Nicholas Delaney Attorney

*We as interveners on case # PU-06-421 TransCanada Keystone Pipeline,LP;
Wish to make a motion of continuance on the hearing scheduled for Sept. 5th
do to that it will cause a hardship on us because of harvest. Due to the
untimely rains and unsuitable drying weather we have not been able to finish
our crops. If possible it would be appreciated for 3 to 4 weeks continuance.*

Thank you for considering this.

Intervener
