Re: TransCanda Keystone Pipeline

Dear Mr. Royse,

Thank you for submitting input regarding the proposed TransCanada Keystone Pipeline. Your Oct. 18 letter was received and has been forwarded to the commissioners.

At a meeting on Wednesday, Oct. 24, the commission will be discussing whether public input received after the hearings can or should become part of the record. The commission will also be considering extending the timeframe for a final decision. The meeting begins at 10 a.m. in the commission hearing room on the 12th floor of the Capitol. I encourage you to attend the meeting. If you cannot attend the meeting, you can listen to it live on the Internet at <http://www.psc.state.nd.us/media/comm-live.html>.

In your letter, you asked about design standards of the pipeline. For technical questions about the pipeline, please contact our Chief Engineer Pat Fahn at 328-4077.

Don't hesitate to contact me or anyone else at the commission if you have any questions or concerns.

Sincerely,

A handwritten signature in black ink that reads "Tom Rafferty". The signature is stylized and includes a long horizontal line extending to the right.
