Pat,

Attached is the update concerning Enbridge's HDD work for the week prior to the Christmas holiday. We shut down all field work 12/20/06 and are scheduled to re-start tomorrow 1/3/07. We have one crossing to finish and should get that completed this week.....weather permitting.

Sorry for the late update but I was out of the office from 12/20 until today.

Thanks

Ty France
