Wilkin County is an Equal Opportunity Employer.

STATE OF NORTH DAKOTA PUBLIC SERVICE COMMISSION FirstLink 211 Designation Application Case No. PU-09-713
NOTICE OF OPPORTUNITY FOR HEARING
November 25, 2009
The Federal Communications Commission (FCC) has designated the 211 dialing code to provide direct access to organizations providing community information and referral services that are currently not available through the 911 emergency code or the 311 police non-emergency code. On September 24, 2003, the Commission designated the Mental Health Association in North Dakota (MHAND), as the user of the 211 dialing code in North Dakota. On March 7, 2007, the Commission authorized MHAND to subcontract 211 operations within North Dakota. MHAND has been subcontracting with FirstLink for the provision of 211 operations in Cass County. In its October 30, 2009 letter, MHAND notified the Commission that, due to lack of economic support, it must relinquish its designation as the 211 dialing code user. On November 2, 2009, the Commission received a letter stating that effective October 30, 2009, FirstLink will temporarily provide 211 operations

for North Dakota until a decision is made about 211's future. On November 23, 2009, FirstLink filed a letter requesting designation as the 211 dialing code user for North Dakota. The issues to be considered are:
1. Is any other entity interested in designation as the user of the 211 dial code in North Dakota?
2. Is the FirstLink's intended use of the 211 dial code in North Dakota consistent with the FCC intended use of that code?
Those interested are invited to comment in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Comments and requests for hearing must be received by January 8, 2010. If deemed appropriate, the Commission can determine the matter without a hearing. For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify the Commission. PUBLIC SERVICE COMMISSION

was last updated on May 30, 2002 and, due to changes in applicable law since then, the SGAT is outdated. Qwest states that it will continue to make its Performance Indicator Definitions and its Performance Assurance Plan available to competitive local exchange companies. On July 25, 2007, the Commission issued a Notice of Opportunity for Hearing. On August 29, 2007, Level 3 Communications, LLC filed comments requesting that the Commission require Qwest to file an updated SGAT for approval, that all carriers have the opportunity to participate in the approval process regarding the SGAT, and that the Commission order Qwest to allow Level 3 to continue to operate under its current inter-

STATE OF NORTH DAKOTA PUBLIC SERVICE COMMISSION Public Service Commission Qwest Performance Assurance Plan Investigation Case No. PU-08-58
Public Service Commission Qwest Performance Assurance Plan Investigation Case No. PU-07-256 Public Service Commission Qwest Performance Assurance Plan Investigation Case No. PU-08-920
NOTICE OF OPPORTUNITY FOR COMMENT AND NOTICE OF OPPORTUNITY FOR HEARING
November 25, 2009 Preliminary Statement
For telecommunications companies that have, or intend to have, an agreement with Qwest Corporation (Qwest) for interconnection services, Qwest offers a Performance Assurance Plan (PAP) option. A PAP provides for self-executing payments to the competitive local exchange carrier (CLEC) if Qwest does not provide interconnection services to the CLEC at parity to the service it provides to its own retail customers, or if Qwest fails to meet certain service benchmarks. The PAP provides for periodic reviews to determine whether performance measures should be added to, deleted from, or modified; whether benchmark standards should be modified or replaced by parity standards; and whether to move a classification of a performance measure to High, Medium, or Low or Tier 1 to Tier 2. Participants of the review may include Qwest, CLECs, and the Commission. PAP revisions approved by the Commission as a result of such reviews apply to existing and future interconnection agreements that incorporate the PAP. The most recent PAP revision was effective beginning January 1, 2008, as approved in Case No. PU-06-58. That proceeding was continued in the event an ongoing multistate Regional Oversight Committee review might result in further PAP or performance measurement changes.

Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Requests for hearing must be received by January 15, 2010. If deemed appropriate, the Commission can determine the matter without a hearing. For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify the Commission. PUBLIC SERVICE COMMISSION

On June 13, 2007, the Commission joined in a multistate collaborative audit of Qwest's PAP performance reporting and payment process for calendar year 2005, Case No. PU-07-256. The Final Report for the Audit of 2005 Qwest's Performance Assurance Plans by Liberty Consulting Group was issued November 30, 2007. The report is available for viewing and downloading from the Commission's internet site at <http://www.psc.state.nd.us/databases/documents/08-0920/018-020.pdf> with appendices at <http://www.psc.state.nd.us/databases/documents/08-0920/018-010.pdf>. On December 17, 2008, the Commission joined in a multistate review of the effectiveness of the PAP and whether its continuation is necessary, Case No. PU-08-920. The review was a multistate effort organized by the Regional Oversight Committee. On February 11, 2009, the Commission issued a Notice of Qwest Performance Assurance Plan Review and Notice of Opportunity for Comment in Case No. PU-08-920, for comments from interested persons on trends in Qwest performance in providing interconnection, comments on the structural components of the PAP and performance measures, stakeholder recommendations and experiences with the PAP and performance measures, and comments on the competitive environment. The Notice stated that the Commission would receive written comments until March 27, 2009. On March 27, 2009, Integra Telecom of North Dakota, Inc. filed comments and petitioned to intervene. The Regional Oversight Committee contracted with Liberty Consulting Group (Liberty) to perform the review. Based on comments received from Integra Telecom of North Dakota, Inc. and other competitive local exchange carriers and data provided by Qwest, Liberty issued its June 30, 2009 Analysis of Qwest's Performance Assurance Plans' Final Report. Liberty concluded that the PAP is still serving a useful purpose. The report also offers several recommendations for changes to the PAP and performance

claims and the decedent's estate are required to present the claims to the personal representative or to the Court within four (4) months after the date of this notice or the claims will be barred. BY THE COURT

measures, and makes several findings that may have affected Qwest's reported performance results or payments under the PAP. The report is available for viewing and downloading from the Commission's internet site at <http://www.psc.state.nd.us/databases/documents/08-0920/018-020.pdf> with appendices at <http://www.psc.state.nd.us/databases/documents/08-0920/018-010.pdf>. Comments and requests for hearing must be filed by January 15, 2010. Comments should address the following:
1. Whether there exists an omission or failure of existing performance measures to capture intended performance.
2. Where there is duplication of another performance measurement.
3. Whether such omission, failure, or duplication of a performance measure justifies the addition, modification, or removal of a performance measure.
4. Whether any benchmark standards should be modified or replaced by parity standards.
5. Whether the actual volume of data points have been less or greater than anticipated, and, if so, whether there is justification for the reclassification of a performance measurement.
Any disputes regarding adding, deleting, or modifying performance measurements will be resolved by the Commission. A copy of Qwest's performance measures and the PAP may be obtained from the Commission. For more information contact the North Dakota Public Service Commission, State Capitol, Bismarck, North Dakota 58505, (701) 328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials, please notify the Commission at least 24 hours in advance. PUBLIC SERVICE COMMISSION
