Iiona A. Jeffcoat-Sacco, Executive Secretary  
North Dakota Public Service Commission  
600 E. Boulevard, Dept.408  
Bismarck, ND 58505-0480

Subject: **Langdon Wind, LLC: ND PSC Case No. PU-07-26**

Dear Secretary Jeffcoat-Sacco:

In accordance with the Commission's Order, Langdon Wind, LLC hereby notifies the Commission it intends to commence construction as early as July 1, 2007.

In accordance with the Commission's Order, a pre-construction conference call was held on Monday, June 25, 2007. The following individuals were in attendance:

- Jerry Lein, ND PSC, Staff Analyst
- Dick Rausch, FPL Energy, Construction Manager
- Scott Scovill, FPL Energy, Project Director
- Kenneth Stein, FPL Energy, Environmental Manager
- Tracey Martorano, P.E., Tetra Tech EC, Senior Project Manager
- Thomas Blattner, D. H. Blattner & Sons, Inc., Construction Manager

In accordance with the Commission's Order, enclosed are the Langdon Wind engineering design drawings.

In accordance with the Commission's Order, enclosed is a copy of the North Dakota Department of Health, NPDES General Permit for Storm Water Discharges Associated with Construction Activities (NDR10-0000) coverage number NDR10-1892. The original is required to remain on the project site.

Please contact me at (561) 691-7240 or [Scott\\_Scovill@fpl.com](mailto:Scott_Scovill@fpl.com) with any questions or comments.

Sincerely,

A handwritten signature in cursive script that reads "Scott Scovill".

Scott Scovill  
Project Director, FPL Energy

RE: Notice of Coverage under NDR10-0000, Coverage Number: **NDR10-1892**

Dear Mr. Rausch,

We have received your application for coverage under the North Dakota Pollutant Discharge Elimination System (NDPDES) General Permit associated with storm water discharges from construction activity, NDR10-0000. Your application has been assigned coverage number:

Coverage Number  
**NDR10-1892**

Site name  
**Langdon Wind Energy Center**

We have reviewed a copy of the Storm Water Pollution Prevention (SWPP) Plan submitted with the application. The site specific SWPP Plan must be amended whenever it is found to be ineffective in controlling pollutants present in storm water discharges, or whenever there is a change in design, construction, operation, or maintenance, which has a significant effect on the potential for the discharge of pollutants to waters of the state. It is the responsibility of the permittee(s) to amend and implement a site specific SWPP Plan which meets all the requirements of the general permit.

Please remember to inspect, maintain and adjust the best management practices (BMPs) and temporary structures until the site is stabilized following construction activities. Once the site is stabilized as outlined in the general permit, you may file for termination of coverage. The general permit and additional information may be found at the following webpage:

<http://www.health.state.nd.us/wq/Storm/Construction/ConstructionHome.htm>

Cities or counties may impose additional requirements and/or specific BMPs for construction affecting their storm drainage system. Please check with the local officials to be sure all local storm water management considerations are addressed. If you have any questions, please contact me at (701) 328-5242 or at [dgrossma@nd.gov](mailto:dgrossma@nd.gov).

Sincerely,

Dallas J. Grossman
