

PLAINS
PIPELINE, L.P.

September 18, 2007

Mr. Patrick Fahn
North Dakota Public Service Commission
600 East Boulevard, Dept. 408
Bismarck, ND 58505-0408

Dear Mr. Fahn:

Enclosed is the second annual report to present woody vegetation survival for trees and shrubs replanted under Public Service Commission order No. PU-05-184 for pipeline construction in Williams County, ND.

Replacement trees and shrubs were inspected on September 17, 2007. The woody vegetation was found just under 70% growing in the areas inspected. Replanting of woody vegetation will be done in the spring of 2008 with a subsequent report in the fall.

Please call me at 701-575-4254 ext. 34 if you have any questions.

Respectfully,

Daniel Holli

Tree Damage and Replacement Report for order No. PU-05-184

T Martin: (Total 310 initially planted)

213 woody vegetation saplings were found to survive at this time.

This corresponds to a survival rate of 68.7%.

Replanting of woody vegetation that did not survive will be done in the spring of 2008.

~~The subsequent woody vegetation survival report will be submitted in the fall of 2008.~~
