ORDER

May 8, 2002

On February 19, 2002, Qwest Corporation (Qwest) filed an application for approval of an amendment negotiated to its interconnection agreement with New Edge Network, Inc. of Vancouver, Washington, Case No. PU-2442-02-66. This amendment replaces in their entirety, the rates terms and conditions for unbundled loops and unbundled dedicated interoffice transport.

On March 4, 2002, Qwest filed an application for approval of an interconnection agreement negotiated with Premiere Network Services, Inc. of DeSoto, Texas, Case No. PU-2658-02-92. This agreement adopts Qwest's third revised Statement of Generally Available Terms and Conditions.

On March 4, 2002, Qwest filed an application for approval of an amendment negotiated to its interconnection agreement with U.S. Link, Inc. of Pequot Lakes, Minnesota, Case No. PU-2630-02-93. This amendment sets forth rates for unbundled network element combinations.

On March 4, 2002, Qwest filed an application for approval of an amendment negotiated to its interconnection agreement with WWC Holding Co., Inc. of Bellevue, Washington, Case No. PU-2659-02-94. This amendment sets forth compensation for ISP-bound traffic in accordance with the FCC order in CC Docket 99-68.

On March 6, 2002, Qwest filed an application for approval of an amendment negotiated to its interconnection agreement with Integra Telecom of North Dakota, Inc. of Beaverton, Oregon. This amendment sets forth rates, terms and conditions for collocation cancellation and decommission.

These agreements were filed under Section 252(e) of the Telecommunications Act of 1996 (Act). The Act requires that any agreement adopted by negotiation or arbitration be submitted for approval to the Commission. Under section 252(e)(2)(A), the Commission may only reject an agreement (or portion thereof) adopted by negotiation if it finds that:

1. the agreement (or portion thereof) discriminates against a telecommunications carrier that was not a party to the agreement;
2. the implementation of the agreement (or portion thereof) is not consistent with the public interest, convenience, and necessity.

In addition, the Commission may include in its review state requirements that do not constitute barriers to entry under section 253.

On March 13, 2002, the Commission issued a Notice of Opportunity to File Written Comments, which provided that the Commission would receive comments on the agreements until April 19, 2002. No comments have been received.

The Commission has reviewed the agreements and does not find them discriminatory against a telecommunications carrier that was not a party to the agreements. The Commission finds that implementation of the agreements is not inconsistent with the public interest, convenience and necessity.

Order

The Commission orders:

1. The captioned interconnection agreements are APPROVED.
2. The Commission retains continuing jurisdiction over the agreements at all times.
3. Notice of any changes to the agreements must be filed promptly with the Commission.
4. The agreements must not be assigned, assumed or otherwise transferred without the approval of the Commission.

1. the agreement (or portion thereof) discriminates against a telecommunications carrier that was not a party to the agreement;
2. the implementation of the agreement (or portion thereof) is not consistent with the public interest, convenience, and necessity.

In addition, the Commission may include in its review state requirements that do not constitute barriers to entry under section 253. Section 252(e)(4) requires that the Commission must act to approve or reject an agreement adopted by negotiation within ninety (90) days after submission by the parties.

The Commission will receive written comments on this agreement until April 17, 2002.
