

STATE OF NORTH DAKOTA
PUBLIC SERVICE COMMISSION

**Enbridge Pipelines (North Dakota) LLC
Trenton to Beaver Lodge Pipeline - Williams County
Siting Application**

Case No. PU-06-330

NOTICE OF FILING AND NOTICE OF HEARING

July 28, 2006

On July 26, 2006, Enbridge Pipelines (North Dakota) LLC (Enbridge) filed a Consolidated Letter of Intent and Application for Waiver or Reduction of Procedures and Time Schedules and for a Corridor Certificate and Route Permit. Enbridge proposes to construct 52 miles of 10-inch pipeline adjacent and parallel to its existing pipeline from the existing Trenton Station to its existing Beaver Lodge Station, all in Williams County.

Enbridge requests that the Commission (1) waive the time period required for separate filing of a Letter of Intent and the one year waiting period for the filing an application; (2) waive the requirement of separate filings of applications, separate notices of such applications, separate hearings on such applications and certain time schedules; (3) approve a one mile corridor rather than a 5.2 mile corridor required under North Dakota Administrative Code § 69-06-04-02(1)(b); (4) hold one expedited public hearing on the combined applications; and (5) designate the corridor and route as requested.

The Commission finds the application is complete.

A **public hearing** on this matter will be held **August 28, 2006 beginning at 10 a.m. CDT (9 a.m. MDT) at the Williston City Hall, Commission Chambers, 22 E Broadway, Williston, ND**. Issues to be considered in this matter include:

1. Will the location, construction, and operation of the proposed pipeline facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Are the proposed pipeline facilities compatible with the environmental preservation and the efficient use of resources?
3. Will the proposed pipeline facilities locations minimize adverse human and environmental impact while ensuring continuing

system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

4. Are the proposed pipeline facilities of such length, design, location, or purpose that they will produce minimal adverse effects so that procedures and time schedules may be waived?
5. Is it appropriate for the Commission to waive any procedures and time schedules as requested in the application?

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or braille materials please notify Ilona A. Jeffcoat-Sacco, Executive Secretary, at least 24 hours in advance.
