PUBLIC SERVICE COMMISSION

RE: Case PU-07-54
Just Wind, LLC / Logan County Project / Withdrawal of Request to Amend Certificate
and Order re: Six Turbine Locations

Dear Mr. Lein:

Our client Just Wind, LLC hereby withdraws its November 5, 2009 request for reconsideration of the Public Service Commission's decision not to approve six turbine sites in connection with the Logan County project.

Thank you for the PSC's kind consideration of the request for reconsideration, but at this time, Just Wind, LLC does not desire to pursue the amendment to the Certificate and Order. Just Wind, LLC may revisit the issue of these locations in the future or in connection with future phases.

Our assumption is that there will be no need for the public hearing scheduled for January 26, 2010. Please let us know if you will require any further information.

Very truly yours,

WINTHROP & WEINSTINE, P.A.
