Subject: Enbridge Case Nos. PU-07-108 & PU-07-75

Pat-
Enbridge has located an archeological site next to the Red River. Attached for filing in the above cases is a map of the site and a narrative discussing it. As you will see from the narrative, Enbridge proposes to avoid impacting the site by boring under it. The North Dakota SHPO concurred with this recommendation in prior construction, and thus approval is anticipated for these pipelines as well. A report will be filed with the SHPO next week. The pipeline routes as requested at the hearing will not be affected.
Brian
