(H) Designated Services Available To Lifeline Customers

- (1) Voice grade access to the public switched telephone network
- (2) Local usage
- (3) Dual tone multi-frequency signaling or its functional equivalent
- (4) Single-party service or its functional equivalent
- (5) Access to emergency services
- (6) Access to operator services
- (7) Access to interexchange service
- (8) Access to directory assistance
- (9) Toll blocking service (optional) at no charge

(I) The number of airtime minutes allowed and the local calling area shall be as set forth in the retail service offering provided by the Company as described in Section 4.2. The customer shall be liable to the Company for payment of any and all charges associated with use of the Lifeline service.

(J) The cost of the handset or other equipment necessary to access the Company's cellular network shall be borne by the customer.

(K) Eligible customers may elect toll blocking service to not allow the completion of outgoing long distance calls from the customer's wireless phone. Eligible customers who elect toll blocking service shall not be required to pay a service deposit to initiate Lifeline service. If toll blocking is not requested, the Company may charge a service deposit.
