Subject: RE: Keystone Pipeline

Dear Neil – Thank you for your letter regarding the pipeline. It will be placed in the public input file for the Keystone Pipeline Case.

Best Wishes, Commissioner Susan Wefald

Subject: Keystone Pipeline

Dear Commissioners:

We urge the commission to reject Fargo's request to reopen the Keystone Pipeline proceeding.

The pipeline stand to bring significant benefits to Cavalier County in new tax revenues and economic activity. Pipeline assets in Cavalier County are estimated to generate up to \$250,000 per year in tax revenues which will help local residents and schools in particular. The project will also deliver oil to meet U.S. needs for fuels, fertilizers and other products. Keystone must meet stringent safety standards. Let's get on with it so we can begin to realize these benefits.

Neil Romfo
Cavalier County Commission Board Member and Marilyn Romfo
