<b>Enbridge Pipelines (North Dakota) LLC Crude Oil Pump Stations- Mountrail-McHenry- Ramsey-Grand Forks Ctys Siting Application</b>	<b>PU-06-349</b>
---	------------------

- Company: Enbridge Pipelines (North Dakota) LLC
- Facility: New pumping stations on existing crude oil pipeline to be located near Blaisdell, Denbeigh, Penn and Larimore. Enbridge has in place agreements to purchase the lands encompassing these four stations and all construction will take place on land owned by Enbridge.
- Purpose: To increase pipeline capacity to transport increased production of crude oil from producers in the Williston Basin of North Dakota and Montana.
- Cost: Estimated at \$17 million.
- Schedule: Enbridge hopes to begin construction at all stations prior to ground freeze in 2006 and complete the stations by August 2007.
- History: On August 4, 2006 Enbridge filed its consolidated Letter of Intent, application for corridor certificate and route permit, and request for waiver of procedures and time schedules.
- Today's Action: The Commission will vote whether the application is complete, whether to provide notice of Enbridge's filing and issue a notice of opportunity for hearing.
