Subject: Abandonment BNSF Railroad

none;

The following contact was recorded into the Public Contact System:

Cliff Issendorf
Bottineau County Water Resource Bd

Newburg ND
Phone: 701-272-6379

The issue is as follows: Concerned about how to make sure the railroad cleans up abandoned track, keeps culverts open and controls noxious weeds on abandoned railroad ROW. Is concerned about the Souris to Westhope abandonment, but says there are still problems with the Newburg to Upham line abandoned about 6 or 7 years ago. I told him the railroad is responsible under NDCC 49-09-04.3, and if problems occur, have county or city request assistance from the PSC.

The resolution so far is as follows: Resolved
No Additional notes.

The issue is resolved as of 05/13/04 13:49
This issue is jurisdictional.
