ORDER

March 13, 2002

On December 31, 2001, Qwest Corporation (Qwest) filed an application for approval of an interconnection agreement negotiated with VarTec Telecom, Inc. of Dallas, Texas (Case No. PU-2632-01-663). This agreement sets forth rates terms and conditions for interconnection of facilities, unbundled network elements, ancillary services and services for resale.

On December 28, 2001, Qwest filed an application for approval of amendments negotiated to interconnection agreements with Cellco Partnership d/b/a Verizon Wireless of Walnut Creek, California (Case No. PU-2634-01-665). These amendments.

10 PU-2522-02-3

Pages: 3

Order approving interconnection
agreements
by Public Service Commission

03/13/2002

CC: Comm Legal Ilona Jerry .

set forth inter-carrier compensation for ISP-bound traffic to reflect the FCC Report and Order in CC Docket 99-68.

On January 3, 2002, Qwest filed applications for approval of amendments negotiated to interconnection agreement with TW Wireless, L.L.C. of Denver, Colorado (Case No. PU-2522-02-3) and Sprint Spectrum, L.P. of Overland Park, Kansas (Case No. PU-2517-02-4). These amendments add provisions to the original agreements relating to Qwest's Single Point of Presence service offering.

On January 3, 2002, Qwest filed an application for approval of an amendment negotiated to its interconnection agreement with Preferred Carrier Services, Inc. of Addison Texas (Case No. PU-2482-02-5). This amendment adds unbundled network element combinations to the original agreement.

Also on January 3, 2002, Qwest filed an application for approval of an amendment negotiated to its interconnection agreement with Integra Telecom of North Dakota, Inc. of Beaverton, Oregon (Case No. PU-2463-02-6). This amendment adds rates, terms and conditions to the original agreement for Enhanced Extended Loop.

On January 7, 2002, Qwest filed an application for approval of an amendment negotiated to its interconnection agreement with McLeodUSA Telecommunications Services, Inc. of Cedar Rapids, Iowa (Case No. PU-2057-02-10). This amendment adds rates, terms and conditions to the original agreement for CLEC-to-CLEC Cross-Connections.

These agreements were filed under Section 252(e) of the Telecommunications Act of 1996 (Act). The Act requires that any agreement adopted by negotiation or arbitration be submitted for approval to the Commission. Under section 252(e)(2)(A), the Commission may only reject an agreement (or portion thereof) adopted by negotiation if it finds that:

1. the agreement (or portion thereof) discriminates against a telecommunications carrier that was not a party to the agreement;
2. the implementation of the agreement (or portion thereof) is not consistent with the public interest, convenience, and necessity.

In addition, the Commission may include in its review state requirements that do not constitute barriers to entry under section 253.

On January 16, 2002, the Commission issued a Notice of Opportunity to File Written Comments, which provided that the Commission would receive comments on the agreements until February 19, 2002. No comments have been received.

The Commission has reviewed the agreements and does not find them discriminatory against a telecommunications carrier that was not a party to the agreements. The Commission finds that implementation of the agreements is not inconsistent with the public interest, convenience and necessity.

Order

The Commission orders:

1. The captioned interconnection agreements are APPROVED.
2. The Commission retains continuing jurisdiction over the agreements at all times.
3. Notice of any changes to the agreements must be filed promptly with the Commission.
4. The agreements must not be assigned, assumed or otherwise transferred without the approval of the Commission.

This invoice is due and payable upon receipt. Unpaid items over 30 days from invoice date are subject to a finance charge. The finance charge is computed by a periodic rate of 1 3/4 percent per month (or a minimum charge of 50 cents for balances of under \$50), which is an annual percentage rate of 21 percent. Total unpaid balance may be paid at any time.

Please pay from this invoice — No statement will be sent. Return duplicate with remittance to North Dakota Advertising Service, Inc.

Subject: Notice of Opportunity for Hearing & Notice of Opportunity to File Written Comments

**Colleen
North Dakota Newspaper Association**

Colleen,

Please have the attached Notices published as legal publications in the next issue of the ten North Dakota daily newspapers, run them as "News Item Only" articles as well, and send the bill to the Public Service Commission along with a tear sheet for billing purposes.

If you have any questions, call me at 328-4076.

Thank you.

**Sharon Helbling
Public Utilities Division**

NOTICE OF OPPORTUNITY TO FILE WRITTEN COMMENTS

January 16, 2002

On December 31, 2001, in Case No. PU-2632-01-663, Qwest Corporation (Qwest) filed an application for approval of an interconnection agreement negotiated with VarTec Telecom, Inc. of Dallas, Texas. This amendment sets forth rates terms and conditions for interconnection of facilities, unbundled network elements, ancillary services and services for resale.

On December 28, 2001, in Case No. PU-2634-01-665, Qwest filed an application for approval of amendments negotiated to interconnection agreements with Celco Partnership d/b/a Verizon Wireless of Walnut Creek, California. Theses amendments set forth intercarrier compensation for ISP-bound traffic to reflect the FCC Report and Order in CC Docket 99-68.

Notice of Opportunity to File Written
Comments
by Public Service Commission

01/16/2002

CC: Comm Legal Ilona Jerry .

On January 3, 2002, Qwest filed applications for approval of amendments negotiated to interconnection agreement with TW Wireless, L.L.C. of Denver, Colorado (Case No. PU-2522-02-3) and Sprint Spectrum, L.P. of Overland Park, Kansas (Case No. PU-2517-02-4). These amendments add provisions to the original agreements relating to Qwest's Single Point of Presence service offering.

On January 3, 2002, in Case No. PU-2482-02-5, Qwest filed an application for approval of an amendment negotiated to its interconnection agreement with Preferred Carrier Services, Inc. of Addison Texas. This amendment adds unbundled network element combinations to the original agreement.

Also on January 3, 2002, in Case No. PU-2463-02-6, Qwest filed an application for approval of an amendment negotiated to its interconnection agreement with Integra Telecom of North Dakota, Inc. of Beaverton, Oregon. This amendment adds rates, terms and conditions to the original agreement for Enhanced Extended Loop.

On January 7, 2002, in Case No. PU-2057-02-10, Qwest filed an application for approval of an amendment negotiated to its interconnection agreement with McLeodUSA Telecommunications Services, Inc. of Cedar Rapids, Iowa. This amendment adds rates, terms and conditions to the original agreement for CLEC-to-CLEC Cross-Connections.

These agreements were filed under Section 252(e) of the Telecommunications Act of 1996 (Act). The Act requires that any agreement adopted by negotiation or arbitration be submitted for approval to the Commission. Under section 252(e)(2)(A), the Commission may only reject an agreement (or portion thereof) adopted by negotiation if it finds that:

1. the agreement (or portion thereof) discriminates against a telecommunications carrier that was not a party to the agreement;
2. the implementation of the agreement (or portion thereof) is not consistent with the public interest, convenience, and necessity.

In addition, the Commission may include in its review state requirements that do not constitute barriers to entry under section 253. Section 252(e)(4) requires that the Commission must act to approve or reject an agreement adopted by negotiation within ninety (90) days after submission by the parties.

The Commission will receive written comments on these agreements until February 19, 2002.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify Jon Mielke, Executive Secretary.

Re: Amendment to Interconnection Agreement between Qwest Corporation and TW Wireless, L.L.C.

Dear Mr. Mielke:

On January 3, 2002, I filed an Amendment to the Interconnection Agreement between TW Wireless, L.L.C. and Qwest Corporation adding terms and conditions for Single Point of Presence. It is my understanding that the contact person stated in that letter is incorrect and that the correct contact person for TW Wireless is Mike Felicissimo, 1860 Lincoln Street, 14th Floor, Denver, CO 80202. Mr. Felicissimo can be reached at telephone number 702-947-1624.

Sincerely,

Daniel S. Kuntz

Denver CO 80202

Dear Mr. Hagen:

We have received an interconnection agreement amendment between Qwest Corporation and TW Wireless, L.L.C.

We will process the interconnection agreement amendment, but before you can provide telecommunications services in North Dakota, you are required to apply for a Certificate of Registration for switchless local resale, and/or a Certificate of Public Convenience and Necessity for facilities-based local services. Our records indicate TW Wireless has not done so.

I have enclosed an application form for registration as a reseller, an example of a facilities-based application, and all other rules and laws that apply. When you apply, we also need a current original Certificate of Good Standing from the North Dakota Secretary of State's office.

Tariffs are required for CLECs (see N.D.C.C. 49-21-04 attached). If a local exchange reseller requires prepayments, the bond amount is \$25,000. A copy of the PSC policy relating to bonds for local exchange resellers is enclosed.

If you have any questions, please call me at 701-328-4076.

Sincerely,

Sharon Helbling
Public Utilities Division

Re: Amendment to Interconnection Agreement between Qwest Corporation and TW Wireless, L.L.C.

Dear Mr. Mielke:

Enclosed for filing are the original and seven copies of an Amendment to the Interconnection Agreement between T W Wireless, L.L.C. and Qwest Corporation. The Amendment adds terms and conditions for Single Point of Presence (SPOP). The document amends an Interconnection Agreement between TW Wireless, L.L.C. and Qwest Corporation that was approved by the Commission on February 23, 2000 in Docket No. PU-2211-99-666. The contact person for TW Wireless, L.L.C. is Mr. Rick Hagan, President, 1860 Lincoln Street, 14th Floor, Denver, CO 80202.

Also enclosed is an extra copy of this letter. Please date stamp the extra copy and return it to me in the enclosed self-addressed stamped envelope.

Please contact me if you have any questions regarding this filing.

Sincerely,

Daniel S. Kuntz

Interconnection Agreement amendment
filing
by TW Wireless, L.L.C./Qwest Corporation

01/03/2002

CC: Comm Legal Ilona Jerry

**Amendment to the Interconnection Agreement
Between
TW Wireless, L.L.C. and
Qwest Corporation
For the State of North Dakota**

This Amendment ("Amendment") is made and entered into by and between TW Wireless, L.L.C. ("WSP") and Qwest Corporation.

WHEREAS, WSP and Qwest entered into an Interconnection Agreement ("the Agreement") for service in the state of North Dakota that was approved by the North Dakota Public Utilities Commission ("Commission") on February 23, 2000; and

WHEREAS, WSP and Qwest desire to amend the Agreement by adding the terms and conditions contained herein.

AGREEMENT

NOW THEREFORE, in consideration of the mutual terms, covenants and conditions contained in this Amendment and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Amendment Terms.

This Amendment is made in order to add terms, and conditions for Single Point of Presence ("SPOP") in the LATA as set forth in Attachment 1 and Exhibit A attached hereto and incorporated herein.

Neither Party shall lose any of its rights from the original contract by entering into this Amendment for SPOP.

2. Effective Date.

This Amendment shall be deemed effective upon approval by the Commission; however, the Parties may agree to implement the provisions of this Amendment upon execution. To accommodate this need, WSP must generate, if necessary, an updated Customer Questionnaire. In addition to the Questionnaire, all system updates will need to be completed by Qwest. WSP will be notified when all system changes have been made. Actual order processing may begin once these requirements have been met.

3. Further Amendments.

Except as modified herein, the provisions of the Agreement shall remain in full force and effect. Neither the Agreement nor this Amendment may be further amended or altered except by written instrument executed by an authorized representative of both Parties. This Amendment shall constitute the entire Agreement between the Parties, and supercedes all previous Agreements and Amendments entered into between the Parties with respect to the subject matter of this Amendment.

The Parties intending to be legally bound have executed this Amendment as of the dates set forth below, in multiple counterparts, each of which is deemed an original, but all of which shall constitute one and the same instrument.

T W Wireless, L.L.C.

Attachment 1

Single Point of Presence (SPOP) in the LATA is a Local Interconnection Service (LIS)/Type 2 Interconnection trunking option that allows WSP to establish one physical point of presence in the LATA in Qwest's territory. Qwest and WSP may then exchange traffic at the SPOP utilizing trunking as described following.

1.1 By utilizing SPOP in the LATA, WSP can deliver both Exchange Access (IntraLATA Toll Non-IXC) and Jointly Provided Switched Access (InterLATA and IntraLATA IXC) traffic and Exchange Service EAS/Local traffic at Qwest's Access Tandem Switches. WSP can also utilize Qwest's behind the tandem infrastructure to terminate traffic to specific end offices. The SPOP is defined as the WSP's physical point of presence.

1.2 SPOP in the LATA includes an Entrance Facility (EF), Expanded Interconnect Channel Termination (EICT), or Mid Span Meet POI and Direct Trunked Transport (DTT) options available at both a DS1 and DS3 capacity.

1.3 Where there is a Qwest local tandem serving an end office that WSP intends to terminate traffic, the following conditions apply:

1.3.1 All local trunking must be ordered to the Qwest local tandem for the Qwest end office served by the Qwest local tandem, subject to the 512 CCS rules. Alternatively, the WSP may choose to use the Qwest access tandem for local traffic in those circumstances where the traffic volumes (less than 512 CCS) do not justify direct connection to the Qwest local tandem. When there is a DS1's worth of local traffic (512 CCS) between the WSP's SPOP and those Qwest end offices subtending a Qwest local tandem, WSP will order a direct trunk group to the Qwest local tandem.

1.3.1.1 When a WSP has an NXX that subtends a local tandem, but the anticipated traffic to and from the NXX is less than 1 DS1s (512 CCS) worth of traffic, the WSP may choose to use the access tandem for local traffic in the circumstances described above in 1.3.1. The WSP will be required to submit an electronic letter on WSP letterhead to Qwest stating at which local tandems they will not interconnect. This letter should include, the local tandem CLLI(s) and the WSP specific NPA-NXXs for the local tandems. In addition, WSP will provide a revised electronic letter to Qwest of any changes in the network configuration or addition/deletions of NPA-NXXs of the aforementioned local tandems.

1.3.2 Connections to a Qwest local tandem may be two-way or one-way trunks. These trunks will carry Exchange Service EAS/Local traffic only.

1.3.3 A separate trunk group to the Qwest access tandem is necessary for the exchange of non-local Exchange Access (IntraLATA Toll Non-IXC) traffic and jointly Provided Switched Access (InterLATA and IntraLATA IXC) traffic.

1.4 Where there is no Qwest local tandem serving a Qwest end office, WSP may choose from one of the following options:

1.4.1 A two-way WSP LIS/Type 2 trunk group to the Qwest access tandem for WSP traffic terminating to, originating from, or passing through the Qwest network that combines Exchange Service EAS/ Local, Exchange Access (IntraLATA Toll Non-IXC) and Jointly Provided Switched Access (InterLATA and IntraLATA IXC) traffic.

1.4.2 A two-way WSP LIS/Type 2 trunk group to the Qwest access tandem for WSP Jointly Provided Switched Access (InterLATA and IntraLATA IXC) traffic terminating to and originating from the IXC Feature Group (FG) A/B/D network through the Qwest network and an additional two-way trunk group to the Qwest access tandem for the combined Exchange Service EAS/ Local and Exchange Access (IntraLATA Toll Non-IXC) traffic terminating to, originating from, and transiting the Qwest network.

1.4.2.1 If the WSP uses two way trunking, Qwest will send all Exchange Service EAS/Local, Exchange Access (IntraLATA Toll Non-IXC) and Jointly Provided Switched Access (InterLATA and IntraLATA IXC) traffic delivered to the Qwest access tandem on the same combined trunk.

1.4.3 A one-way terminating WSP LIS/Type 2 trunk group to the Qwest access tandem for WSP traffic destined to or through the Qwest network that combines Exchange Service EAS/Local, Exchange Access (Intra LATA Toll Non-IXC) and Jointly Provided Switched Access (InterLATA and IntraLATA IXC) traffic.

1.4.4 WSP may utilize a one-way LIS/Type 2 trunk group to the Qwest access tandem for Jointly Provided Switched Access (InterLATA and IntraLATA IXC) traffic terminating to the IXC FG A/B/D network through the Qwest network, and an additional one-way trunk group to the Qwest access tandem for the combined Exchange Service EAS/ Local, Exchange Access (IntraLATA Toll Non-IXC) traffic terminating to, originating from, and transiting the Qwest network.

1.4.4.1 If WSP orders either of the above one-way trunk options, Qwest will return the traffic via one combined Exchange Service EAS/ Local, and Exchange Access (IntraLATA Toll Non-IXC) trunk group.

1.4.5 To the extent Qwest combines Exchange Service (EAS/Local), Exchange Access (IntraLATA Toll carried solely by Local Exchange Carriers), and Jointly Provided Switched Access (InterLATA and IntraLATA calls exchanged with a third-party IXC) traffic on a single LIS/Type 2 trunk group, Qwest, at WSP's request, will declare a percent local use factor (PLU). Such PLU(s) will be verifiable with either call summary records utilizing Calling Party Number information for jurisdictionalization or call detail samples. WSP should apportion per minute of use (MOU) charges appropriately.

1.5 WSP must have SS7 functionality to use SPOP in the LATA.

Qwest assumes WSP will be originating traffic destined for end users served by each Qwest access tandem in the LATA, therefore, WSP must order LIS/Type 2 trunking to each Qwest access tandem in the LATA to accommodate routing of this traffic. Additionally, when there is more than one Qwest access tandem within the LATA boundary, the WSP must order LIS/Type 2 trunking to each Qwest access tandem that serves its end-user customers' traffic to avoid call blocking. Alternatively, should the WSP accept the conditions as outlined in the SPOP Waiver (Exhibit A), trunking will not be required to each Qwest access tandem in a

multi-access tandem LATA. Should the WSP not be utilizing the option of interconnecting at the access tandem for local, due to low volume of local traffic under the circumstances described in 1.3.1, WSP needs trunking only to each local tandem where they have a customer base. The 512 CCS rule and other direct trunking requirements will apply for direct trunking to Qwest end offices.

1.6 If Direct Trunked Transport is greater than 50 miles in length, and existing facilities are not available in either Party's network, and the Parties cannot agree as to which Party will provide the facility, the Parties will construct facilities to a mid-point of the span.

1.7 SPOP in the LATA cannot be used in conjunction with existing WSP LIS/Type 2 trunking that connects to Qwest's end office switches with tandem functionality.

1.8 Ordering

1.8.1 SPOP in a LATA will be ordered based upon the standard ordering process for the type of facility chosen. See the Qwest Interconnection and Resale Resource Guide for further ordering information.

1.8.2 WSP will issue ASRs to disconnect/new connect existing access tandem trunk groups to convert them to SPOP trunk groups.

1.8.3 In addition, the ASR ordering SPOP trunks will include SPOP Remarks "Single POP in LATA " and the SPEC Field must carry "SPOLATA ."

EXHIBIT A
SINGLE POINT OF PRESENCE WAIVER

Qwest will waive the requirement for WSP to connect to each Qwest Access Tandem in the LATA with this waiver amendment.

WSP certifies that it will not originate any traffic destined for subtending offices of Qwest's Access Tandems for which WSP seeks a waiver. Or, if WSP does originate such traffic, that WSP will route such traffic to a Non-Qwest network. In addition, WSP certifies that it has no end users in the serving area of the Qwest Access Tandem for which WSP seeks a waiver.

WSP will send an electronic letter to Qwest indicating the Qwest access tandems subject to this waiver at the time of ordering trunks required to implement SPOP in the LATA. In addition, WSP will provide a revised electronic letter to Qwest advising of any changes in the network configuration of the aforementioned access tandems. Should WSP desire to begin serving end users in the serving area of a Qwest access tandem currently under this waiver, WSP must first establish trunking to the Qwest access tandem. Additionally, should WSP desire to originate traffic destined to a Qwest end office subtending a Qwest access tandem currently under this waiver, WSP must first establish trunking to the Qwest access tandem.

Under this waiver any WSP originated traffic destined for an end office subtending a Qwest tandem under this waiver will be billed separately, by Qwest to WSP, via a manual bill.

Misrouted usage under this waiver will be billed, a penalty of \$.21 per MOU.

Additionally, a manual handling fee of \$100 or 10% of total billing, whichever is greater, will be charged for each such manual bill rendered.

Late Payment charges will apply as outlined in the existing Interconnection Agreement currently in effect between the Parties.

Should this traffic occur, the Parties agree to meet within forty-five (45) days of Qwest's identification of such misrouted traffic to discuss methods for avoiding future misrouting on that trunk group or groups. WSP will then have thirty (30) days from the date of meeting to correct such misrouting on that trunk group or groups. If further misrouting occurs or continues after that date on the same trunk group or groups as the original misrouting identified, the Parties agree to meet again within thirty (30) days of Qwest's identification of such misrouted traffic to discuss methods for avoiding future misrouting on that trunk group or groups. WSP will then have thirty (30) days from the date of meeting to correct such misrouting. If further misrouting occurs or continues after that date on the same trunk group or groups, Qwest will consider this waiver null and void and all requirements in Attachment 1 or in the existing Interconnection Agreement currently in effect between the Parties will be reinstated. If the parties disagree about whether the traffic identified by Qwest was actually misrouted, the Parties agree to avail themselves of the dispute resolution provision of their interconnection agreement. Nothing in this provision affects or alters in any way WSP's obligation to pay the rates, the manual handling fee, and the late payment charges specified above for misrouted traffic.
