PUBLIC SERVICE COMMISSION

Mr. Kranda: The ND Parks and Recreation Department has reviewed the reroutes and find no issue with the adjusted alignment. Regarding the change from boring through the Sheyenne Byway to trenching we understand route alignment will be done through open areas to minimize disturbance of the forested valley and scenic view shed. It is further understood that local input regarding this alignment is happening. We simply reinforce this approach and ask that biological review and cultural be advanced on those alignments to minimize impact and mitigation of impacted areas be accomplished to retain and or improve the visual quality of the National Scenic Byway corridor. Doug Prchal, Director.

North Dakota Parks & Recreation Department
Director, Douglas Prchal

Notice to State Agencies and Officials as Identified Pursuant to Section 69-06-01-05 ND Admin Code:

TransCanada Keystone Pipeline has previously filed with the North Dakota Public Service Commission (PSC) a Motion dated April 7, 2008 for approval of certain reroutes and a subsequent Motion dated April 29, 2008 for approval of five pending route refinements. These two Motions are both on file with the PSC.

A formal Notice of Filing was previously served by mail on each agency and state official for each of these individual motions. A copy of each Notice of Filing with the Affidavit of Service are attached to this email for your reference.

The PSC has requested that Keystone provide email notice to each agency and state official with a deadline for comment on these two pending Motions that have been filed with the PSC. This email is intended to be such notification to you that any comments on the pending motions be provided in writing to the PSC located at 600 East Boulevard - Dept 408 in Bismarck, with a copy of such written comments also mailed to the undersigned, by **no later than 5:00 p.m. central time on Friday, May 16, 2008.**

Thank you for your attention to this matter.

Sincerely,

Todd D. Kranda
Attorney for TransCanada Keystone Pipeline
