Public Service Commission and
Todd Kranda - attorney for TransCanada Pipeline

I John and Janie Capp wish to be able
to intervene at the hearings on July 23
@ Valley City and July 24 at Park River
on the topic of the Keystone Pipeline.

We live at 12466 60th St. NE Rankin,
N.D. 58250 our phone is 701-593-6126.

The reason is that we believe the
proposed pipeline that will be crossing
3 1/2 Qtrs. of our land which one of
the Quarters is our farmstead where
we live and have livestock, is a big
liability to the State of N.D. and us.
Therefore we oppose it. So we wish
to be able to intervene.
