**NDSHPO REF. : 06-0088k Department of State (DOS)/ND PSC
(TransCanada) Keystone Oil Pipeline Project Applicant for Presidential
Permit: Determination of Effect Concurrence**

Dear Ms. Orlando:

We have received and reviewed project documentation: **06-0088k Department of State (DOS)/ND PSC (TransCanada) Keystone Oil Pipeline Project: Determination of Effect Concurrence**, as presented in Attachment A (enclosed attachment) and in the January 3, 2008 DOS correspondence, and find it acceptable. We concur with a **"No Historic Properties Affected"** determination for sites and isolated finds listed in Attachment A provided the anticipated action recommended takes place (i.e., avoidance by reroute, directional boring, or NRHP evaluation).

Also, we look forward to receiving and the forthcoming review of other report(s)/supporting documentation covering the remaining aspects of the project, as outlined in prior DOS correspondence.

Thank you for the opportunity to review the documentation, and to further consultation on the project. If you have questions please contact either Paul Picha at (701) 328-3574 or Susan Quinnell at (701) 328-3576.

Sincerely,

Merlan E. Paaverud, Jr.
State Historic Preservation Officer (North Dakota)
and

Director, State Historical Society of North Dakota

enc. as stated
