**Subject:** Intervenor Direct Supplemental Testimony, OTP and MDU Advance Determination of Prudence, Case Nos. PU-06-481 and PU-06-482

Yesterday the Commission received the Intervenor's Direct Supplemental Testimony. The testimony they filed contains unredacted trade secret information. They did not file public versions of the testimony with the trade secret information redacted. The testimony that was filed has been put in the trade secret file and has not been docketed. I called attorney John Breen and advised that the Intervenor must file the testimony with trade secret information redacted.

I do note that a trade secret request for the information was filed as a precautionary measure by the Applicants. No trade secret request accompanied the filing by the Intervenor.
