Several Commissioners and staff members may take in this VoIP broadcast on 2-19-04. You are being notified of this possibility in order to avoid any *ex parte* issues with the CallSmart case, and also to invite you to take part. You can receive the broadcast individually, or you are welcome to attend in the Commission's hearing room in Bismarck. Please let me know if you plan to attend in Bismarck. Thanks much.

This might be useful information for us, since we have the voice over IP case before us. If any of us plan to listen, should we let the parties of the case before us also know about this video event? Should we invite them to attend in our hearing room?
