Subject: Exhibit Nos. 3 and 6, Enbridge Pipelines LLC, Case No. PU-06-330

Brian: Exhibit No. 6 contains reduced size duplicates of the large maps that are marked as Exhibit No. 3 in this case. Exhibit No. 3 contains the large maps that were on display at the hearing. The Commission has no reasonable way of incorporating the large maps in the case file. There was some confusion over these exhibits at the hearing, but I think the overall intent was to have Exhibit No. 6 replace Exhibit No. 3. Therefore, if Enbridge has no objection, I recommend that the Commission treat Exhibit No. 6 as a replacement for Exhibit No. 3 and that Exhibit No. 3 be deleted from the record.

Please respond as soon as possible.
