

STATE OF NORTH DAKOTA
PUBLIC SERVICE COMMISSION

IN THE MATTER OF THE APPLICATION
OF ENBRIDGE PIPELINES (NORTH
DAKOTA), INC. FOR AN ORDER
TRANSFERRING CORRIDOR
CERTIFICATE NUMBERS 40, 57 AND 68
AND ROUTE PERMIT NUMBERS 49, 64
AND 83 FROM ENBRIDGE PIPELINES
(NORTH DAKOTA), INC. TO ENBRIDGE
PIPELINES (NORTH DAKOTA), LLC.

APPLICATION

Enbridge Pipelines (North Dakota), Inc. ("Enbridge Inc.") hereby files this application for an order transferring Corridor Certificate Nos. 40, 57 and 68 and Route Permit Nos. 49, 64 and 83 from Enbridge, Inc. to Enbridge Pipelines (North Dakota), LLC ("Enbridge LLC") pursuant to Chapter 49-22 of the North Dakota Century Code. In support of this application, Enbridge Inc. states as follows:

1. That in various cases before the Commission Portal Pipe Line Company acquired the Corridor Certificates and Route Permits as detailed on Exhibit "A" hereto as located in Burke, McKenzie and Williams Counties, North Dakota.
2. On December 16, 1998, in Case No. PU-440-98-573, the Commission approved reissuance of said Corridor Certificates and Route Permits by virtue of the name change from Portal Pipe Line Company to Enbridge Inc.
3. Enbridge Inc. is a corporation incorporated in the State of Delaware, with headquarters at Duluth, Minnesota, and its main operations center located in Minot, North Dakota.
4. Enbridge Inc. is currently in the process of changing its organizational status from that of a corporation to that of a limited liability company, pursuant to Delaware law. This is a change in organizational status only, with operations to be continued to be located in Minot. Pursuant

to Delaware law, corporations incorporated therein are permitted to convert to a limited liability company without having to go through a formal dissolution and reorganization.

5. As soon as available Enbridge Inc. will file with the Commission certified copies of documents from the Delaware Secretary of State evidencing this change in organizational status, and will also file the certificate of authority issued by the North Dakota Secretary of State authorizing Enbridge LLC to do business in the State of North Dakota.
6. As previously noted, the same people will be involved in running Enbridge LLC on a day-to-day basis. This assures a continuity in operations not normally found with such a transfer. As a result, Enbridge LLC has the expertise and financial asset base to fulfill all the terms, conditions and modifications mandated by said certificates and permits.
7. Enbridge Inc. requests the Commission to approve the transfer of all of its pipeline facilities and related assets as located in this state as required by Section 49-22-07 and by Section 49-04-05 of the North Dakota Century Code; and together therewith, approve the transfer of the Corridor Certificates and Route Permits set forth on Exhibit "A" hereto.
8. As soon as available, Enbridge LLC will cause to be filed an affidavit from an officer of the company whereby Enbridge LLC agrees to comply with the terms, conditions and modifications contained in said Corridor Certificates and Route Permits.
9. Enbridge Inc. requests that the Commission not schedule a hearing in this matter, but rather waive any requirement of a hearing; and publish a notice of opportunity for hearing in the official newspapers of Burke, McKenzie and Williams Counties, North Dakota, where the pipeline facilities and related assets are located.

Dated this 14th day of March, 2001.
