Subject: Enbridge Energy Project Update as of 1-23-06

Dear Mr. Fahn,

Last week commissioning started on 1-16-06 and was completed by Thursday 1-19-06. Initial pump runs indicate the Alexander to Trenton section is performing as expected. There is only the punchlist items left to complete. Some of the items may take until the spring to complete.

Since all of the major components of the project are complete should I continue to report weekly until all the punchlist items are finished?
