Subject: Call from city of Fargo

Although the City of Fargo is not an official intervener in the Keystone TransCanada pipeline case, out of an abundance of caution, I write this note to the case file.

This afternoon I was contacted by phone by Pat Zavarol and Mayor Dennis Walaker, both of the City of Fargo. They asked about the status of the case. The ensuing discussion related to administrative procedures in handling regulatory cases. I recapped for them commission discussion last Friday, especially regarding our request to Judge Wahl for a determination of PSC options regarding information received after the hearings.

I recommended that it would be appropriate for the city to discuss these matters and other more case specific issues with PSC staff.
