

MEMORANDUM

To: Commissioners, Illona Jeffcoat-Sacco, Bill Binek

From: Patrick Fahn

Date: August 2, 2005

Subject: Enbridge Pipelines (North Dakota) LLC, Case No. PU-05-274
Pre-construction Conference

In Case No. PU-05-274, the Commission ordered that a conference be held prior to construction of the East Fork pump station in Williams County and the upgrades of the Trenton and Alexander pump stations. The order required that the conference include an Enbridge representative, its construction supervisor, and Commission staff to insure Enbridge fully understands the conditions set forth in the order.

On August 2, 2005, a pre-construction conference was held (by conference call). Enbridge provided digital photos of the project sites. In attendance were John Pechin (Enbridge project manager) located in Superior WI, Tony Glassburner (Enbridge project coordinator) located at the Trenton Station ND, and myself.

The conference included a review of the order's findings of fact and ordering clauses, the penalty provisions of NDCC § 49-22-21, and a question and answer period.
