Re: Enbridge Pipelines (North Dakota) LLC - Trenton to Beaver Lodge Pipeline Case No.
PU-06-330

Dear Mr. Fahn:

Enbridge Pipelines (North Dakota), L.L.C. (Enbridge) has completed three years of tree monitoring in accordance with Order 22 of the Findings of Fact, Conclusions of Law & Order dated September 20, 2006 for Case No. PU-06-330. Monitoring was completed by the Williams County Soil Conservation District (WCSCD) and those results are included in the attached table. Enbridge believes that because survival rates are not less than 75%, the requirements under the Order have been fulfilled.

If you have any questions please contact me at (715) 394-1573.

Sincerely,

Joseph J. Peterson
Sr. Environmental Analyst, Liquid Pipelines
Enbridge Energy, Superior, Wisconsin Office
