QUESTION:

Joe,
Wanzek is concerned with the cultural area bordering R4. We would like to move the tower 50' to the west so that the cultural area isn't impacted during any of the phases of the construction process. No wetlands will be affected if this tower is relocated.

PROPOSED SOLUTION:

Wanzek would like to move R4 50' to the west to give an additional buffer between the tower and the cultural area.

Requested By: Wanzek Construction, Inc.

Date: 11/26/2008

Signed: Chase Pearson

ANSWER:

Relocation of turbine R-4 is approved as stated above (50' due West). Westwood will be on site on December 2, 2008, to stake the new turbine location and provide staking around the nearby cultural resource area.
