Logan County Wind Farm  
C/O Jeff Metzger  
2470 Fairview Lane  
Mound MN 55364

Dear Jeff:

Thank you for filing an Application for a Permit to construct the Logan County Wind Farm within Glendale, Bryant and Starkey Townships in Logan County, North Dakota.

At the May 2, 2008 hearing, the Logan County Zoning Commission decided that the Permit for the Logan County Wind Farm may be issued, subject to the reasonable restrictions set forth in Section 6.11 of the Logan County Zoning Regulations.

Thank you, and if I can be of some additional assistance, please don't hesitate to ask.

Sincerely yours,

Blanche Schumacher  
Logan County Auditor  
301 Broadway  
Napoleon ND 58561

LOGAN COUNTY

PERMIT

for Zoning Changes, Conditional Uses and Site Approvals

Permit No. 2008-18

Date: May 2, 2008

This permit is issued to Logan County Wind Farm (LCWF), c/o Jeffrey L. Metzger, 2470 Fairview Lane, Mound, MN 55364

For: Permit to construct wind generation energy conservation system consisting of approximately 150 Mitsubishi MWT 95/2.4 wind turbine generations within the Townships of Glendale, Bryant and Starkey in Logan County, North Dakota, along with an associated power collection system, including underground power collection lines, some above ground feeder lines, turbine access roads, underground telemeter communication lines, underground ancillary power lines, new project substation, and new service and maintenance facility.

The applicant has met all requirements of the Logan County Zoning Regulations:

XXX  
Yes

\_\_\_\_\_  
No

Applicant is required to meet the conditions described below:

The Application and appropriate fee have been filed; maps of the proposed sites were provided; a public hearing was held on the 2<sup>nd</sup> day of May, 2008 in the Courtroom of the Logan County Courthouse at Napoleon, North Dakota, with several persons in attendance. At that hearing, Jeff Metzger explained the proposed project, the anticipated commencement and completion dates, along with explaining the setback requirements. There were few comments received from those in attendance. County Auditor mentioned that a property owner was concerned that the initial map indicated a tower would be placed on his land in the NE¼ of Section 33-135-72, however, Mr Metzger explained that this was an error and the new map indicates that the tower will not be placed at that site. The Permit was thereafter granted by the Logan County Zoning Commission, subject to those reasonable restrictions set forth in Logan County Zoning Ordinance 6.11.
