Subject: wind farm

I read with interest the article in today's Fargo Forum about the wind farm in Pierce County. I want to thank you for approving this project. The land in that area, for the most part, is not very good. I think it's about time that farmers and land owners in that area get a break. My mother owns land near the J.T.McIntire farmstead. In fact the wind turbine that will be constructed 3/4 of a mile from his place will, hopefully be on my mothers land. His comments against the wind turbines have been an irritant to my family and others in the community. I grew up there, and frankly I don't see how it can possibly "mar" the landscape. Once again, Thanks, Marlene Nelson, Sutton, N.D.
