The Contractor may not enter into subcontracts for any of the work contemplated under this contract unless included in the specific provisions of this contract.

The Commission, by ten days written notice listing causes and reasons, may terminate this contract in whole or in part when it is determined that the Contractor has failed to meet the conditions of the contract. The two parties shall agree upon the termination conditions including effective date and in the case of partial terminations, that portion to be terminated.

In the event state or federal funds are reduced or terminated, the financial participation of the Commission may be reduced or terminated.

The Contractor agrees to maintain and retain all books, records, and other documents required by the Commission relevant to this agreement for four years after final payment. Records shall be retained beyond four years if audit findings have not been resolved.

No Claim for Additional Work

No claim for additional services not specifically herein provided, done, or furnished by the Contractor will be allowed, nor shall the Contractor do any work or furnish any material not covered by the contract, unless such work is ordered in writing by the Commission.

For positions that are funded from more than one source, an analysis of duties performed by program shall also be prepared.

SPECIFIC PROVISIONS **July 3, 2002**

Purpose

Montana-Dakota Utilities Co. has filed an application to increase its North Dakota natural gas rates. To fully pursue and represent its case, staff requires assistance to analyze MDU's filing and to provide written and oral testimony. The contractor will determine the appropriate cost of service and rate design. The work will include sufficient detail as is necessary to successfully testify under cross-examination.

All work under this contract must be completed prior to the commission's fiscal year ending June 30, 2003. More importantly, the work needs to be sufficiently complete so as to provide written testimony by August 30, 2002 and oral testimony at the technical hearing to be held October 7-8, 2002.

The specific purpose is to investigate, analyze and provide testimony proposing the proper rate base, cost of capital, revenues and expenses, depreciation rates and rate design necessary to yield the opportunity for MDU to earn a fair and reasonable return on its natural gas investment in North Dakota including:

1. Professional analysis and review of filing.
2. Prepare and conduct discovery.
3. Periodic progress reports of discovery, conclusions and recommendations to keep staff updated.
4. Prepare written testimony and provide an advanced copy to staff for review prior to submitting as a formal document.
5. Prepare written and oral testimony in rebuttal to testimony of other parties in the proceeding.
6. Testify at the hearing.
7. Assist staff legal counsel in preparation of cross-examination of the witnesses of other parties to the proceedings.
8. After the hearing, assist staff legal counsel in preparation of findings of fact for a proposed commission decision.

Compensation

The Contractor will be compensated based on periodic submittal of progress reports. Final payment will be made upon satisfactory completion of the described project work, as determined by the commission.

In the event the case is settled or this agreement is otherwise terminated prior to completion of project work, then compensation will be awarded for work satisfactorily completed.

No part of this contract may be assigned, sublet or subcontracted.
