NOTICE OF FILING AND NOTICE OF HEARING

August 22, 2007

On April 16, 2007 Enbridge Pipelines (Southern Lights) L.L.C. (Enbridge SL) filed an application for waiver of procedures and time schedules, and consolidated applications for a certificate of corridor compatibility and a route permit authorizing construction of approximately 28 miles of 20-inch liquid petroleum pipeline and associated facilities in Pembina County of North Dakota (LSr Project).

On July 16, 2007 Enbridge Energy, Limited Partnership (Enbridge LP) filed an application for waiver of procedures and time schedules, and consolidated applications for a certificate of corridor compatibility and a route permit authorizing construction of approximately 28 miles of 36-inch liquid petroleum pipeline and associated facilities in Pembina County of North Dakota (Alberta Clipper Project).

The proposed route for the pipelines is shown on the attached map.

Enbridge SL and Enbridge LP request the Commission waive the procedures set forth in North Dakota Century Code Sections 49-22-08 and 49-22-08.1 to allow for single consolidated applications for Corridor Certificate and Route Permit for their projects. Enbridge SL and Enbridge LP further request that the Commission reduce the minimum width of the corridor for their projects, from 2.8 miles, required under North Dakota Administrative Code Section 69-06-04-02, to 1 mile.

The Commission finds the application of Enbridge SL is complete. The Commission finds the application of Enbridge LP is complete.

A public hearing on these applications is scheduled to begin **Tuesday, October 2, 2007 at 1:30 p.m. at the Cavalier Law Enforcement Center, Lower Level Meeting Room, Courthouse Drive, Cavalier, North Dakota.**

The issues to be considered in each proceeding are:

1. Will the location, construction, and operation of the proposed pipeline produce minimal adverse effects on the environment, natural resources, and upon the welfare of the citizens of North Dakota?
2. Is the proposed pipeline compatible with the environmental preservation and the efficient use of resources?
3. Will the proposed pipeline corridor and route minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?
4. Is it appropriate for the Commission to waive the procedures as requested in the application including the request for a single consolidated application for Corridor Certificate and Route Permit?

Subject: Notice of Filing and Notice of Hearing and accompanying map for Case No. PU-07-75 and Case No. PU-07-108

Please have the attached Notice of Filing and Notice of Hearing and accompanying map published twice as a legal publication in the following newspapers: **Grand Forks Herald and The Cavalier Chronicle**. Please publish the map in the size of three columns wide.

The first publication needs to be in the next issue of the Grand Forks Herald and The Cavalier Chronicle.

The second publication needs to be September 12. If The Cavalier Chronicle is a weekly paper, please publish it in the issue immediately before September 12.

Do not publish in the classifieds and run it as a "News Item Only" article.

Send the bill to the Public Service Commission along with a tear sheet for billing purposes.

If you have any questions, please call me at 328-4076 or e-mail me.
