Case No. PU-2516-01-149

ORDER APPROVING INTERCONNECTION AGREEMENT AMENDMENT

June 6, 2001

On April 2, 2001, Qwest Corporation (Qwest) filed an application for approval of an Amendment for Deaveraged Loop Rate negotiated to its interconnection agreement with Skyland Technologies, Inc. of Helena, MT. This amendment reflects the deaveraged unbundled two-wire loop rates in accordance with the Commission's Order in Case No. PU-314-97-12.

The agreement was filed under Section 252(e) of the Telecommunications Act of 1996 (Act). The Act requires that any agreement adopted by negotiation or arbitration be submitted for approval to the Commission. Under section 252(e)(2)(A), the Commission may only reject an agreement (or portion thereof) adopted by negotiation if it finds that:

1. the agreement (or portion thereof) discriminates against a telecommunications carrier that was not a party to the agreement;
2. the implementation of the agreement (or portion thereof) is not consistent with the public interest, convenience, and necessity.

In addition, the Commission may include in its review state requirements that do not constitute barriers to entry under section 253.

On April 11, 2001, the Commission issued a Notice of Opportunity to File Written Comments which provided that the Commission would receive written comments on the agreement until May 15, 2001. No comments have been received.

The Commission has reviewed the agreement and does not find that it discriminates against a telecommunications carrier that was not a party to the agreement. The Commission finds that implementation of the agreement is not inconsistent with the public interest, convenience and necessity.

Order

The Commission orders:

1. The interconnection agreement amendment for deaveraged loop rate negotiated between Qwest and Skyland Technologies, Inc. filed with the Commission on April 2, 2001, is APPROVED.

NOTICE OF OPPORTUNITY TO FILE WRITTEN COMMENTS

April 11, 2001

On March 22, 2001, in Case No. PU-2510-01-136, Qwest Corporation (Qwest) filed an application for approval of a service resale agreement negotiated with Digital Telecommunications, Inc. (Digital) of Winona, MN. This agreement sets forth rates, terms and conditions under which Qwest agrees to provide services for resale.

On April 2, 2001, in Case No. PU-2516-01-149, Qwest filed an application for approval of an Amendment for Deaveraged Loop Rate negotiated to its interconnection agreement with Skyland Technologies, Inc. of Helena, MT. This amendment reflects the deaveraged unbundled two-wire loop rates in accordance with the Commission's Order in Case No. PU-314-97-12.

Also on April 2, 2001, Qwest filed applications for approval of: 1) Amendment No. 1 negotiated to its interconnection agreement with Sprint Spectrum, L.P. of Kansas City, MO (Case No. PU-2517-01-150); 2) Amendment negotiated to its interconnection agreement with TW Wireless, L.L.C. of Butte, MT (Case No. PU-2522-01-155); and 3) Amendment No. 1 negotiated to its interconnection agreement with Sprint Communications Company, L.P. of Overland Park, KS (Case No. PU-2271-01-15).

These amendments would incorporate terms and conditions into the original Type 2 Wireless interconnection agreements for Qwest's Single Point of Presence service offering as an alternative interconnection option.

Also on April 2, 2001, in Case No. PU-2443-01-157, Qwest filed an application for approval of Amendment No. 2 negotiated to its interconnection agreement with NewPath Holdings, Inc. of Des Moines, IA. This amendment would replace the collocation section of the original agreement in its entirety.

These agreements were filed under Section 252(e) of the Telecommunications Act of 1996 (Act). The Act requires that any agreement adopted by negotiation or arbitration be submitted for approval to the Commission. Under section 252(e)(2)(A), the Commission may only reject an agreement (or portion thereof) adopted by negotiation if it finds that:

1. the agreement (or portion thereof) discriminates against a telecommunications carrier that was not a party to the agreement;
2. the implementation of the agreement (or portion thereof) is not consistent with the public interest, convenience, and necessity.

In addition, the Commission may include in its review state requirements that do not constitute barriers to entry under section 253. Section 252(e)(4) requires that the Commission must act to approve or reject an agreement adopted by negotiation within ninety (90) days after submission by the parties.

The Commission will receive written comments on these agreements until May 15, 2001.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. **Amendment for
Deaveraged Loop Rate
to the Interconnection Agreement
between
Skyland Technologies, Inc.
and
Qwest Corporation**

for the State of North Dakota

This Amendment ("Amendment") is made and entered into by and between Skyland Technologies, Inc. ("CLEC") and Qwest Corporation (formerly known as U S WEST Communications, Inc.) ("Qwest"). Qwest and CLEC shall be known jointly as the "Parties."

RECITALS

WHEREAS, the Parties entered into an Interconnection Agreement that was approved by the North Dakota Public Service Commission ("Commission") on July 15, 1998 (the "Agreement"); and

WHEREAS, the Parties desire to amend the Agreement further by adding the terms, conditions and rates contained herein.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual terms, covenants and conditions contained in this Amendment and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Amendment Terms

This Amendment is made in order to amend Appendix A to the Agreement to reflect the deaveraged unbundled two-wire loop rates in accordance with the Commission's order in Case No. PU-314-97-12, effective May 1, 2000.

Appendix A is revised, and shall replace Appendix A to the Agreement, in the manner attached hereto and incorporated herein.

2. Effective Date

This Amendment shall be deemed effective upon approval by the Commission. The Parties may agree to implement the provisions of this Amendment upon execution, retroactive to May 1, 2000; provided, however, that the Interconnection Agreement has been approved by the Commission. To accommodate this need, CLEC must generate, if necessary, an updated Customer Questionnaire. In addition to the Customer Questionnaire, all system updates will need to be completed by Qwest. CLEC will be notified when all system changes have been made. Actual order processing may begin once these requirements have been met.

3. Further Amendments

Except as modified herein, the provisions of the Agreement shall remain in full force and effect. Neither the Agreement or this Amendment may be further amended or altered except by written instrument executed by an authorized representative of both Parties.

**APPENDIX A
Rates and Charges**

Rates are interim pending North Dakota Commission cost docket approval.

North Dakota Rates

Rates set forth in this Appendix A reflect the final North Dakota UNE Deaveraged Rates in Docket No. PU-314-97-12 effective May 1, 2000.

The rates and charges which are set forth in this Appendix have been adopted by the Parties on an interim basis. The rates and charges that are set forth in this Agreement are on interim basis and reflect a complete statement of the interim rates to be charged for all of the services offered in this Agreement. These rates and charges are subject to change and adjustment in two situations. First, upon the conclusion and issuance of a final order by the Commission which establishes rates and charges in the AT&T arbitration proceeding (PU-453-96-497), the rates and charges established in this Appendix A shall be changed and modified to reflect the rates and charges established in the AT&T arbitration proceeding. Second, at such time as the Commission has concluded its regulatory proceeding, and established permanent rates and charges, this Appendix A shall be, again, finally changed and modified to reflect the rates and charges established in the regulatory proceeding.

In each case, the corrected and modified rates and charges shall be evidenced by a written document entitled "Appendix A" that shall be dated, initialed by the Parties, and identified as being established pursuant hereto. Moreover, the rates and charges, except as otherwise expressly set forth in this Appendix A, will be effective on a prospective, going-forward basis, without refund or adjustment for previous amounts paid.

Note: The Parties have agreed to rates and charges for Common Channel Signaling Access Service as enumerated below. These specific rates and charges will not be subject to the correction and modification described above as a result of the AT&T arbitration proceeding.
