**RE: Communications Network Billing Cease and Desist Order Case No. PU-06-373 &
Case No. PU- 06-378**

Dear Mr. Binek:

As per our telephone conversation and agreement on December 6, 2006 in the Commissioners meeting, I have enclosed the penalty check for the relief sought in the amount of \$5,000.00 for Case No. PU-06-378. Communications Network Billing is also asking the Commission to dismiss the Cease and Desist Order Case No. PU-06-373. You will also find a descriptive of our actions taken to eliminate future attempts of deceptive marketing.

Communications Network Billing, Inc., ("CNBI") has enclosed a check in the amount of \$5,000.00 for the relief sought for the deceptive marking call in an attempt to switch long distance services of Montana Dakota Utilities. Communications Network Billing accepts all responsibilities for marketing efforts provided by outside marketing agencies and apologizes to Montana Dakota Utilities and the Commission for this error.

Communications Network Billing, Inc. is asking the Commission to lift and remove the Cease and Desist Order Case No. PU-06-373. Communications Network Billing, Inc. did immediately cease all our marketing efforts on August 30, 2006 upon receipt of the order. Communications Network Billing will continue with our own internal "voluntary cease and desist" until we have fully retrained our retained marketing agencies.

Communications Network Billing, Inc. has recently reviewed and updated our marketing procedures to make the necessary changes for the business and incorporate some new programs and policies:

- We have made it clear to our marketing agencies that:

*895 Dove Street, 3rd Floor, Newport Beach, CA 92660
949.851.4616 fax 800.757.2049*

- Random sales monitoring must be done throughout the day for each representative marketing our products.
- We have redefined our “zero tolerance policy” which Misrepresentations will not be tolerated and will result in immediate representative termination.
- In order to verify that these changes are sufficient we have instituted a quality control call back system whereby a percentage of the customers will be called back to insure that they understand we have switched their service to Communications Network Billing and that there has been no misrepresentation.
- Our verification script has been strengthened to make it very clear to the customer that their long distance service will be switched.

Communications Network Billing, Inc. is not condoning any marketing agency retained to represent themselves as another provider or carrier. Communications Network Billing, Inc. is not affiliated with another provider or carrier. Communications Network Billing, Inc. is a provider of long distance services at competitive pricing.

Communications Network Billing, Inc. believes we have resolved our marketing issues and asks the Commission to forgive our errors and allow us to continue business in the state of North Dakota.

On behalf of Communications Network Service Billing I am asking for a dismissal of Case No. PU-06-373 and I would greatly appreciate considerations given. Please contact me directly with any further questions regarding this matter. You may reach me by direct telephone at 651-552-9661 or by direct fax 651-552-9774 or via my direct email prregulatory@comcast.net. Thank you.

Very truly yours,
Communications Network Billing Inc.

Pamela S. Rieck
Regulatory Affairs Director
