Re: TransCanada - Keystone Pipeline Project  
Case No: PU-06-421  
Our File No. 11815

Dear Ms. Jeffcoat-Sacco:

With regard to the previously filed April 7, 2008 motion for approval of extra work space in forested areas which had its initial hearing on May 1, 2008, I am filing an original and seven copies of the 12% Extra Work Space Maps at Stream Crossings (including an amended map with the proposal for the stream crossing with landowner Johansen). These maps show the varying slope of the stream banks and specifically those with 12% or greater slope as they relate to the extra work space that has been requested for spoil areas near the stream crossings.

I am also enclosing an original and seven copies of the Certificate of Service. I have also forwarded an electronic copy of this letter and the Certificate of Service along with the ftp site information where the maps are located and available for downloading.

If you have any questions, please feel free to contact me.

Sincerely,

Todd D. Kranda
