Re: TransCanada - Keystone Pipeline Project - Post-Construction Inspection Follow-Up
Case No: PU-06-421
Our File No. 11815

Dear Mr. Fahn:

This letter is in follow-up to your prior letter of April 4, 2016 and the recent March 3, 2017 email message with an inquiry from Sara Cardwell, Public Utility Analyst, regarding the Post-Construction Inspection Follow-Up compliance actions by TransCanada on the Keystone Pipeline in North Dakota.

In your letter you had asked for a written response confirming the completion of the following activities:

1. Confirmation or installation of pipeline markers on the north side of the roadways at Mile #62, 49th Street NE, and at Mile #93, 19th Street NE, and County Road 20.
2. Placement of mile markers on taller posts at Mile #137 at 24th Street SE, Section 31 Township 142N.

The pipeline markers and the mile markers, as indicated above in paragraphs 1 and 2, have all been placed and completed. Accordingly, please consider this letter as confirmation of the completion of the activity and all of the signage is in place as required.

If there is any additional information or documentation required please notify me. Also, if you have any questions, please feel free to contact me.

Sincerely,

Todd D. Kranda
