Dear Ms. Jeffcoat-Sacco:

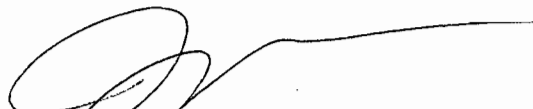

In re: Case No. PU-07-596—Belle Fourche Pipeline Company, 8-Inch Crude Oil Pipeline, McKenzie County, Siting Application

This letter supplements Belle Fourche Pipeline Company's application for a corridor certificate and route permit in the captioned matter.

Although not expressly stated in Article B.2.i of the Route Application, included in the consolidated application as Tab 3, there are no other "existing scenic areas, historic sites and structures, and paleontological or archaeological sites" within the Area of Potential Effect that have not been surveyed, listed or otherwise identified in the application. Additionally, except as provided at Article B.4.a.(2) of the Route Application, there are no "historical resources which are not specifically designated as exclusion or avoidance areas" within the Area of Potential Effect.

If you have any questions, please advise.

Very truly yours,

JOHN W. MORRISON
