest and is browser based. The IMA GUI interface uses a Berkeley Socket interface using ANSI T1M1.5 227/228 standards. The IMA GUI uses JAVA as the standard. The IMA GUI Interface currently supports trouble reporting for resale services.

(D)2.2.2.5 Functions

(D)2.2.2.5.1 Maintenance and Repair - The functions, processes and systems used in repair are based on a Trouble Report (TR), which is an electronic document maintained in one or more OSS. A TR contains information about the end user, the trouble, the status of the work on the trouble and the results of the investigation and resolution efforts. These business processes will be made available to RESELLER in the following functional set: open a trouble report, modify a trouble report, notification of status change, view trouble report status, cancel a trouble report, receive a trouble report history, resubmit/delete an erred trouble report and close a trouble report.

(D)2.2.2.5.1.1 Open Trouble Report is the mechanism that captures information needed to resolve the trouble. Once a TR has been opened, if RESELLER is using MEDIACC EB, Qwest sends an electronic transaction to RESELLER identifying information about the TR (*e.g.*, commitment date and tracking number).

(D)2.2.2.5.1.2 In IMA for POTS, and in EBTA for POTS and designed services, Modify Trouble Report allows RESELLER to modify the trouble severity (for example; change from "service affecting" to "out of service") and trouble narrative on a TR until it has been cleared.

(D)2.2.2.5.1.3 Status Change Notification provides notification to RESELLER that the status of a previously opened TR has changed. If RESELLER is using MEDIACC EB, RESELLER will receive this notification via an electronic transaction. If RESELLER is using the IMA GUI Interface, RESELLER will receive this notification via email and/or fax.

(D)2.2.2.5.1.4 View Trouble Report Status/Trouble Report Status Request allows RESELLER to view the status of an opened Trouble Report. If RESELLER is using MEDIACC EB, Qwest sends an electronic transaction to RESELLER with the

status of an opened TR after RESELLER sends an electronic transaction to request the status.

- (D)2.2.2.5.1.5 Cancel Trouble Report allows RESELLER to request cancellation of a previously opened TR. Once a request to cancel is received, an orderly cessation of the trouble resolution process begins. If Qwest has completed any work before the trouble resolution process is stopped, charges to RESELLER may apply.
- (D)2.2.2.5.1.6 Trouble Report History provides RESELLER with historical information on up to the last three trouble reports. For POTS resale, the disposition and trouble report date and time are provided. For design services resale, the trouble report date and time, a text description of the disposition, the Qwest Trouble Report Number, and the trouble type are provided. IMA provides trouble report history.
- (D)2.2.2.5.1.7 Resubmit/Delete allows trouble reports to be resubmitted or deleted via IMA GUI if, prior to entering Qwest's OSS, the transaction fails or errors. This transaction is only valid if the TR has not entered Qwest's OSS. This transaction is currently only available via IMA GUI.
- (D)2.2.2.5.1.8 Close a Trouble Report for resale, allows Qwest to close the TR once work is complete. For design resale services, Qwest sends RESELLER a request for verification to close. RESELLER then authorizes or denies the closure. RESELLER has twenty-four (24) hours to respond. If a response is not received within that time frame, the TR will automatically be closed. Qwest provides notification to RESELLER that a TR has been closed because the trouble was resolved. Additional information, (e.g., disposition, disposition description, outage duration, maintenance of service, charge indicator) is also included. If RESELLER is using EB, RESELLER will receive this response via an

electronic transaction. If RESELLER is using the IMA GUI Interface, RESELLER will receive this response via email and/or fax.

(D)2.2.2.5.1.9 MLT test results give RESELLER the ability to request a loop test for POTS service via EBTA. When RESELLER submits a TR through IMA, the technician handling the TR will order a MLT test in appropriate situations.

### (D)2.3 Hours of Operation

Qwest's electronic interface gateways will be available to Resellers according to the following schedule:

Function	Monday – Friday	Saturday	Sunday
IMA Pre-Order & Order	06:00 – 20:00		
Exact Order	06:00 – 19:00	07:00 – 17:00	
Repair	02:15 – 23:15	07:00 – 21:00	13:00 – 17:00

Qwest shall notify Resellers regarding system downtime through mass facsimile distribution and pop-up windows in the IMA GUI. All referenced times are Mountain Time.

The preceding times represent the period when Qwest commits that its OSS interfaces and downstream systems will be functioning (except for unforeseen system crashes) and its personnel will be available to assist RESELLER. Qwest's OSS interfaces are typically available 23 hours a day. RESELLER may call any maintenance and repair issues to the applicable repair center 24 hours per day, seven days per week. Qwest shall provide RESELLER current repair contact numbers.

### (D)2.4 Billing

(D)2.4.1 For products billed out of the Qwest Interexchange Access Billing System (IABS), Qwest will utilize the existing CABS/BOS format and technology for the transmission of bills.

(D)2.4.2 For products billed out of the Qwest Customer Record Information System (CRIS), Qwest will utilize the existing EDI standard for the transmission of monthly local billing information. EDI is an established standard under the auspices of the American National Standards Institute/Accredited Standards Committee (ANSI/ASC) X12 Committee. A proper subset of this specification has been adopted by the Telecommunications Industry Forum (TCIF) as the "811 Guidelines" specifically for the purposes of telecommunications billing.

(D)2.5 Outputs

Output information will be provided to RESELLER in the form of bills, files, and reports. Bills will capture all regular monthly and incremental/usage charges and present them in a summarized format. The files and reports delivered to RESELLER provide more detailed information than the bills. They come in the following categories:

Usage Record File	Line Usage Information
Loss and Completion	Order Information
Category 11	Facility Based Line Usage Information
SAG/FAM	Street Address/Facility Availability Information

(D)2.5.1 Bills

(D)2.5.1.1 CRIS Summary Bill - The CRIS (Customer Record Information System) Summary Bill represents a monthly summary of charges for most wholesale products sold by Qwest. This bill includes a total of all charges by entity plus a summary of current charges and adjustments on each sub-account. Individual sub-accounts are provided as billing detail and contain monthly, one time charges and incremental/call detail information. The Summary provides one bill and one payment document for RESELLER. These bills are segmented by state and bill cycle. The number of bills received by RESELLER is dictated by the product ordered and the Qwest region in which RESELLER is operating.

(D)2.5.1.2 IABS Bill - The IABS (Interexchange Access Billing System) Bill represents a monthly summary of charges. This bill includes monthly and one time charges plus a summary of any usage charges. These bills are segmented by product, LATA, billing account number (BAN) and bill cycle.

(D)2.5.2 Files and Reports

(D)2.5.2.1 Daily Usage Record File provides the accumulated set of call information for a given day as captured, or "recorded" by the network switches. This file will be transmitted Monday through Friday, excluding Qwest holidays. This information is a file of un-rated Qwest originated usage messages and rated RESELLER originated usage messages. It is provided in Alliance for Telecommunication Industry Solution (ATIS) standard

Electronic Message Interface (EMI) format. This EMI format is outlined in the document SR-320; which can be obtained directly from ATIS. The Daily Usage Record File contains multi-state data for the Data Processing Center generating this information. Individual state identification information is contained with the message detail. Qwest will provide this data to RESELLER with the same level of precision and accuracy it provides itself. This file will be provided for Resale services.

- (D)2.5.2.2 The charge for this Daily Usage Record File is contained in Part E of this Agreement.
- (D)2.5.2.3 Routing of in-region IntraLATA Collect, Calling Card, and Third Number Billed Messages - Qwest will distribute in-region intraLATA collect, calling card, and third number billed messages to RESELLER and exchange with other Co-Providers operating in region in a manner consistent with existing inter-company processing agreements. Whenever the daily usage information is transmitted to a carrier, it will contain these records for these types of calls as well.
- (D)2.5.2.4 Loss Report provides RESELLER with a daily report that contains a list of accounts that have had lines and/or services disconnected. This may indicate that the end user has changed Resellers or removed services from an existing account. This report also details the order number, service name and address, and date this change was made. Individual reports will be provided for resale services.:
- (D)2.5.2.5 Completion Report provides RESELLER with a daily report. This report is used to advise RESELLER that the order(s) for the service(s) requested is complete. It details the order number, service name and address and date this change was completed. Individual reports will be provided for resale services.:

This report media is described in Exhibit C.

- (D)2.5.2.6 Category 11 Records are Exchange Message Records (EMR) which provide mechanized record formats that can be used to exchange access usage information between Qwest and RESELLER. Category 1101 series

records are used to exchange detailed access usage information.

- (D)2.5.2.7 Category 1150 series records are used to exchange summarized Meet Point Billed access minutes-of-use.

These mechanized records are available from Qwest in the following formats:

NDM (direct connect or dial-up)  
Comet  
Tape  
Cartridge

- (D)2.5.2.8 SAG/FAM Files - The SAG (Street Address Guide)/ FAM (Facility Availability Matrix) files contain the following information:

SAG provides: - Address and Serving Central Office Information.

FAM provides USOCs and descriptions by state - (POTS services only). USOC availability by NPA-NXX (with the exception of Centrex). interLATA/intraLATA carriers by NPA-NXX.

These files are made available via a download process. They can be retrieved by ftp (file transfer protocol), NDM (Network Data Mover) connectivity, or a Web browser.

## (D)2.6 Modifications to OSS Interfaces

- (D)2.6.1 RESELLER and Qwest agree to discuss the modification of OSS interfaces based upon evolving standards (e.g., data elements, protocols, transport networks, etc.) and guidelines issued by or referenced by relevant Alliance for Telecommunication Industry Solution (ATIS) committees. Establishment of new, or changes to industry standards and guidelines will be reviewed semi-annually. The review will consider standards and guidelines that have reached final closure as well as those published in final form. Both Parties agree to evaluate evolving standards and determine the relevant modification to be implemented based upon the latest approved version adopted or the latest version reflecting final closure by the relevant ATIS committee or subcommittee. As a result of the review, Qwest shall draft appropriate interface specifications that shall be made available to RESELLER through the electronic gateway disclosure document. Changes shall be implemented in the next release after the distribution of the electronic gateway disclosure document to the Resellers.

- (D)2.6.2 In the course of establishing operational ready system interfaces between Qwest and RESELLER to support local service delivery, RESELLER and Qwest may need to define and implement system interface specifications that are supplemental to existing standards. RESELLER and Qwest will submit such specifications to the appropriate standards committee and will work towards their acceptance as a standard.
- (D)2.6.3 Release updates will be based on regulatory obligations as dictated by the FCC or Commissions and, as time permits, business requirements. Qwest will provide to RESELLER the features list for modifications to the interface. Specifications for interface modifications will be provided to RESELLER three (3) weeks prior to the release date. RESELLER is required to upgrade to the current release within six (6) months of the installation date.

(D)2.7 Reseller Responsibilities for Implementation of OSS Interfaces

- (D)2.7.1 Before any RESELLER implementation can begin, RESELLER must completely and accurately answer the New Customer Questionnaire. This questionnaire is provided by the Qwest account manager and details information needed by Qwest in order to establish service for RESELLER.
- (D)2.7.2 Once Qwest receives a complete and accurate New Customer Questionnaire, Qwest and RESELLER will mutually agree upon time frames for RESELLER implementation.
- (D)2.7.3 If using the EDI interfaces, Qwest will provide RESELLER with a copy of the Production Readiness Verification document. RESELLER is obligated to meet the requirements specified in the Production Readiness Verification document regardless of whether RESELLER chooses to participate in the Production Readiness Verification Test.

(D)2.8 Reseller Responsibilities for On-going Support for OSS Interfaces

- (D)2.8.1 If using the IMA GUI interface, RESELLER must work with Qwest to train RESELLER personnel on the IMA GUI functions that RESELLER will be using. Qwest and RESELLER shall concur on which IMA GUI functions should be included in RESELLER's training. Qwest and RESELLER shall make reasonable efforts to schedule training in a timely fashion.
- (D)2.8.2 An exchange protocol will be used to transport EDI formatted content. RESELLER must perform certification testing of exchange protocol prior to using EDI.

- (D)2.8.3 If RESELLER is using EDI, Qwest shall provide RESELLER with a pre-allotted amount of time to complete certification of its business scenarios. It is the sole responsibility of RESELLER to schedule an appointment with Qwest for certification of its business scenarios. RESELLER must comply with the agreed upon dates and times scheduled for the certification of its business scenarios. If the certification of business scenarios is delayed due to RESELLER, it is the sole responsibility of RESELLER to schedule new appointments for certification of its business scenarios. Conflicts in the schedule could result in certification being delayed. If a delay is due to Qwest, Qwest will honor RESELLER's schedule through the use of alternative hours.
- (D)2.8.4 If RESELLER is using the EDI interface, RESELLER must work with Qwest to certify the business scenarios that RESELLER will be using in order to ensure successful transaction processing. Qwest and RESELLER shall mutually agree to the business scenarios for which RESELLER is required to be certified. Certification is granted only for a specific release of EDI. New releases of EDI may require re-certification of some or all business scenarios. A determination as to the need for re-certification will be made by the Qwest Coordinator in conjunction with the release manager of each EDI release. Notice of the need for re-certification will be provided to RESELLER three (3) weeks prior to the release date.
- (D)2.8.5 In the event of Electronic Interface trouble, RESELLER shall use its best efforts to isolate and resolve the trouble using the guidelines provided in the Production Readiness Verification document. If RESELLER cannot resolve the problem, then RESELLER should contact the LSP Systems Help Desk. The LSP Systems Help Desk is RESELLER's Single Point of Contact for electronic interface trouble.

#### (D)2.9 Reseller Support

- (D)2.9.1 Qwest shall provide adequate assistance to RESELLER for RESELLER to understand how to implement and use the OSS functions for which Qwest provides access. This assistance will include training, documentation, and a LSP Help Desk. The LSP Help Desk will provide a single point of entry for RESELLER to gain assistance in areas involving connectivity, system availability, and file outputs. The LSP Systems Help Desk is available Monday through Friday, 6:00 a.m. until 8:00 p.m. Mountain Time, excluding Qwest holidays. The Help Desk areas are further described below..
- (D)2.9.1.1 Connectivity covers trouble with RESELLER's access to the Qwest system for hardware configuration requirements with relevance to EDI and IMA GUI;

software configuration requirements with relevance to EDI and IMA GUI; modem configuration requirements; T1 configuration and dial in string requirements; firewall access configuration; Secure ID configuration; Profile Setup and password verification.

(D)2.9.1.2 System availability covers system errors generated during an attempt by RESELLER to place orders or open trouble reports through EDI and IMA GUI. These system errors are limited to: POTS; Design Services and Repair.

(D)2.9.1.3 File Outputs covers RESELLER's output files and reports produced from its usage and order activity. File outputs system errors are limited to: Daily Usage File; Loss / Completion File; IABS Bill; CRIS Summary Bill; Category 11 Report and SAG/FAM Reports.

(D)2.9.2 Additional assistance to Resellers is available through various web sites. These web sites provide electronic interface training information and user documentation and technical specifications.

#### (D)2.10 Compensation / Cost Recovery

On-going and one-time startup charges, as applicable, will be billed at rates to be specified by the Commission at the completion of an appropriate cost docket hearing. Qwest shall establish rates for any systems charges not included in appropriate cost docket hearings.

### **(D)3. Qwest Dex**

Qwest and RESELLER agree that certain issues outside the provision of basic white page directory listings, such as yellow pages advertising, yellow pages listings, directory coverage, directory distribution, access to call guide pages (phone service pages), applicable listings criteria, white page enhancements and publication schedules will be the subject of negotiations between RESELLER and directory publishers, including Qwest Dex. Qwest acknowledges that RESELLER may request Qwest to facilitate discussions between RESELLER and Qwest Dex.

### **(D)4. Notice Of Changes**

Notice should be written and provide pertinent descriptive information of such changes, within the limitations of confidentiality and disclosure, such that the other Party can evaluate potential effects. Also included with the written notice should be contact names and phone numbers for subsequent discussions.

This represents good faith effort on the part of the Parties and will evolve over time as required for the effective provision of resale services and end user service delivery.

**(D)5. Maintenance and Repair**

**(D)5.1 Service Levels**

- (D)5.1.1 Qwest will provide repair and maintenance for all services covered by this Agreement in a manner equal to that which Qwest provides for itself.
- (D)5.1.2 During the term of this Agreement, Qwest will provide necessary maintenance business process support to allow RESELLER to provide similar service quality to that provided by Qwest to its end users.
- (D)5.1.3 Qwest will perform repair service that is equal in timeliness and quality to that which it provides to its own end users.

**(D)5.2 Branding**

- (D)5.2.1 Should Qwest need to use various forms for communication with RESELLER end users (while out on premises dispatch on behalf of RESELLER, for example), Qwest will use unbranded forms.
- (D)5.2.2 If required by RESELLER, Qwest will use branded forms provided at RESELLER's full expense, covering training costs, storage, printing, distribution and all other branding-related costs.

**(D)5.3 Service interruptions**

- (D) 5.3.1 The characteristics and methods of operation of any circuits, facilities or equipment of either Party connected with the services, facilities or equipment of the other Party pursuant to this Agreement shall not: 1) interfere with or impair service over any facilities of the other Party; its affiliated companies, or its connecting and concurring carriers involved in providing its services; 2) cause damage to their plant; 3) violate any applicable law or regulation regarding the invasion of privacy of any communications carried over the Party's facilities; or 4) create hazards to the employees of either Party or to the public. Each of these requirements is hereinafter referred to as an "Impairment of Service".
- (D) 5.3.2 If it is confirmed that either Party is causing an Impairment of Service, as set forth in this Section, the Party whose network or service is being impaired (the "Impaired Party") shall promptly notify the Party causing the Impairment of Service (the "Impairing Party") of the nature and location of the problem. The Impaired Party shall advise the Impairing Party that, unless promptly rectified, a temporary discontinuance of the use of any circuit, facility or equipment may be required. The Impairing Party and the Impaired Party agree to work together to attempt to promptly resolve the Impairment of Service. If the Impairing Party is unable to promptly remedy the Impairment of

Service, the Impaired Party may temporarily discontinue use of the affected circuit, facility or equipment.

(D) 5.3.3 To facilitate trouble reporting and to coordinate the repair of the service provided by each Party to the other under this Agreement, each Party shall designate a repair center for such service.

(D) 5.3.4 Each Party shall furnish a trouble reporting telephone number for the designated repair center. This number shall give access to the location where records are normally located and where current status reports on any trouble reports are readily available. If necessary, alternative out-of-hours procedures shall be established to ensure access to a location that is staffed and has the authority to initiate corrective action.

(D) 5.3.5 Before either Party reports a trouble condition, it shall use its best efforts to isolate the trouble to the other's facilities

(D) 5.3.5.1 In cases where a trouble condition affects a significant portion of the other's service, the Parties shall assign the same priority provided to other Resellers and to itself.

(D) 5.3.5.2 The Parties shall cooperate in isolating trouble conditions.

#### (D)5.4 Trouble Isolation

(D)5.4.1 According to applicable state Tariffs, Qwest will bill appropriate Trouble Isolation Charges for dispatched work done by Qwest where the trouble is found to be on the end user's side of the NID or trouble is found to be in RESELLER's portion of the network.

(D)5.4.2 Other Trouble Isolation Charges may also be imposed by Qwest on RESELLER for other internal repair work incurred on behalf of RESELLER and later found to be in RESELLER network components.

#### (D)5.5 Inside Wire Maintenance

Except where specifically required by state or federal regulatory mandates, Qwest will not perform any maintenance of inside wire (premises wiring beyond the end user's NID) for RESELLER or its end users.

#### (D)5.6 Testing/Test Requests/Coordinated Testing

(D)5.6.1 Qwest will make the decision to test an end user's line or circuit. The test systems used by Qwest are finite, and their capacity has been designed according to Qwest's operating standards.

- (D)5.6.2 Although some types of trouble reports typically will not require a test, Qwest usually runs certain standard tests on each line on which trouble has been reported.
  - (D)5.6.3 Prior to any test being conducted on a line, Qwest must receive a trouble report from RESELLER.
  - (D)5.6.4 Qwest end users are not given test results. On manually-reported trouble Qwest will not provide to RESELLER the test results for its trouble reports. For electronically-reported trouble, RESELLER may see various basic test results.
- (D)5.7 Workcenter Interfaces
- (D)5.7.1 Qwest and RESELLER shall work cooperatively to develop positive, close working relationships among corresponding work centers involved in the trouble resolution processes..
- (D)5.8 Misdirected Repair Calls
- (D)5.8.1 RESELLER shall inform its own end users where to report their trouble conditions. Persons placing a misdirected repair call will be advised to call their own telephone service provider and will be provided the correct telephone number for that purpose (this referral may occur within a voice response system or other interactive systems).
  - (D)5.8.2 RESELLER and Qwest will employ the following procedures for handling misdirected repair calls;
    - (D)5.8.2.1 RESELLER and Qwest will provide their respective end users with the correct telephone numbers to call for access to their respective repair bureaus.
    - (D)5.8.2.2 End users of RESELLER shall be instructed to report all cases of trouble to RESELLER. End users of Qwest shall be instructed to report all cases of trouble to Qwest.
    - (D)5.8.2.3 To the extent the correct provider can be determined, misdirected repair calls will be referred to the proper provider of Basic Exchange Telecommunications Service.
    - (D)5.8.2.4 RESELLER and Qwest will provide their respective repair contact numbers to one another on a reciprocal basis.
    - (D)5.8.2.5 In responding to repair calls, neither Party shall make disparaging remarks about each other, nor shall they use these repair calls as the basis for internal referrals or to solicit end users to market services.

(D)5.8.2.6 Performance targets for speed of repair call answering will be the same as Qwest's performance targets for its own end users.

(D)5.9 Major Outages/Restoral/Notification

(D)5.9.1 Qwest will notify RESELLER of major network outages as soon as is practical. This notification will be via e-mail to RESELLER's identified contact. With the minor exception of certain proprietary information, Qwest will utilize the same thresholds and processes for external notification as it does for internal purposes. This major outage information will be sent via E-mail on the same frequency schedule as is provided internally within Qwest. Service restoration will be non-discriminatory, and will be accomplished as quickly as possible according to Qwest and/or industry standards.

(D)5.9.2 If desired, Qwest will meet with associated personnel from RESELLER to share contact information and review Qwest's outage restoral processes and notification processes.

(D)5.9.3 Qwest's emergency restoration process operates on a 7X24 basis.

(D)5.10 Proactive Maintenance

(D)5.10.1 Qwest will perform scheduled maintenance equal in quality to what it provides to itself.

(D)5.10.2 Qwest will work cooperatively with RESELLER to develop industry-wide processes to provide as much notice as possible to RESELLER of pending maintenance activity. Such process work will include establishment of reasonable thresholds and notification standards.

(D)5.11 Hours of Coverage

(D)5.11.1 Qwest's repair operation is 7 days a week, 24 hours a day. Not all functions or locations are covered with scheduled employees on a 7X24 basis. Where such 7X24 coverage is not available Qwest's repair operations center (always available 7X24) can call-out technicians or other personnel required for the situation.

(D)5.12 Escalations

(D)5.12.1 Qwest will provide trouble escalation procedures to RESELLER. Such procedures will be based on the processes Qwest employs for its own end users. Qwest escalations are manual processes.

(D)5.12.2 Qwest repair escalations begin with calls to the up-front trouble reporting centers.

(D)5.13 Dispatch

(D)5.13.1 Qwest will provide maintenance dispatch personnel on the same schedule provided for its end users.

- (D)5.13.2 Upon receipt of a trouble report from RESELLER, Qwest will do all that is reasonable and practical, according to internal and industry standards, to resolve the repair condition. Qwest will dispatch repair personnel, if necessary, to repair the condition. It will be Qwest's decision whether it is necessary to send a technician on a dispatch. Qwest will make this dispatch decision based on the best information available in the trouble resolution process. Since it is not always necessary to dispatch to resolve trouble; should RESELLER require a dispatch when Qwest believes the dispatch is not necessary, appropriate charges may be billed to RESELLER for dispatch-related costs.
  - (D)5.13.3 For non-designed resale services Qwest will not request authorization from RESELLER prior to dispatch. For lines supported by Qwest's designed services process, Qwest may accept RESELLER authorization to dispatch. Qwest's operational processes are regularly reviewed and may be altered in the future. Should processes be changed, RESELLER will be notified.
  - (D)5.13.4 Qwest expects that RESELLER will have performed appropriate trouble isolation and screening prior to handing the trouble report off to Qwest.
- (D)5.14 Electronic Reporting
- (D)5.14.1 Qwest will accept repair reports from RESELLER through a mechanized system (IMA).
  - (D)5.14.2 Qwest will work cooperatively to develop repair reporting via electronic bonding (other than IMA), based on national standards.
- (D)5.15 Intervals
- (D)5.15.1 Similar trouble conditions, whether reported by Qwest end users or on behalf of RESELLER end users, will receive similar commitment intervals.
- (D)5.16 Jeopardy Management
- (D)5.16.1 Notification will be given as soon as Qwest is aware that a trouble report interval is likely to be missed. This process will be the same as that used by Qwest for its own end users.
- (D)5.17 Trouble Screening
- (D)5.17.1 RESELLER shall screen and test its end user trouble reports completely enough to insure that it sends Qwest only trouble reports that involve Qwest facilities.

- (D)5.17.2 If desired, Qwest will cooperate with RESELLER to show RESELLER how Qwest screens trouble conditions in its own centers, so that RESELLER may employ similar techniques in its centers.

(D)5.18 Maintenance Standards

- (D)5.18.1 Qwest will cooperate with RESELLER to meet the maintenance standards outlined in this Agreement.
- (D)5.18.2 For manually-reported trouble, Qwest will inform RESELLER of repair completion as soon as practical after completion. On electronically reported trouble reports the electronic system will automatically update status information, including trouble completion, across the joint electronic gateway.

(D)5.19 End User Interfaces

- (D)5.19.1 RESELLER will be responsible for all interactions with its end users including service call handling and notifying end users of trouble status and resolution.
- (D)5.19.2 All Qwest employees who perform repair service for RESELLER end users will be trained in non-discriminatory behavior.

(D)5.20 Repair Call Handling

- (D)5.20.1 Manually-reported repair calls by RESELLER to Qwest will be answered with the same quality and speed Qwest answers calls from its own end users.

(D)5.21 Single Point of Contact

- (D)5.21.1 Qwest will provide a single point of contact for RESELLER to report maintenance issues and trouble reports via electronic interfaces seven days a week, twenty-four hours a day.
- (D)5.21.2 For manually-reported trouble reports, a single 7X24 trouble reporting telephone number will be provided to RESELLER for each category of trouble situation encountered.

(D)5.22 Maintenance Windows

- (D)5.22.1 Generally, Qwest performs major switch maintenance activities during off-hours time periods, during certain "maintenance windows" in the early morning hours and/or on weekends.
- (D)5.22.2 Generally, the maintenance window is from 10:00 PM to 6:00 AM Monday through Friday and from 10:00 PM Saturday to 6:00 AM Monday.
- (D)5.22.3 Although Qwest attempts to perform major switch maintenance at these times, on some occasions this will not be possible.

**(D)6. Service Performance**

(D)6.1 General Provisions

- (D)6.1.1 Qwest will provide reports of service indicators that will assist in an evaluation of the service provided to RESELLER.
- (D)6.1.2 In no instance shall this Agreement be construed to require Qwest to provide superior levels of service to RESELLER in comparison to the level of service Qwest provides to itself or its own end users.
- (D)6.1.3 As further specified in this Section, Qwest will provide results for the list of performance indicators identified for the following Standard Service Groupings: Resold Residential Plain Old Telephone Service (POTS); Resold Business POTS; Resold ISDN; Resold Centrex service; Resold PBX trunks, Resold Direct Inward Dialing (DID) and Resold Digital Switched Service (DSS); Resold DS-0, Resold DS-1, Resold DS-3.
- (D)6.1.4 As specified in this Section, Qwest will provide results for the following types of Orders:
- C = Change in existing service or billing number
  - D = total disconnect of service
  - F = From the outward service associated with a transfer (To or "T") of service from one address to another
  - N = New connection for service
  - R = Record order; record change only. (For Resale services, service migrations without changes for non-designed services are record orders.)
  - T = To or transfer of service from one address to another
  - X = Qwest initiated internal work order

(D)6.2 Service Performance Indicators

The following Service Performance Indicators will be provided to RESELLER when available and upon request, but no more frequently than once per month subject to the provisions of this Section. The requests for additional Service Performance Indicators during the term of this Agreement shall be considered by Qwest. However, Qwest is not required to provide additional Service Performance Indicators during the term of this Agreement. Service Performance Indicators characterized as "Core" indicators measure most directly the service or process outcome Qwest provides to RESELLER.

Performance Indicators characterized as "Diagnostic" indicators are those that measure aspects of service quality that support aspects measured by core indicators, that represent sub-process outcomes, or that are otherwise duplicative to some degree of aspects measured by "Core" indicators.

(D)6.2.1 Core Performance Indicators

(D)6.2.1.1 Gateway Availability Indicator

- GA-1 Gateway Availability – via Human-to-Computer Interface (percent).
- GA-2 Gateway Availability – via Computer-to-Computer Interface (percent).

(D)6.2.1.2 Pre-Ordering Indicators

PO-1 Pre-Order/Order Response times

- A. Appointment Scheduling (Due Date Reservation, where appointment is required)
- B. Feature Function and Service Availability Information
- C. Facility Availability
- D. Street Address Validation
- E. Customer Service Records
- F. Telephone Number

(D)6.2.1.3 Ordering and Provisioning Indicators

- OP-1 Speed of Answer – Interconnect Provisioning Center (average)
- OP-2 Calls Answered within 20 Seconds – Interconnect Provisioning Center (percent)
- OP-3 Installation Commitments Met (percent)
- OP-4 Installation Interval (average)
- OP-5 Installation Trouble Reports (percent)
- OP-6 Delayed Days (average)

(D)6.2.1.4 Maintenance and Repair Indicators

- MR-1 Speed of Answer – Interconnect Repair Center (average)
- MR-2 Percent Calls Answered Within 20 Seconds – Interconnect Repair Center (percent)
- MR-3 Out of Service Cleared Within 24 hours – Non-Designed Repair Process (percent)
- MR-4 All Troubles Cleared Within 48 hours – Non-Designed Repair Process (percent)
- MR-5 All Troubles Cleared Within 4 hours – Designed Repair Process (percent)
- MR-6 Mean Time to Restore – Non-Designed Repair Process (average)
- MR-7 Repair Repeat Report Rate (percent)
- MR-8 Trouble Rate (percent)

(D)6.2.1.5 Billing Indicators

- BI-1 Mean Time to Provide Qwest Recorded Usage Records ((average)

BI-2 Mean Time to Deliver Invoices (average) BI-3 Billing Accuracy

(D)6.2.1.6 Emergency Services

ES-1 ALI Database Updates Completed Within 24 hours (percent)

ES-2 911/E911 Emergency Services Trunk Installation Interval (average)

(D)6.2.1.7 Directory Assistance

DA-1 Speed of Answer – Directory Assistance (average)

DA-2 Calls Answered Within Ten Seconds – Directory Assistance (percent)

(D)6.2.1.8 Operator Services

OS-1 Speed of Answer – Operator Services (average)

OS-2 Calls Answered Within Ten Seconds – Operator Services (percent)

(D)6.2.2 Diagnostic Indicators

In addition to the performance indicators identified above, Qwest will report the following indicators that do not directly address nondiscrimination but may be useful in diagnosing problems or improving service:

(D)6.2.2.1 Pre-Order/Ordering

DPO-1 Electronic Flow – Through of Local Service Requests (LSRs) to the Service Order Processor (percent)

DPO-2 LSR Rejection Notice Interval (average)

DPO-3 LSRs Rejection (percent)

DPO-4 Firm Order Confirmation (FOC) Interval (average)

DPO-5 Pre-Order/Order Response Times for Qwest Retail Transactions (average)

DPO-6 Completion Notifications Transmitted Within 24 hours (percent)

DPO-7 Completion Notification Interval (average)

(D)6.2.2.2 Ordering and Provisioning

DOP-1 RESELLER or RESELLER's Customer – Caused Installation Misses (percent)

DOP-2 Delayed Orders Completed equal to greater than 15 days past the Commitment Date (percent)

DOP-3 Delayed Orders Completed equal to or greater than 90 days past the Commitment Date (percent)

DOP-4 RESELLER or RESELLER's Customer-Caused Coordinated Cutover Misses (percent)

(D)6.2.2.3 Maintenance and Repair

DMR-1 RESELLER or RESELLER's Customer-Caused Trouble Reports (percent)

(D)6.2.2.4 Access to OSS Functions:

(GA-1) Gateway Availability – Human-to-Computer Interface (percent)

(GA-2) Gateway Availability – Computer-to-Computer Interface (percent)

(PO-1) Per-Order/Order Response Times (average)

(OP-1 and MR-1) Speed of Answer – Provisioning and Repair Centers (average)

(OP-2 and MR-2) Calls Answered Within 20 Seconds – Provisioning and Repair Centers (percent)

(BI-1) Mean Time to Provide Qwest – Recorded Usage Records (

(BI-2) Mean Time to Deliver Invoices

(B1-3) Billing Accuracy

(D)6.2.2.5 Access to Emergency Services

(ES-1) ALI Database Updates Within 24 Hours (percent)

(ES-1) 911/E911 ES Trunk Installation Intervals (average)

(D)6.2.2.6 Access to Directory Assistance and Operator Services:

(DA-1 and OP-1) Speed of Answer (average)

(DA-2 and OS-2) Calls Answered Within 10 Seconds (percent)

(D)6.2.2.7 Resale Services Ordering and Provisioning:

(OP-3) Installation Commitments Met (percent)

(OP-4) Installation Interval (average)

(OP-5) Installation Trouble Reports (percent)

(OP-6) Delayed Days (average)

(D)6.2.2.8 Resale Services Maintenance and Repair:

(MR-3) Out of Service Cleared Within 24 Hours – Non-Designed Repair Process (percent)

(MR-4) All Troubles Cleared Within 48 Hours – Non-Designed Repair Process (percent)

(MR-5) All Troubles Cleared Within 4 Hours – Designed Repair Process (percent)

(MR-6) Mean Time to Restore (average)

(MR-6) Repair Repeated Report Rate (percent)

(MR-6) Trouble Rate (percent)

(D)6.3 Service Quality Performance Results Reports

(D)6.3.1 For Resale, Qwest will provide core service performance results for the performance indicators listed above for RESELLER, other Resellers in aggregate and Qwest end users.

(D)6.4 Performance Results Provided to Reseller

The performance results provided to RESELLER by Qwest shall be consistent with the current version of the Qwest Service Performance Indicator Description (PID).

(D)6.5 The performance results provided under this Agreement are to be used solely for the purposes set forth herein, and shall be treated as "Proprietary Information" as provided in Section (A)3.14 of this Agreement.

(D)6.6 Service Performance - Reported Events

(D)6.6.1 When applicable, Qwest will report service-related performance results for all "events". An "event" is the activity that generates the measurement.

(D)6.6.2 The Parties will report RESELLER results referenced above provided that RESELLER has ordered and is utilizing the services reported;

(D)6.6.3 Qwest will provide the reports on a calendar monthly basis. These reports will be provided within forty-five (45) calendar days of the close of the preceding month.

(D)6.7 Self Executing Remedies

The purpose and focus of remedies provisions under this Resale Agreement shall be to resolve significant differences in service quality that have been identified through appropriate comparisons of the service performance results reported for the core performance indicators defined above. Self-executing remedies are those actions, defined herein, that Qwest will undertake in good faith and in cooperation with RESELLER to respond to such differences immediately, without waiting for determination of whether actual discrimination may exist.

(D)6.7.1 For this purpose, significant differences shall be considered to be those that are determined to be statistically, operationally, and materially significant in each of three (3) or more consecutive months and that reflect a probability that inferior service was apparently provided to RESELLER, based on the relevant comparison of performance indicator results. Statistical significance shall be determined as defined below. Operational and material significance shall be established by including for comparison only those results that have (a) minimum sample sizes of 30 each, and (b) a relevant comparison demonstrating a service performance difference of a magnitude that can be reasonably considered to have a perceptible effect on end users or RESELLER operations.

- (D)6.7.2 Determination of the statistical significance of any difference in appropriately comparable results shall be based on statistical testing for (1) differences in means (where performance indicator results are reported as averages) or (2) difference in proportions (where performance indicator results are reported as percentages), as follows:
- (D)6.7.2.1 Determination of the significance of a difference in mean values of each monthly service performance indicator results shall be based on a "permutation" test using what is commonly referred to as a "Z" statistic and a maximum of 1,000 randomly selected permutations of the samples. Where sample sizes exceed 600, the "Z" test using the "modified Z statistic" may be used instead of the permutation test. Where used, the modified Z statistic will be based on the statistical variance associated with Qwest's retail performance results, where applicable, or on the variance associated with RESELLER aggregate performance results, where there are no retail performance results.
  - (D)6.7.2.2 The significance of a difference in proportional measurements shall be based on direct calculation of the probability of the observed difference using the binomial distribution with a pooled  $p$  value.
  - (D)6.7.2.3 A difference in results by either test type (i.e., differences in means or differences in proportions) will be deemed statistically significant if the appropriate one tailed test indicates, with 99 percent confidence, that the performance indicator results being compared appear to be from different populations of performance. In other words, that service being provided to RESELLER appears to be inferior to that represented by the comparable results (such as, results representing service provided to Resellers in aggregate or to Qwest retail).
- (D)6.7.3 For each case in which a significant difference as defined above has occurred, Qwest shall:
- (D)6.7.3.1 Immediately investigate to determine the cause(s) of the difference and, where feasible, begin good-faith efforts to resolve the difference;
  - (D)6.7.3.2 Within 45 days, provide to RESELLER a written explanation of the result of the investigation as to

cause(s) and, as applicable, an action plan describing (i) what has and will be done to resolve the difference, (ii) what cooperative actions and timelines on the part of RESELLER are needed to facilitate or expedite resolution, and (iii) listing key milestones for use by the Parties in tracking progress;

(D)6.7.3.3 Offer and meet with designated RESELLER representatives monthly to discuss progress on resolving the difference(s);

(D)6.7.3.4 Escalate to vice president level any significant difference that has or is not projected to be resolved within three months of the difference first being identified as significant as defined above, with commitment at that level to direct due diligence toward removing obstacles and expediting resources where feasible and necessary to resolve the difference as soon as possible.

(D)6.7.4 If a statistically and operationally significant difference has occurred in the trend results for any particular performance indicator, the Parties shall allow three (3) months to correct the difference in the trend results. If the statistically, and operationally significant difference in trend results is corrected within the three (3) month time, no action, formal or informal, shall be taken by either Party with respect to that difference.

(D)6.7.5 If the statistically and operationally significant difference in trend results is not corrected within the three (3) month time frame, the Dispute Resolution provision of this Resale Agreement shall apply.

#### (D)6.8 Delaying Events

(D)6.8.1 A Party's failure to meet a requirement in this Section of this Agreement shall not be included when that failure is a result, directly or indirectly, of a Delaying Event.

(D)6.8.2 A "Delaying Event" means:

(D)6.8.2.1 Failure by either Party to perform any of its obligations set forth in this Agreement,

(D)6.8.2.2 Any delay, act or failure to act by an end user, agent or subcontractor of the other Party, or

(D)6.8.2.3 Any Force Majeure Event.

(D)6.8.3 If a Delaying Event prevents either Party from performing a measured activity, then such measured activity shall be excluded from the performance indicator(s).

(D)6.9 Records Retention for Service Performance Indicators

Qwest shall maintain complete and accurate records, for the specified review period of its performance under this Agreement for each measured activity. Qwest shall provide such records to RESELLER in a self-reporting format. Such records shall be in the format kept in Qwest's ordinary course of business. The Parties agree that such records shall be deemed "Confidential Information."

(D)6.10 Joint Defense and Advocacy

The Parties shall jointly and separately advocate and defend the sufficiency of this Agreement in addressing the nondiscrimination requirements of the Act and wholesale services performance measurements reporting rights, remedies and related terms and conditions in any forum in which its sufficiency might be challenged.

(D)6.11 Cost Recovery

Each Party reserves the right to recover the costs associated with the creation of the above measures, indicators, and reports through a future proceeding before a regulatory body. Such a proceeding may address a wide range of implementation costs not otherwise recovered through charges established herein.

**PART E - NORTH DAKOTA RATES  
LOCAL EXCHANGE SERVICES RESALE OF SERVICES**

The Parties agree the following charges apply to the Resale of Local Services:

1. Nonrecurring Charges.

- a. Customer Transfer Charge (CTC): The following nonrecurring charges apply when converting a Qwest account to a Reseller account or when changing an end user from one reseller to another.

<u>Category of Service</u>	<u>Nonrecurring Charge</u>
<b>Residence or Business Mechanized</b>	
First Line	\$14.56
Each Additional Line	\$ 6.57
<b>Residence or Business Manual</b>	
First Line	\$27.52
Each Additional Line	\$ 7.12
<b>Private Line Transport</b>	
First Circuit	\$45.08
Additional Circuits, Same CSR	\$31.19
<b>Advanced Communications Services, Per circuit</b>	\$50.48

- b. Product Specific Nonrecurring Charge: As set forth in Qwest tariffs, the product specific nonrecurring charges, without discount, will apply when additional lines or trunks are added or when the end user adds features or services to existing lines or trunks.

2. Except as qualified below, all Qwest telecommunications services, including IntraLATA Toll, shall be available for resale at a 16.15% discount.

a. The following services are not available for resale:

- Customer Premises Equipment (separately or in a package)
- Qwest Calling cards
- Inside Wire (including installation, sale or maintenance)
- Concession Service

b. The following services are available only to the same class of customer eligible to purchase that service from Qwest:

- Grandfathered
- Residence
- Lifeline/Link-up

c. The following services are available for resale under this Agreement but are not included in the wholesale pricing reflected above:

- Public Access Lines
- Private Line Used For Special Access

- d. Telecommunications services offered by Qwest at a volume discount are available at an 8.15% discount.
3. Daily Usage Record File: Recurring Charge - \$.0011 per record.

### PART F - SIGNATURE

#### Entire Agreement

This Agreement constitutes the entire agreement between the Parties and supersedes all prior oral or written agreements, representations, statements, negotiations, understandings, proposals and undertakings with respect to the subject matter hereof.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their respective duly authorized representatives.
