RE: Case No. PU-07-75; Post-Construction Inspection Follow-UP

Dear Mr. Bjella:

Thank you for your February 22, 2016 response concerning compliance actions by Enbridge Pipelines (Southern Lights) L.L.C. in North Dakota for Case No. PU-07-75. The Commission's February 2, 2016 letter highlighted necessary follow-up action reported by the Commission's 3rd party inspectors, specifically, open cut roads that had settled and formed slight depressions.

Enbridge requests additional time to provide a report to the Commission so that the roads can be inspected following snow melt and ground thaw. Therefore, by June 30, 2016, provide a written report to the Commission concerning reclamation activities.

If you have any questions regarding this letter, please contact me at 701-328-4077.

Best regards,
