### REQUEST FOR STATUS UPDATES

RE: **Project:** Rugby Wind LLC – Rugby Wind Facility  
Case No. PU-05-47  
Aircraft Detection Lighting System

My August 2, 2021, letter requested monthly updates on the status of implementation of light-mitigating technology for the Project beginning the first week of September 2021.

Please provide an update for February and continue to provide monthly updates the first week of each subsequent month until the Commission is notified by Rugby Wind that a functioning light-mitigating technology system is implemented.

Please feel free to contact me with any questions.

Best regards,

Patrick Fahn  
Director, Public Utilities Division
