RE: Alex 8" Loop, PU-07-596, Tree/Shrub Mitigation

Dear Mr. Fahn:

As required by condition 9 of the PSC Tree and Shrub Mitigation Specifications Policy, Belle Fourche Pipeline Co. is providing documentation (see attachment) of the following in conjunction with the Alex Loop, PU-07-596 project:

1. Proposed number of trees/shrubs to be planted
2. Variety/Species of trees/shrubs to be planted
3. Location of Plantings
4. Proposed Schedule of Planting.

As BFPL is anxious to commence planting as weather allows, any efforts to expedite review and approval of this information will be greatly appreciated. Please feel free to contact me in our Casper Office at (307) 266-0411 should you wish to discuss this matter in greater detail.

Sincerely,

Bob Dundas, P.G.
Environmental Coordinator
