**ORDER UPON MOTION TO STRIKE**

Otter Tail Corporation and Montana-Dakota Utilities Co. (collectively “Applicants”) have jointly moved for an order striking portions of the supplemental direct testimony of David A. Schlissel (“Schlissel”) filed on behalf of Mark Trechock and the Dakota Resource Council (collectively “Intervenors”) upon the grounds that it is prohibited by the Order Granting Motion In Limine issued for these matters dated April 24, 2007. The Applicants have filed with their motion a copy of Schlissel’s direct testimony, marked “Exhibit A,” indicating the parts of his testimony objected to as prohibited by the order. Exhibit A for the Applicant’s motion is adopted and incorporated by reference for this order.

Having considered the Applicants’ motion and the Intervenors’ response, and considering that N.D.C.C. § 49-02-23 specifically and only prohibits “environmental externality values” as numerical costs or quantified values that are assigned to represent the alleged costs of complying with future environmental laws or regulations that have not yet been enacted, it is

Ordered, that the Applicants’ motion for an order striking portions of the supplemental direct testimony of David A. Schlissel, as prohibited by the Order Granting Motion In Limine issued for these matters, as indicated by Exhibit A, is granted, excepting the following portions of that testimony which do not specifically state numerical costs or quantified values and shall therefore be allowed:

- p. 11, ll. 15–17
- p. 40, ll. 20–21

- p. 54, ll. 1–8
- p. 55, l. 11 through p. 56, l.7
- p. 68, ll. 9–13; ll. 17–20
- p. 70, ll. 14–15
- p. 73, ll. 14–15
- p. 74, ll. 18–25, but deleting “if we included the Synapse CO<sub>2</sub> price forecasts or”; p. 75, Table 5, but deleting rows 3, 4, and 8; and ll. 4–9, but deleting “either (1) any CO<sub>2</sub> price of \$9/ton or higher or (2)” in ll. 5–6, and, obviously, “The” in l.9
- p. 76, ll. 14–15 and all of p. 77, but deleting columns 2, 3, and 6 of Table 6 and “does not include any CO<sub>2</sub> costs” in l.7

Intervenors have failed to show any legal basis and authority by which Applicants are estopped from objecting to their use of numerical costs and quantified values assigned to represent the alleged costs of complying with future environmental laws or regulations by Applicants use of such evidence. Notwithstanding that any such evidence is offered without objection and received, to the extent that it is proscribed by the provisions of N.D.C.C. § 49-02-23 the Commission may not use that evidence.
