Re: TransCanada Keystone Pipeline  
Application for Certificate of Public  
Convenience and Necessity  
PSC Case No. PU-07-152  
OAH File No. 20070258

Dear Counsel:

Enclosed is the exhibit list for the captioned hearing which I have filed today with the Commission. The court reporter has the exhibits for the preparation of the transcript of the hearing and will file those with the transcript.

I understand that TransCanada will file and serve late-filed exhibits not later than August 2, 2007.

Further to our discussion and my decision for the filing of briefs and proposed findings of fact, conclusions of law, and an order upon the application of the certificate of public convenience and necessity, I am confirming my decision and advice that TransCanada and the Interveners shall file simultaneous briefs, together with proposed findings of fact, conclusions of law, and an order, not later than the Monday following two weeks following the filing of the transcript of the hearing (including the transcript of the continued hearing completed July 24, 2007). I think it unnecessary to issue an order for this matter.

If counsel is unable to complete his brief, *etc.* as scheduled, he shall attempt to stipulate with opposing counsel and counsel for the Commission for an extension of time as necessary, and advise me of the stipulation by letter. If counsel is unable to obtain a stipulation for an extension of time he shall file and serve a motion for an extension of time.

Sincerely,

Al Wahl  
Administrative Law Judge

AW/eap
